*Note: Rowan Global does not include those students matriculated in the Graduate School of Biomedical Sciences (RowanGSBS), Rowan’s School of Osteopathic Medicine (RowanSOM) and Cooper Medical School at Rowan University (CMSRU). Students in these schools may follow different policies and should consult their respective Dean’s Offices for details.

Students in programs administered by the Division of Rowan Global Learning and Partnerships are called Rowan Global students; however, those participating in programs with “nontraditional” delivery modes (online, off-site, hybrid or accelerated) are called Rowan Global Extension students.

Rowan Global students and especially Rowan Global Extension students should be aware that they may be required to follow slightly different policies, practices and/or deadlines. (Due to accelerated scheduling, this is especially true with Rowan Global Admissions and registration as well as dropping/adding/withdrawing from classes/programs.)

Throughout this Handbook, look for the following note: “Attention Rowan Global Students” and then follow the instructions listed to determine if the particular policy/practice is different for you as a Rowan Global post-bac, graduate, or Rowan Global Extension student. Should you have any questions about the Division of Global Learning and Partnerships, or the policies and practices that affect you as a Rowan Global student, please consult http://rowanu.com/academic-resources/graduate-policies or contact graduatestudies@rowan.edu

HISTORY OF ROWAN UNIVERSITY

Rowan University has evolved from its humble beginning in 1923 as a normal school, with a mission to train teachers for South Jersey classrooms, to a comprehensive public research university with a strong regional reputation.

In the early 1900s, many New Jersey teachers lacked proper training because of a shortage of schools in the state that provided such an education. To address the problem in South Jersey, the state decided to build a two-year training school for teachers, known then as a normal school.

The town of Glassboro was an early favorite because of its excellent rail system, harmonious blend of industry and agriculture, natural beauty and location in the heart of South Jersey. Several towns in the region competed to be the site of the new normal school because of the economic benefit and prestige such an institution would bring.

In 1917, to sway the decision in their favor, 107 residents of Glassboro raised more than $7,000 to purchase 25 acres, which they offered to the state for free if the borough were selected as the site. The tract of land included the Whitney mansion (now known as Hollybush) and carriage house. Before the purchase, the entire property belonged to the Whitney family, prominent owners of the Whitney Glass Works during the 1800s. This show of support, along with the site's natural beauty, convinced the selection committee that Glassboro was the perfect location.

A Strong Foundation
In September 1923, Glassboro Normal School opened with 236 students arriving by train to convene in the school's first building, now called Bunce Hall. Dr. Jerohn Savitz, the institution's first president, expanded the curriculum as the training of teachers became more sophisticated.

Despite the rigors of the Depression, the program was expanded to four years in 1934, and in 1937 the school changed its name to New Jersey State Teachers College at Glassboro. The college gained a national reputation as a leader in the field of reading education and physical therapy when it opened a clinic for children with reading disabilities in 1935 and added physical therapy for the handicapped in 1944. The college was one of the first in the country to recognize these needs and was in the forefront of the special education movement.

Rowan's second president, Dr. Edgar Bunce, created a junior college program in 1946 to serve World War II veterans taking advantage of the GI Bill.

In the 1950s, Dr. Thomas Robinson, the University's third president, expanded the curriculum, increased enrollment and added several buildings to the campus. In 1958, the school's name was changed to Glassboro State College to better reflect its mission.

A Historic Summit
The University received worldwide attention when it hosted a historic summit conference between President Lyndon Johnson and Soviet Premier Aleksei Kosygin in Hollybush. The University was chosen because of its strategic location midway between Washington, D.C., and the United Nations in New York City, where Kosygin was scheduled to speak. The meetings between the two leaders, held June 23-25, 1967, led to a thaw in the Cold War and eased world tensions.
Rapid Growth to Serve Needs

The University’s fourth president, Dr. Mark Chamberlain, guided the college through its next phase of growth as enrollment doubled and the college became a multi-purpose institution. As new majors and a Business Administration Division were added, four divisions grew into schools and a board of trustees was formed. In 1969, the University opened a campus in Camden to expand its educational services. With a 1978 Division III National Championship in baseball, the first of 11 national championships for the institution, the athletic program established itself as one of the premier athletic programs in the country.

