**Change of Designation:**  
**"Civil Engineering Program" to "Civil & Environmental Engineering Program"**

**1. Details**

- a. Change Requested: Change of Designation from "Civil Engineering Program" to "Civil & Environmental Engineering Program"
- b. Sponsor: R. Dusseau

**2. Rationale:**

- a. Statement of need: As the civil engineering program grows, it will establish its own identity while fulfilling the mission of the College and conforming to the Rowan Plan. Departmental designation will formalize this recognition, while enhancing the opportunities to academically collaborate with comparable units at other institutions. The addition of "Environmental" within the title is in recognition of the prominent role of environmental engineering in the field of civil engineering.
- b. Statement of Curricular effect: There is no change in the curriculum. The two existing areas of emphasis, Infrastructure and Environmental, fulfill the program needs. There is no effect on the resources needed.

**3. Results of Consultation:**

- a. List of parties consulted: Dean: J. Tracey  
Associate Dean: S. Chin  
Dept. Chairs: T.R. Chandrupatla, J. Schmalzel,  
C. S. Slater
- b. Evidence of Consultation Results: The listed parties (except Dean Tracey, who was on travel but previously voiced approval) were all in favor, as per the Chairs' Meeting on October 2, 1997. The minutes are available upon request in the Engineering Dean's Office.

TO: Ralph A. Dusseau, Chair, Civil Engineering  
FROM: E. J. Moore, Chairperson, Biological Sciences *egm*  
RE: Proposed Name Change  
DATE: January 30, 1998

The Biological Sciences Department unanimously endorsed the name change of the Civil Engineering Program to the "Department of Civil and Environmental Engineering."

Our department looks forward to collaborating with your department in the future.
