## BACHELOR OF ARTS IN EDUCATION. SPECIALIZATION HEALTH & EXERCISE EDUCATION

### STUDENT RESPONSIBILITIES

(See University Undergraduate Catalog ([www.rowan.edu/catalog](http://www.rowan.edu/catalog)))

**“..It is the responsibility of the student to become knowledgeable of, and to observe, all University policies, regulations and procedures. The University is under no obligation to waive a requirement or grant an exception because a student pleads ignorance of a policy, regulation or requirement or because a student asserts that he/she has not been informed of such policy, regulation or requirement.**

**It is the student’s responsibility to become familiar with, and to remain informed about, all academic, administrative, financial or other policies, regulations or requirements concerning admission, registration, payment of tuition or fees, continued enrollment, grades and satisfactory program progress, graduation requirements or any other matter which affects the student.**

All matriculated students at Rowan University must complete the following All-University requirements: (1) a Writing Intensive (**WI**) course, (2) a Multicultural/Global Studies (**M/G**) course, (3) a 4 SH laboratory science course, (4) a mathematics course, (5) a literature course [these courses may be general education, or education courses], and (6) successful completion of either the approved **Computer Competency Exam** or the 3 SH Computer Literacy course [failing the Exam twice will result in the student having to take Computer Literacy considered a Basic Skills course for Rowan University]. Information on the Computer Competency Exam can be obtained by contacting the Academic Success Center (3<sup>rd</sup> Floor-Savitz Hall). **Please work closely with your advisor to make sure that these requirements are satisfied. Your graduation and/or certification approval may be withheld if these requirements are not met.**

### ADVISEMENT INFORMATION

Because the time period for registration is limited, you are encouraged to make an appointment for advisement in advance of obtaining the schedule of courses’ booklet, available shortly before Early Registration begins.

Be reasonable in your demands on your advisors' time and resources: (1) Make an appointment to see your advisor, do not just “show up” expecting your advisor to be ready and willing to meet with you; (2) see your advisor well ahead of deadlines [If you wait until the last minute you will not get the attention you are seeking.]; and (3) be sure to ask for clarification on any and all issues [It is better to receive correct information than to accept rumors.]