The college’s fifth president, Dr. Herman James, assumed the leadership of the institution in 1984. Under his direction, Rowan expanded by establishing the first doctoral program among the state's public institutions and adding the Colleges of Engineering and Communication. Dr. James also was responsible for the construction of Campbell Library, the Student Recreation Center and Rowan Hall.

A Transformative Gift

In July 1992, industrialist Henry Rowan and his wife, Betty, donated $100 million to the institution, then the largest gift ever given to a public college or university in the history of higher education. Later that year, the school changed its name to Rowan College of New Jersey to recognize its benefactors’ generosity. The Rowans’ only request was that a College of Engineering be created with a curriculum that would address the shortcomings of engineering education at that time.

The college achieved University status in 1997 and changed its name to Rowan University under Dr. James’ leadership. The College of Engineering quickly earned national accolades for its successful new curriculum.

Dr. Donald J. Farish was appointed as the sixth president in July 1998. Under his leadership, the University implemented an aggressive improvement plan that addressed academic and student support initiatives as well as campus construction and renovation projects.

Major construction projects included the University townhouses; Science Hall; Education Hall; and the Samuel H. Jones Innovation Center, the first building of the South Jersey Technology Park at Rowan University.

During his tenure, the University also entered into a public-private partnership that led to the construction of Rowan Boulevard, a $300-million, mixed-use redevelopment project that links the campus with Glassboro’s historic downtown. The corridor is home to more than 1,300 students, a Barnes & Noble collegiate superstore, a Courtyard at Marriott Hotel and numerous retail and dining outlets. Work is underway on market-rate and student housing, medical offices and other facilities.

A Broader Mission

During this period, Rowan founded Cooper Medical School of Rowan University—the first new medical school in New Jersey in more than 35 years and the first-ever M.D.-granting four-year program in South Jersey—in partnership with Cooper University Health Care.

The medical school welcomed its first class in the summer of 2012 into a new, six-story building adjacent to Cooper University Hospital in Camden. Close to 3,000 students applied for 50 spots in the medical school’s charter class.
The Board of Trustees named then-Provost Dr. Ali Houshmand as interim president in July 2011 and then the University’s seventh president in June 2012.

As provost, Dr. Houshmand established the College of Graduate and Continuing Education and started Rowan’s online education program. As president, he dramatically reduced institutional expenses and increased revenue while expanding enrollment and academic programs.

In 2012, several of the colleges were restructured and schools were created—Colleges of Business, Communication & Creative Arts, Education, Engineering, Humanities & Social Sciences, Performing Arts, Science & Mathematics and the School of Biomedical Sciences and Cooper Medical School of Rowan University.

**N.J. Medical & Health Sciences Education Restructuring Act**

On July 1, 2013, Rowan again changed dramatically when the New Jersey Medical and Health Sciences Education Restructuring Act went into effect. The Restructuring Act designated Rowan as the New Jersey’s second comprehensive public research institution, transferred the University of Medicine and Dentistry of New Jersey’s School of Osteopathic Medicine to Rowan and partnered Rowan with Rutgers-Camden to create health sciences programs in the City of Camden.

Rowan became the second institution in the nation to have both a D.O.-granting medical school (RowanSOM) and an M.D.-granting medical school (Cooper Medical School of Rowan University). The transfer of programs also led to the creation of the Graduate School of Biomedical Sciences and gave Rowan its third campus, with Stratford joining Glassboro and Camden, New Jersey, as homes to Rowan programs.

**Recognized Nationally**

Rowan has attracted the attention of national organizations that evaluate colleges and universities. *U.S. News & World Report* ranks Rowan University 19th of Northern Regional Universities and third among the public institutions in the category. The College of Engineering is ranked 34th nationally among institutions where the highest engineering degree offered is a bachelor's or master's, and the Mechanical Engineering program is ranked 10th.

The University has received more than a dozen awards for green initiatives since 2007. Recently, The Princeton Review listed it in its “Guide to 322 Green Colleges.”

