DEPARTMENT OF HEALTH AND PHYSICAL EDUCATION

TO: Dr. Brenda Bolay, Faculty Senate Curriculum Committee
FROM: Mary L. Putman, Department of Health and Physical Education
DATE: November 26, 1984
RE: Changes in Health and Physical Education approved programs to comply with new interpretations of state regulations

The Bachelors of Science Degree in Health and Physical Education has undergone revisions since being approved by the faculty senate committee. The changes reflect the reinterpretation of state regulations for teacher certification.

The summary of these changes are as follows:

1. General Education

- a. The course selection in the area of math and science has changed from one course from both life and physical science to two required courses in life science (Biology I and Human Biology) as suggested by the state.
- b. The technology requirement will be Introduction to Computer Science.
- c. The social and behavioral science requirement of Child Development is changed to General Psychology
- d. The students must now complete six rather than three semester hours in fine arts.

2. Academic Sequence - Health and Physical Education

- a. A reclarification at the state level allowed selected courses to be listed within the category of academic sequence.
- b. All classes on the original proposal marked (S) are now a part of this section. The title changes and hegis numbers as they appear on the proposed degree model reflect the curricular changes made since the original proposal was submitted.

3. Social and Behavioral Foundations Sequence

- a. The course requirements in the block will be Educational Psychology and Intercultural Study in Foundations of Education.
- b. The course Issues in Foundations of Education has been deleted.

4. Professional Sequence

- a. The sequence is similar to the original proposal. The courses marked (P) have been moved to this section.
- b. The department is in the process of title changes, course restructuring and/or credit changes for the courses.

Junior Field Experience (3 S. H.)	Change to: Curriculum and Instruction in Secondary Physical Education (3 S. H.)
--------------------------------------	---

Elementary Curriculum and Methods (1 S. H.)	Change to: Elementary School Physical Education Curriculum and Instruction (2 S. H.)
--	--

Methods and Materials in Health (3 S. H.)	Title Change to: Health Program Planning (3 S. H.)
--	--

- c. The reading requirement is reduced from six to three semester hours as deemed appropriate by the state.
