

# Can't Make Your Appointment? Cancel Your Appointment Online.

To cancel an appointment online you will need to log into the Online Student Health Portal also known as OSH.

The web address for OSH is <http://osh.rowan.edu/osh/index.aspx>

The first time you visit OSH select the Register option. You will be prompted to choose a username and enter your Student ID#. You will then receive a message that you have successfully registered with OSH and informed of the email address your password has been sent to. At this time you will need to retrieve your temporary password and use it to log-in. After logging into OSH you will immediately be asked to create a permanent password. Your permanent password will need to be alphanumeric.

After logging into OSH scroll down on the home page. You should see your appointment listed. Click on the "X" under the cancel column. You will need to select a reason for the cancellation and select submit.