**Numerous Opportunities**

Rowan continues to expand its programs and partnerships. Among the most recent—and vital to higher education in New Jersey—was its June 2015 partnership with the former Burlington County College (now Rowan College at Burlington County) to improve access to affordable four-year undergraduate degrees. That move followed one two years earlier with then-Gloucester County College (now Rowan College at Gloucester County) to establish a similar arrangement that enables students to pursue Rowan bachelor’s degrees at the county college or transfer seamlessly to the University after earning an associate’s degree and meeting set standards.

Today, Rowan's approximate 15,000 students can select from 63 bachelor’s, 44 master’s, and four doctoral degree programs in colleges and schools across four campuses.
From the modest normal school begun 90 years ago, Rowan University has become an extraordinary comprehensive institution that has improved the quality of life for the citizens of New Jersey and the surrounding states.

**ALMA MATER**

Words by Ada P. Schaible ’24. Revised ’97

Oh, Rowan, we greet thee. All praise to thy name;
Thy banner unfurl to the breeze.
Thy children salute thee and pledge to thy fame
As soldiers who drink to the lees.
All about thee arise the first temples of God,
Lifting high, leafy arms to the sky
And the flowers that bloom in the green of the sod
Seem to love thee too fondly to die.

856-256-4552
www.rowan.edu/fpa

Throughout the academic year, Rowan University's College of Performing Arts presents a variety of on campus activities and events including concerts, theatrical productions, art exhibits and lectures, dance performances, and other special events. These highlight the talents of students and faculty, as well as the work of guest artists. The University's cultural offerings can make a significant contribution to a student's college experience. We encourage you to make note of the events listed here and take advantage of all that Rowan has to offer.

Annual Rowan Jazz Festival
Sponsored by the Maynard Ferguson Institute of Jazz Studies, this annual event showcases Rowan jazz students and regional middle/senior high school bands. Three days of clinics, workshops, performances and fun bring hundreds of students to the Rowan campus each year. The event culminates with a Friday night jazz concert featuring the Lab Band and a World-of-jazz headliner. Artists such as Maynard Ferguson, Billy Taylor and Branford Marsalis have all been part of the festival finale.
Faculty Spotlight Series
Members of the University's music, theatre and dance faculty and their guests perform for free throughout the year. The Spotlight Series takes place on various Wednesday evenings in Boyd Recital Hall or Pfleeger Concert Hall. Concerts represent genres as varied as opera to jazz improvisation.

Lab Theatre/ Reader's Theatre Productions
Performing throughout the year, the Laboratory Theatre focuses on the students' role in the theatrical process by presenting student-directed and acted productions in the Studio Theatre. Many are experimental in nature or works in progress, while others are student productions of well-known shows. Reader's Theatre offerings are less frequent but highlight new works or provide a different vehicle for presenting work in the stage.

Rowan Opera Company
The Company offers two productions each season in Pfleeger Concert Hall - an evening of operatic excerpts and a classic opera, fully staged and costumed and accompanied by the Rowan Opera Orchestra.

Student Music Ensemble Concerts
Presented from September through May, the Department of Music showcases the talents and hard work of its student performers. Currently, the department includes 16 ensembles.

Student Senior Recitals
Seniors and some juniors in the Music Department routinely present a 30- to 60-minute musical performance reflecting their studio studies.

Theatre and Dance Season
Each year, students and faculty - often joined by guest artists - work together to present four-show main stage season in Tohill Theatre, as well as a Student Dance Concert, a series of Directing Class projects and a festival of One-Acts. Works vary from the classics of Shakespeare to contemporary plays and multidisciplinary productions.

**DR. HARLEY E. FLACK STUDENT MENTORING PROGRAM**

Robinson Hall

www.rowan.edu/studentmentoring
harleyflackmentoring@rowan.edu

The Dr. Harley E. Flack Student Mentoring Program (comprised of three separate components: the male student mentoring program, the Ujima female student mentoring program, and the high school mentoring program) is an academic success and retention program that aims to improve the academic and professional success, retention rates, and graduation rates of active program participants. The program's focus is to enhance students' overall university experience; support students in developing core academic, personal, professional and cultural skills; and foster in students some core civic and leadership proficiencies that will serve them personally and professionally.

