PROGRAM REVISION PROPOSALS:

I. Program Title Changes -

From: Printed Dyed Textile Design

To: Surface Fiber Arts

II. Rationale -

In above recommendation, the proposed change reflects an emphasis on work with fiber as worthy of serious art study, approached with breadth and depth, to an extent unmatched by anything implied by the more limited connotations of the word design. Also, at the present time, the word fiber is being used with increasing frequency in post-secondary programs of study in art because of its broad base of meanings. Apparently, the word textile does not imply as wide a range of meanings which may explain why it is gradually becoming an archaic (though not yet extinct) term in the field.
