## Minor change

### 1. Details:

Change requested: Change Hegis number in Mathematical Physics from 1902.425 to 1902.3xx.

Sponsors: Eduardo Flores, Jeff Hettinger, Hong Ling, Department of Chemistry and Physics

### 2. Rationale:

Most of the topics covered in Mathematical Physics are the required mathematical tools for Quantum Physics and Electricity and Magnetism. Since both Quantum Physics and Electricity and Magnetism have Hegis number 389 and 310 respectively, then the proposed prerequisite must have a number in the 300's.

This change does not represent a decrease of level for Mathematical Physics but a realistic reevaluation of the level of this course.

### 3. Consultation

Bryant Kelsey, Registrar Office

The faculty of the Department of Chemistry and Physics approved this change.