Male Student Mentoring:
Established in 1992 under the auspices of the Executive Vice President/Provost, Dr. Harley E. Flack, the male component of the Dr. Harley E. Flack Student Mentoring Program is a student mentoring support initiative whose goal is to enhance young men's overall university experience. Peer mentors known as **Focused Peers** and faculty/staff Professional Mentors work to empower male students with guidance, opportunities for reflection, and leadership possibilities to help them reach their educational and professional goals while at Rowan.
Ujima - Female Student Mentoring:
Since its inception in the spring of 1995, Ujima -- a Swahili term translated as “collective responsibility” -- has fulfilled the need of Rowan women to connect with professional role models who would support them in fulfilling their personal and career goals. Peer mentors known as Sisterlinks and faculty/staff Professional Mentors support and facilitate the academic success, empowerment, career preparation and leadership ability of female students through mentorship.

High School Mentoring:
This most recent component of the Harley E. Flack mentoring program serves as a leadership opportunity for first-year Rowan students who serve as Mentoring Ambassadors to provide on-site mentorship in neighboring high schools. Rowan students develop group facilitation and other leadership skills while supporting high school students in thinking about the importance of higher education as well as the attitudes and skills necessary for successfully completing high school and moving on to college.

Funded through a State of New Jersey grant, the EOF program provides alternative admission and support to students with exceptional financial need who are capable and motivated but lack adequate preparation for college study. Accepted students who successfully complete a 6 week summer program, the Pre-College Institute (PCI), are admitted into Rowan University in the fall. Upon successful completion of the summer program, EOF students continue to receive individual advisement, leadership, personal, financial and career counseling, tutorial services and small group workshops for the duration of their academic career at Rowan University.

The Maximizing Academic Potential program is geared toward first generation college students who would be ineligible for admission under normal admission standards. Accepted students must also successfully complete the PCI in order to gain admission into Rowan University. Upon enrolling in the fall, MAP students receive the same individual supports listed above. While the MAP program is similar to EOF in its scope, a marked difference is that Rowan does not set income limitations for program participation.

ROTC PROGRAM
Newman Building
856-881-4516
www.armyrotc.com

Rowan University participates in the U.S. Army Reserve Officers Training Corps (ROTC) Program. The primary purpose of Army ROTC is to provide leaders of character for the 21st century. Students can enroll in ROTC and participate in a uniquely interactive program focused on leadership development with emphasis on self-discipline, integrity, confidence, and responsibility. Our intent is to help the student improve their leadership and management skills whether they decide to pursue a career as an officer in the Army or in the private sector.

Students can join the program without any obligation to the Army. Qualified students only sign a contract to serve in the Reserve Forces or Active Army when they begin their junior year or upon receiving an ROTC scholarship. Army scholarships offer an excellent incentive to join the ROTC program. The Army ROTC scholarship program provides financial assistance for the education and training of highly qualified and motivated students who desire to be commissioned as officers in the Army after graduation from college. Scholarships pay full tuition and fees at Rowan University. An additional scholarship benefit is a $1,200 yearly book allowance. Army scholarship winners also receive a tax-free stipend of $300 - $500 per a month, depending on academic year, for up to 10 months for each year the scholarship is in effect and the student is in school. Non-scholarship students receive the book allowance and the stipend if they contract their junior year.

Students with prior service or who are currently in the National Guard or Army Reserves may enter the program as Simultaneous Membership (SMP) cadets when they begin their sophomore year. SMP Cadets receive an SMP Kicker of $350 a month from the Reserve Component plus an additional $350 - $500 per month from ROTC as well as any benefits received from the Guard or Reserve. SMP Cadets can earn their commission in two to three years. Certain stipulations apply.
If interested, students may contact LTC Jill Nitz, nitz@rowan.edu or apply at the campus ROTC Office on the corner of Mullica Hill Road and Bowe Blvd, (856) 881-4516.

Online Timed Test Accommodations
For students who have an accommodation of extended time on tests there may be the need for an exception with online timed tests. This usually involves modifying the rules for the exam to give the student extra minutes based on the accommodation letter.

