Minor Curricular Change: Course deletion.

I. A. Change Requested: Deletion of 1509.307, Influence of Scientific Thought on the Development of Man.

B. Sponsors:

Howard R. Cell, Chair, Department of Philosophy/Religion  
Department of Philosophy/Religion.

II. Rationale:

A. Statement of need for change: Though this course has not been listed in the undergraduate catalog since the early 1970's, it continues to appear in course schedule print-outs (but never with any students enrolled). The deletion of this course will enable us to offer a new, more appropriately titled and focused course in the philosophy of science.

B. Curricular effect: None.

III. Results of Consultation:

The members of the Philosophy/Religion Department have considered the proposal to delete our course, Influence of Scientific Thought on the Development of Man, and herewith indicate our unanimous endorsement of this change.
