Re: Course Title Change

The department respectfully requests that the following course title be changed:

Educational Administration for Career Education

to

Administration and Supervision of Career Education

This change is requested so that it may be used for supervisor certification in addition to the principal certification, as requested by the New Jersey State Department of Education, Bureau of Teacher Education and Academic Credentials.

It has been taught as an administration and supervision course even though the title connotes only administration, thus making it unusable in a supervisor certificate program.

The Educational Administration Department concurs as does Mr. George Lulos, Coordinator of Career Education for Glassboro State College.