ADA/504 Grievance Procedures for Students
1. Students requesting accommodations under the ADA or Section 504 of the Rehabilitation Act who are dissatisfied with the results of the Disability Resources / Academic Success Center (ASC) may file a written grievance with the Vice President for Student Life & Dean of Students within ten days of receipt of the ASC’s decision. The grievant must provide all pertinent documentation supporting the grievance. If the student has been denied accommodations after they have been determined eligible, the process begins at the Disability Resource Office.
2. The grievant must specifically state the reasons for grievance and the action he or she believes should be taken to accommodate the identified disability.
3. Within eight days after notification of the grievance, the ASC will report to the Vice President for Student Life & Dean of Students what was done in response to the request for accommodations and the reasons why an agreement could not be reached.
4. The Vice President for Student Life & Dean of Students may request additional information from the grievant or the ASC at any time and may discuss the matter with anyone in reaching a decision. The grievance record will be closed when all information is received by the Vice President for Student Life & Dean of Students. The Vice President for Student Life & Dean of Student’s report and recommendation will be sent to the University President Staff within ten days of the closing of the records.
5. Within ten days following the receipt of the Vice President for Student Life & Dean of Student’s report, the University President Staff will accept, reject, or modify the report and recommendation and issue a determination.
6. If the grievant is not satisfied with the University President Staff’s determination, he or she can appeal the determination to the President.
7. The President must issue a determination within eight days, which is the University’s final decision.
8. These timeframes are subject to change in any given manner when essential individuals and/or information are not readily available or when the academic calendar warrants.
DESIGNATING DIRECTORY INFORMATION
Rowan University has designated the following categories of student information as Directory Information. Such information may be disclosed by the institution.

**Category I:** Name, address, telephone number, electronic mail addresses, dates of attendance and class.

**Category II:** Major field of study, awards, honors (includes Dean's List), and degree(s) conferred (including dates).

**Category III:** Past and present participation in officially recognized sports or activities, physical factors (height, weight of athletes), and date and place of birth.

Students who desire to withhold the disclosure of any category of information must provide written notification to Vice President for Student Life & Dean of Students each year by the first week in October. Rowan University assumes the failure on the part of any student to specifically request the withholding of categories of Directory Information indicates individual approval for disclosure.

EMERGENCY SCHOOL CLOSING PROCEDURES
In the event of inclement weather requiring emergency closing of the school, the University will adhere to the following procedures. The University’s policy will be to keep classes open if at all possible. Despite this policy, the decision to attend classes must be based on personal assessment of the hazards involved in traveling. However, even when classes are canceled, the University is still open, and the staff is expected to report for work if at all possible. Often the decision will be to cancel some classes rather than all classes for a given day. This can be determined by calling the department.

Updated closing information can be obtained by visiting one of two websites (www.rowan.edu/emergency or www.kwy1060.com) or by calling the University at one of these numbers:

1. Dial 856-256-INFO (256-4636). At the prompt, press “1” for the latest information.
2. Call your voicemail at 856-256-4300.
3. Call the Office of Public Safety & Emergency Management at 856-256-4922

**Day Classes**
On days when classes are canceled, the decision will usually be reached by 6 a.m. and relayed promptly to the following radio stations in the Philadelphia and South Jersey areas: WGLS, 89.7 FM; KYW, 1060 AM. The Rowan- Glassboro school closing number is 829 and the Rowan-Camden school closing number is 625. Announcements will also be aired by Fox Philadelphia television during the critical early morning hours. Tune to Fox Morning News from 6am -7am and Good Day Philadelphia from 7am to 9am. Fox will show the name of the school, not the school number.

**Evening Classes**
Announcements for classes in the Evening Division will be made before 3:30 p.m. and will carry the code number 2829. In the event of inclement weather that requires the cancellation of courses at the university’s Camden campus, the code number is 625. If the school, which houses an off campus center is closed, evening classes at that school will also be cancelled.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974 (FERPA)
In accordance with the provisions of the Family Educational Rights and Privacy Act of 1974, students have the right to inspect and review their own educational records. Records include permanent academic records in the Registrar's Office, student housing records in the Office of Residential Learning and University Housing, placement records and credentials (except those on file prior to January 1, 1975), and disciplinary records in the Office of Community Standards or Office of Student Affairs at RowanSOM. However, students must personally sign a release permitting the University the right to release copies of such records to outside individuals or agencies. Unless students sign such a release, records can be released only in accordance with the exceptions stipulated in the law. For details concerning this policy and the FERPA Release Form contact the Vice President for Student Life & Dean of Students in Savitz Hall.
FREE SPEECH & PEACEFUL ASSEMBLY POLICY

A. GENERAL INFORMATION

Rowan University (“University”) is committed to providing an educational climate that is conducive to the personal and professional development of each individual. The University recognizes the right of all individuals to engage in peaceful and orderly assembly and/or demonstrations which do not disrupt the functions of the University or interfere with the rights of others. The University will protect the rights of freedom of speech, expression, petition and peaceful assembly as set forth in the United States Constitution and the Constitution of the State of New Jersey. The University maintains its right to implement reasonable time, place and manner restrictions concerning acts of expression.

