MINOR CURRICULAR CHANGE
MANAGEMENT INFORMATION SYSTEMS
0702.334

1. Details:

- a. Change Requested
Prerequisite changed
from: "senior standing", i.e. completion of 90 semester hours
to: "junior standing", i.e. completion of 60 semester hours
PLUS completion of Computer Literacy (0701.100) or equivalent
- b. Sponsors
diane hamilton and Bob Fleming

2. Rationale:

- a. Statement of "need" for such a change
Students currently take all the functional business courses in their junior year except Management Information Systems. Having this course moved earlier in the program will make students more computer proficient, something which should prove quite helpful in other business courses. Also, the change would be helpful to students who are specializing in MIS. This would allow them to take the basic survey course prior to the other courses in their specialization. Finally, this change will provide junior year MIS exposure to students who are unsure of what they would like to specialize in, thus allowing them to elect MIS as their specialization at a time when they would not be too far along in their program.
- b. Statement of curricular effect.
There will be no effect on the curriculum other than students will be eligible to take this course earlier in their program of study.

3. Results of Consultation:

- a. Parties consulted
All School of Business chairpersons were consulted regarding this change.
- b. Consultation results
No written comments were received from anyone advised of the change.
