

## Rowan University Summer 2011 Financial Aid Worksheet

Summer financial aid is available to students who have not used their full annual eligibility. In other words, students may receive financial aid for summer attendance if they have remaining (unused) eligibility. **Requests for summer loans will be applied to remaining spring/fall loan eligibility first. Otherwise, a new summer loan will be created if requested amount does not completely fit into remaining spring/fall eligibility. All money will be applied to the Summer bill.** Additionally, there are programs that have virtually no annual limit; such as Parent PLUS loans, Graduate PLUS loans and alternative loans. All students that want to apply for the federal loans (Federal Direct Stafford, Graduate PLUS, and Parent PLUS loans) must do so no later than Thursday, June 23, 2011. The application must be submitted by that date even if you have not registered for your summer classes!

We will process your application based on the number of credits you indicate you plan to take during the summer. Please note that if you end up attending classes for fewer credits than you have indicated your financial aid may need to be adjusted. Also, please note that most financial aid programs require attendance on at least half-time basis. Half-time for undergraduate students is 6 credits while half-time for graduate students is 4.5 credits. However, there are certain loans that do not require half-time enrollment as long as you enroll for at least 1 credit. These include Chase Select Loan; Sallie Mae Smart Option Loan & Signature Loan; Wells Fargo Collegiate Loan, Education Connection Loan, Graduate Loan, and Student Loan for Parents. Please note that this is not an endorsement of the loan programs and you are free to select any lender you want.
