2. RATIONALE

a. Statement of "need":

This course was, at one time, offered through the Accounting/Finance Department. At another time the course was offered through the Marketing Department. It is currently taught within the Management Department. Although the content of the course remains the same, the name change would remove any ambiguity regarding the department offering the course. The additional prerequisites are necessary to assure that students coming into the course have a sound foundation in management and financial principles.

b. Statement of curricular effect:

There is no curricular effect due to this change.

3. RESULTS OF CONSULTATION

a. All faculty within the Management Department were consulted regarding this proposal. The proposal was approved at a regular Management Department faculty meeting.
