**PROPOSAL**  
**for a**  
**Minor Curriculum Change to an Existing (Non-General Education) Course**

**Details**

*Course title:* Financial Accounting for School Systems (0827.537) <sup>536</sup>

*Sponsor:* Thomas C. Monahan (for the Faculty of the Educational Leadership Department)

*Prerequisites:* Educational Organizations and Leadership (0828.546) and School Finance and Records (0827.535)

**Rationale for the Minor Curriculum Change**

**Need:** This minor curriculum revision seeks to add a field-based experience component to this existing course. The faculty of the Educational Leadership Department acknowledges that the current scholarly literature firmly embraces practical application of the knowledge, skills, and dispositions that are included in course work. Accordingly, in this course, instructors will work with students, as well as field mentors, to assist them to develop and to empirically demonstrate that they are able to apply what they learn in professional practice. Such a change will also help the Department effectively respond to standards and requirements promulgated by accrediting bodies.

**Curricular Effect:** The major curricular effect of this proposed change is to provide more opportunities to translate theory to practice. This will be accomplished by new course requirements for field application of knowledge, skill and classroom course work.

**Changes:** We propose only one change, as follows:

FROM: In the existing course, there is no field experience component.

TO: In the revised course, there will be a field experience component.

The prerequisites of 0828.546 and 0827.535 remain in effect, and we seek to retain the existing HEGIS number – 0827.537 – for this revised course.

A new catalog description will reflect these changes.

**Results of Consultations**

Insofar as the approval of this proposed course does not duplicate any existing course within the College of Education, is not inter-disciplinary, and will not have any detrimental effect on any other department, program, or student, no consultations outside the department have been solicited.

536 ) not 537?

*Catalogue Description:*

**0827.537 Financial Accounting for School Systems**

**3 s.h.**

*(Prerequisites: 0828.546 and 0827.535)*

This course will provide students with the knowledge and skills required to initiate and maintain a school district accounting program. The course will emphasize- but not be restricted to - the laws and procedures relative to New Jersey school accounting. This course includes a field experience component.
