1. Change Requested: Delete Cost Accounting I (0502.312) as a prerequisite for Industrial Management I (0506.305). Correct the catalog entry 1703.302 for one of the other prerequisites to read 1703.202.
2. Rationale: Experience in teaching Industrial Management I has shown that Cost Accounting I is not essential as had initially been believed. The Mathematics prerequisite is meant to be Mathematics for Management which was changed to a 200 level course last year; the correct number is 1703.202.
3. Impact: None

ADMINISTRATIVE STUDIES
DEPARTMENT
(609) 445-6025

TO: Dr. John Galla, Chairperson, Psychology
FROM: Dr. Robert D. Lynch, ^{RL}Chairperson, Administrative Studies
SUBJECT: Administrative Studies Curriculum Changes

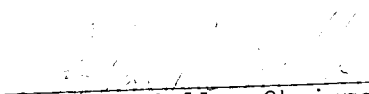

Administrative Studies has made some minor revisions in their specialization tracks. One of these revisions currently being revised by the Curriculum Committee is the removal of the course, Industrial Psychology, from the list of courses recommended for The Industrial Management specialization. The reason for this change is two-fold:

1. Administrative Studies now has additional appropriate courses available to students taking this specialization.
2. Administrative Studies has increased the number of credits required under the General Education requirements. This will provide our students with more opportunity to take related courses such as Industrial Psychology.

The Curriculum Committee has requested that you be advised of this change and that you confirm to us that you have been notified. Please sign below and return one copy to me.

Thank you.

I have received notification of the change as described above.

Dr. John Galla, Chairperson