The Supreme Court of the United States has adopted a forum analysis framework to assess whether, and to what extent, a government entity such as Rowan University must permit expressive activity on its property. The Court has established three categories of forums: (1) quintessential public forums; (2) designated public forums; and (3) non-public forums. This forum analysis is highly fact dependent and the examples which follow are intended to serve as illustrative and not definitive.

- Quintessential public forums, including public streets, sidewalks, parks, and similar common areas. These areas are generally available for expressive activity, planned or spontaneous, for an individual or small groups (generally where a crowd of 10 or less will be present, and/or where an event is not promoted in advance, and/or when an event is not sponsored by a student organization) at any time without the need for reservation, or prior approval.

- Designated public forums are created by the University when it deliberately opens property to the public. These forums may be so designated for only limited uses or for only a limited class of speakers.

- Non public forums are areas that are not traditional public forums or designated public forums. These forums will be restricted to use for their intended purpose. Examples include, but are not limited to, classrooms, residence hall rooms, faculty and staff offices, academic buildings, administration buildings, medical treatment facilities, libraries, and research and computer laboratories and facilities; and locations where University events, ceremonies, commencement activities and other similar events and activities are held.

B. ADVANCE RESERVATION REQUIREMENTS

In an effort to ensure safety and to promote an environment conducive to study, advance reservation for expressive activity is required for assembly and/or demonstrations that are promoted in advance, and/or sponsored by student organizations, and/or expected to draw a crowd of more than 10 people. Advance reservation is required for assembly and/or demonstrations near academic buildings anytime classes, research or student activities are taking place. Advance reservation is also required for assembly and/or demonstrations at a University ceremony, event and/or activity held on University property or at any place in use for an authorized University purpose.

Any individual or group, either required by this Section to make an advance reservation, or desiring to make an advance reservation, shall complete and submit to the Office of the Assistant Vice President for Campus Recreation & Student Activities (117A Chamberlain Student Center) the Reservation Request Form attached hereto at least 72 hours in advance of the assembly and/or demonstration.

The decision to confirm or deny a reservation request will be based on proper and timely completion and submission of the Reservation Request Form, compliance with the applicable sound and sign requirements and availability of space. If the assembly and/or demonstration is proposed to be held in either a quintessential or designated public forum, then under no circumstances will the decision to grant or deny a Reservation Request be based on the content or viewpoint of the expressive activity unless there exists a compelling interest of the University to do so. If a Reservation Request is denied, the rationale for that decision shall be provided in writing. The denial of a reservation request can be appealed to the President of the University or his/her designee.

In addition, because locations within buildings are frequently booked well in advance, those wishing to engage in assembly and/or demonstration activities in a particular room or building should reserve that space through the established procedures for the particular facility. Contact the Office of the Assistant Vice President for Campus Recreation & Student Activities for assistance in determining the appropriate individual or office to contact to reserve the building space.

Participants in the assembly and/or demonstration are expected to assist in cleaning up any litter that might result from leafleting or other activity.

Individuals or groups wishing to use University-owned sound amplification equipment may request to rent equipment by contacting the Student University Programmers (“SUP”). If equipment is available at the time of the assembly and/or demonstration, the Office of the Assistant Vice President for Campus Recreation & Student Activities shall designate a location where sound amplification equipment may reasonably be used.
The University recognizes that spontaneous assembly and/or demonstrations may occur. In such situations, the University expects the persons involved to act responsibly and peacefully and reserves the right for an appropriate University official, such as the Assistant Vice President for Campus Recreation & Student Activities or any Public Safety Officer or security personnel, to ask persons to relocate the assembly and/or demonstration if it proves disruptive at that particular location.

