2. Rationale:

a. Statement of "Need" for Such a Change:

The requisite background knowledge for this course has been established as that material covered in Principles of Accounting II. Since most students complete Principles of Accounting II during their Sophomore (second) year, there is no reason for them to have to wait until their Senior year to take Cost Accounting.

b. Statement of Curricular Effect:

There is no curricular effect.

¹ Senior Standing as a Business or Accounting Major is defined in the 2000-2002 Undergraduate Catalog as completion of at least 90 credit hours and the following courses: Business Perspectives, Principles of Finance, Principles of Marketing and Organizational Behavior.
