*** must be courses selected from the Approved General Education List**

NOTES: Psychology majors may only transfer a total of 66 s.h. from other institutions. Of these 66 s.h., 12 s.h. may be in the Psychology Major (Foundation Courses, Basic Core Areas, and Psychology Major Electives). Students wishing to take additional credits of Independent Study or Field Experience (beyond 3 s.h.) can count these towards Free Electives toward the B.A. in Psychology. Child Development and Adolescent Development cannot be applied to the Psychology major. If taken, they would count as Free Electives toward the B.A. in Psychology. **Continued on other side >**

Psychology Major Conceptual Framework (courses in **bold**)

Introduction to Psychology and Science

- **Essentials of Psychology**
- **Psychology of Scientific Thinking**
- **Research Methods in Psychology**
 - **Statistics I (STAT 02.260)**
- **Statistics in Psychology**
