MINOR CURRICULUM CHANGE

ORGANIC CHEMISTRY I, 1907-~~300~~

1906.141

1906.106

PREREQUISITE CHANGE: From Chemistry II to Chemistry II or Advanced Chemistry II

The current prerequisite for Organic Chemistry I is Chemistry II. The Department of Chemistry and Physics is instituting a more rigorous course sequence for those students who enter Rowan University with a strong background in Chemistry from High School. The two semester sequence will be entitled Advanced Chemistry I and II. The current sequence of Chemistry I and II will remain for the less prepared student. The proposed curriculum change would add Advanced Chemistry II as an alternative prerequisite for Organic Chemistry I. The new course description would then list as the prerequisite for Organic Chemistry I either Chemistry II or Advanced Chemistry II.

To: **Tinkham@Rowan.Edu**
Subject: **Curriculum from spring semester**
Date sent: **Wed, 21 Jul 1999 13:50:28**

Dr. Tinkham,

I have two proposals from Chemistry/Phy dept.:

1. Organic Chemistry I - 1907.300 - Prerequisite changes from Chem II to Chem II or Advanced Chemistry II. SCC#99-731.

2. Quantitative Analysis - Hegis Number Chg. from 1909.350 to 1909.250, SCC#99-732.

Here is my problem, they were announced at senate on March 2. The College Curriculum chr. has not signed off. I do not know when the open hearing was held. Laretta asked the a reminder for change request be send to the sponsors. However, I do not have a clue as to what the request was. All I have are the two proposals and a notation in my spreadsheet that chgs are requested by the college level comm.

Can you help? It is a pity to have these proposals still being held up! Thanks, Roe
