Sponsor: Seth Bergmann
Computer Science Department

Rationale:

These courses have not been offered since 1988, and Computer Science Department does not expect to offer them in the future. A few of them, such as 0701130 Calculus T&A are incorrectly numbered, and should never have been added to the database in the first place. The Associate Provost has asked that we submit a curriculum proposal to delete these courses from the University's offerings.
