

Department of Chemistry and Biochemistry

February 9, 2010

Hello,

On behalf of the South Jersey Section of the American Chemical Society, I would like to invite you to our first annual Undergraduate Research Symposium. This event will showcase ongoing research projects conducted by undergraduate students at colleges and universities around southern New Jersey through poster presentations. This event will be held at St. Joe's High School (328 Vine St.) in Hammonton NJ on Tuesday April 20, 2010 from 6-9pm. The event is sponsored by the South Jersey section and a grant from the National American Chemical Society. Pre-registration is required to ensure sufficient space and refreshments. If you would like to submit an abstract for presentation or would like to attend, please visit our website for submission and registration details.

Sincerely,

Gregory A. Caputo

Secretary
South Jersey Local Section
American Chemical Society
