MINOR CURRICULUM CHANGE

1. Details:

a. Change in definition of **Junior Standing as a Business Major**

b. Sponsor:

Dr. Jooh Lee, Chair, Management/MIS

Dr. Berhe Habte-Giorgis, Chair, Marketing

Carol Welsh, Chair, Accounting/Finance

2. Rationale:

a. As a result of the College of Business Faculty Meeting on February 4, 2000, the College of Business is proposing a change in the definition of **Junior Standing as a Business Major**.

As a result of the recommendations of Consultant Dean William Word, a new course **Business Perspectives** (see separate proposal, a copy of which is attached) replaces Principles of Management.

Computer Literacy is no longer an approved General Education Computer Science option under the current guide. Computing Environments is the required course for College of Business majors.

Department of Mathematics has changed prerequisite for Calculus:

Techniques and Applications to having completed an equivalent of College Algebra.

In addition, in accordance with the Standards for Accreditation of Business Administration programs of AACSB - The International Association for Management Education, the General Education component of undergraduate curriculum for the degree programs in Business Administration and

Accounting must comprise at least 50% of the student's four-year program, and students pursuing undergraduate degree programs offered by the other Colleges of Rowan University are not permitted to take more than 25% of their baccalaureate program in course content or credit hours in subjects commonly available in a school of business.

In compliance with those accreditation standards, no student will be permitted to enroll in upper division courses (level 300 and higher) offered by the College of Business unless he/she: (1) has been admitted to the College of Business as a Business Administration (501) or Accounting (503) major, (2) is pursuing the Minor in Business, (3) is taking an upper division course as a recommended elective as part of a major program offered by the other Colleges of Rowan University, or (4) is taking an upper division course as a nonmatriculating student for transfer to another academic institution. In situations (2) and (3), students will not be permitted to more than 25% of their baccalaureate program in course content or credit hours in subjects commonly available in a school of business.

b. Curricular effect:

There will be no impact on faculty. No additional resources of any kind will be required to implement these changes. However, the course prerequisite checking system will need to be updated to reflect this change.

c. Current definition:
