CURRICULUM PROPOSAL
LIBRARY RESOURCE FORM

The purpose of this form is to provide a channel of communication between the library and faculty changing and designing new courses/programs. The information will be used to assess the resources available in the library, and to identify resources the library should acquire to support the course/program. The information will also provide rationale for institutional support for library acquisitions

This form should be completed in a coordinated effort between the course sponsor(s) and the academic department liaison librarian. THIS FORM MUST BE COMPLETED FOR ALL CURRICULUM PROPOSALS.

- The sponsor(s) complete parts A & B
If assistance is required to complete parts A & B, please notify the liaison librarian.
- Forward this form to the librarian who will complete parts C, D & E

This form must be completed and attached to the original curriculum proposal before being approved by the Senate Curriculum Committee

A. College Business Department Management & MIS
 Proposed by Daniel McFarland Date 11/30/04
 Course Title (change in prereqs for) Design of Database Systems
 Anticipated Date for Course/Program Offering: _____

B. List specific resources that should be acquired to support this course

C. Describe the resources available in the library to support this course/program including reference, monographic, electronic databases, audio-visual materials, etc. A summary statement is sufficient.

D. List key periodicals available in the library to support this course/program.

E. Librarian comments and recommendations This proposed change in prerequisites requires no review of library resources.

Name LIBRARIAN LIAISON Connie Rosenberger Librarian Signature Connie Rosenberger

**MINOR CURRICULAR CHANGE
CHANGE IN PREREQUISITES
0702.338 Design of Database Systems**

DETAILS

A. Change Requested:

1. *Change prerequisites for 0702.338 Design of Database Systems -Fall semester only*

✓ from:

0702.300 Integrated Business Software Tools AND

Completion of 57 s.h. as a Business Administration (0501) or Accounting Major (0503)

✓ to:

Completion of 57 s.h. as a Business Administration (0501) or Accounting Major (0503)

✓ DB
4/14/05

B. Sponsor: Dan McFarland, Department of Management & MIS

RATIONALE

A. To increase student scheduling flexibility and to allow students to graduate within a timely manner, the Design of Database Systems course will have less prerequisite requirements. This change will not impact the quality or rigor of the course.

B. There is no programmatic change associated with this proposal.

C. Results of Consultation:

From: Jennifer Kay <kay@elvis.rowan.edu>

Subject: Consultation for MIS program

To: Bob Fleming, Chair, Management/MIS Department
From: Computer Science Curriculum Committee
Re: MIS major curriculum proposal

Thank you for giving the Computer Science Department the opportunity to review and comment on the following proposals:

- New Course: Business Systems
- New Course: Business Web Applications
- New Course: Project Management
- New Course: MIS Capstone Experience
- Change in Math/Science Gen Ed Requirements for Business Administration Major
- Change in Prereqs, Name, Hegis, and Description for Information Systems Planning and Network Management
- Change in Prereqs for Management Information Systems
- Change in Prereqs for Design of Database Systems
- Change in Prerequisites and Hegis Number for Advanced Database Management
- Change in Prerequisites for Seminar in MIS
- Change in Prerequisites for E-Business: IS Perspective
- Major Curricular Change, Change in Required Courses and Restricted Electives for MIS Specialization.

We support these proposals.

We understand that there is no accreditation in MIS available, and therefore you have decided to apply for accreditation in Information Systems which falls under the "Computing" area of the Accreditation Board for Engineering and Technology. It is our belief that you should further increase the number of Computer Science courses in the MIS specialization beyond simply Business Programming 1 and 2 in order to support your accreditation, but we recognize that you prefer not to do so at this time.

While we support your application for accreditation, we would NOT be supportive of a change in the name of your department or degree to Information Systems. We believe that a degree in Information Systems should be a joint program of both Computer Science and Management / MIS.

Subject: Re: Consultation request: MIS Curriculum Changes

Dan

The Marketing Department supports your course proposals. The hegis number for Principles of Marketing is 200 level, as pointed out by Manny.
