Title: Prerequisite Change to Advanced Reinforced Concrete for Seniors (~~0908.481~~)

Details

- a. Change requested: Revise the course prerequisite
From: 0908.281 Structural Engineering I
To: 0908.481 Reinforced Concrete Design
- b. Sponsor: Douglas Cleary

Rationale

- a. Need: A previous revision to the Civil and Environmental Engineering Curriculum included the renaming of several structural engineering courses. The previous course prerequisite 0908.281 Structural Engineering I was given a new number and name of 0908.481 Reinforced Concrete Design. Because of the renaming of the course, the original prerequisite no longer exists as named.
- b. Curricular effect: None – this simply corrects an oversight in prerequisite listing when the earlier curriculum revision was made.

Results of Consultations

None required.
