DEPARTMENT OF HEALTH AND PHYSICAL EDUCATION

GLASSBORO STATE COLLEGE

Minor Curricular Change - Master of Arts

1. Details

- a. Proposed change from present program (see attached) is in III only (Specialization Area - Health and Physical Education) The proposed change is to move Curriculum Construction from a required course to a restricted elective choice.

<u>Project</u>	<u>Thesis</u>
<u>Track</u>	<u>Track</u>

III. Specialization Area - HPE

A. Required HPE	12 SH	12 SH
-----------------	-------	-------

1. Both of the following:

- 0835.590 Critical Readings, Issues and Trends in HPE
- 0835.591 Foundations and Interpretations of HPE

2. Select two (2) of the following:

- 0835.592 Curriculum Construction in HPE
- 0835.521 Physiology of Exercise
- 0835.540 Current Advances in Health Science
- 0835.560 Administration of School Athletics

B. Electives in HPE	12 SH	6 SH
	(4 Courses)	(2 Courses)

Courses not selected in A-2 above may be used in the elective bank. All elective courses in the present program (see attached) remain unchanged.

- b. Sponsors: Graduate Committee, Department of Health and Physical Education.

2. Rationale

- a. The proposed change was considered needed by the Graduate Committee in Health and Physical Education for the following reasons:

- to increase flexibility of course selection by the graduate student
- to increase flexibility of course offerings by the Department of Health and Physical Education
- to increase flexibility of faculty teaching assignments

Course offerings and faculty teaching assignments are of concern to the Department of Health and Physical Education due to a decrease in the faculty eligible to teach graduate courses. This decrease has been brought about by faculty retirements and non-replacement of similar level faculty. In addition, the proposed change will facilitate the

required course bank selection for the student on a graduate assistantship who completes all course work in one year (two semesters and a summer session).

- b. No major curricular effect will occur as a result of this proposed change. The total semester hours will remain the same for the Master's Degree [project track (38) and thesis track (34).] The semester hours in the health and physical education specialization area will also remain the same [project track (24) and thesis track (18)].
