Dear Lawson:

Your recommendation for a "Studio Specialization in Illustration" in the Department of Art is approved. I do wish to remind you that I am still very concerned about our nomenclature, guidelines and criteria for specializations, concentrations, second degrees and certificates of achievement at both the graduate and undergraduate level. We have had recommendations on these matters before; none have been completely satisfactory.

As quickly as we can, let's pull together all past recommendations, compare with current practice and prepare a single proposal for Faculty Senate consideration dealing with these matters.

Sincerely,

Mark M. Chamberlain
President
