CME APPLICATIONS – LIVE ONE-TIME ACTIVITIES

The application for the activity entitled Endocrinology and Diabetes Update for the Primary Care Provider – Spring 2013 was submitted for credit designation by Marc J. Laufgraben, MD, MBA. This conference is scheduled for April 9, 2013 at The Mansion on Main Street in Voorhees, NJ and is designed for primary care physicians and endocrinologists. The faculty will present clinicians with current and emerging strategies in the diagnosis and management of patients with endocrine disease, including: initial evaluation, risk stratification and follow up of thyroid nodules, the actions of vitamin D, reasons to measure and goals of treatment, and patient-centered glycemic treatment. Needs assessment sources consisted of self-assessment tests, faculty perception, and peer reviewed clinical guidelines. The Committee APPROVED this activity for a maximum of 2.0 AMA PRA Category 1 Credits™.
The application for the activity entitled **New Concepts in Gynecology - 2013** was submitted for credit designation by David P. Warshal, MD. This conference is scheduled for April 25, 2013 at The Mansion on Main Street in Voorhees, NJ and is designed for primary care physicians, obstetricians, and gynecologists. The faculty will update the participants on the essentials in the management of vulvitis/vaginitis and cervical dysplasia. Participants will also gain a greater understanding of the surgical management of ovarian cancer. In addition, an interactive tumor board using an audience response system will involve participants in the management of real world clinical situations related to the evening’s presentations. Needs assessment sources consisted of self-assessment tests, faculty perception, and consensus of experts. The Committee APPROVED this activity for a maximum of 2.5 **AMA PRA Category 1 Credits™**.

With no further business, the meeting was adjourned.
