

Turn a page, change a life

The reading program at the Rowan University at Camden Preschool, September 2007 to May 2008

The Women's Professional Network of Rowan University and the Office for Service Learning and Volunteerism seek faculty, staff and student volunteers to participate in the reading program at the Rowan University at Camden Preschool during the 2007-08 academic year.

In the spring, the Rowan community and friends of the University donated close to 1,700 books to the program, enabling us to provide each child in the preschool with a book of his or her own each month for more than a year.

During the summer, volunteers visited the preschool once a week to read to the children, further opening their eyes to the many worlds that books offer. We're extending that program through the academic year and need your help to keep it alive.

If you can volunteer one hour — a week, a month, a semester or a year — please sign up to read. You'll make a difference in the lives of young children — and maybe your own as well.