C. DISRUPTIVE ACTIVITY

As the above principles illustrate, and subject to compliance with this Policy, the University recognizes the right of all individuals on University property or at any place in use for an authorized University purpose to engage in peaceful and orderly assembly and/or demonstration, which does not disrupt functions of the University or interfere with the rights of others.

The University will not allow disruptive or disorderly conduct on its premises to interrupt its proper operation or to interfere with the rights of others. Persons engaging in disruptive action or speech and/or disorderly conduct shall be subject to disciplinary action, including, but not limited to, removal from the premises and/or charges of violations of the law, and in the case of students, expulsion and/or separation. Disruptive actions, speeches or demonstrations on University property or at any place in use for an authorized University purpose are strictly prohibited.

Listed below are examples of activities that will be considered disruptive and will result in discipline and/or removal, arrest and/or prosecution:

1. Interference with scheduled University ceremonies, events and/or activities held on University property or at any place in use for an authorized University purpose is prohibited. During a University ceremony, event and/or activity, assembling and/or demonstrating noislessly, such as by wearing clothing, gesturing, standing or distributing literature, is acceptable, provided it does not impede access to the University ceremony, event and/or activity, disrupt the University ceremony, event and/or activity or interfere with the attendees’ ability to see or hear the University ceremony, event and/or activity.

2. Any use of signs, prolonged standing, or other activity likely to block the view of any of the attendees is prohibited, unless it is confined to the last row of the crowd, if the University ceremony, event and/or activity is held outdoors, or to the back of the room, if the University ceremony, event and/or activity is held indoors.

3. Chanting or making other sustained or repeated noise or displaying or utilizing objects such as kites, balloons, banners or similar objects in a manner which interferes with the communication of any speaker at a University ceremony, event and/or activity, or the attendees’ ability to see or hear the speaker, ceremony, event and/or activity, is prohibited.

4. Activities with a noise level that disrupts or poses a tenable threat of disrupting the proper operation of the University are prohibited.

5. Obstruction, disruption or interference with classes, research, administrative functions or other University activities is prohibited.

6. Actions that endanger the safety of any individual, the University community, or the academic process are prohibited.

7. Failure to comply with directives of authorized University Officials in the performance of their duties, including failure to identify oneself when properly requested to do so, is prohibited.

8. Unauthorized entry, use, or occupancy of University facilities, or refusal to vacate a University facility or property when directed to do so by an authorized official is prohibited.

9. The use of sound amplification equipment within a building without prior authorization is prohibited.

10. Damage to or destruction of University property or of property on University premises belonging to others is prohibited.

11. Unauthorized setting of fires on University property, or unauthorized use of or interference with fire equipment, is prohibited.

12. Actions which threaten or incite immediate property damage, assault, or injury to self or other persons are prohibited.

13. Verbally provoking immediate physical assault, personal injury or property damage through the use of harassment, intimidation, bullying, threats, or fighting words is prohibited.

14. Violation of published University regulations, policies or rules, or violation of any New Jersey state law or federal law is prohibited.

15. Obstruction of vehicular and/or pedestrian traffic and/or obstruction of access to, and exit from, any university ceremony, office, classroom, laboratory or building is prohibited.

16. Infringement on the rights of others is prohibited.

Please note: The “Reservation Request Form” is available on the last page of the policy at www.rowan.edu/provost/policies/documents/FreeSpeechandPeacefulAssemblyPolicy.pdf
GOOD SAMARITAN POLICY
Rowan University recognizes there are times when students or members of a University organization find themselves in a position where medical assistance is needed to ensure the proper care of a person who is significantly intoxicated, under the influence of drugs, or has been the victim of an assault; the University has established a Good Samaritan Policy.

This policy has been established to ensure that proper medical assistance and intervention is sought in these instances and not delayed for fear of punitive action by the University under the Student Code of Conduct. All students are expected to act first out of concern for themselves and others by contacting appropriate University personnel, i.e. a Resident Assistant (RA), Resident Director (RD), Residential Learning Coordinator, or Public Safety Officers to obtain emergency assistance.

Under the Good Samaritan Policy:
Students and/or organizations that seek assistance from Public Safety or medical authorities to address a situation involving an individual who is significantly intoxicated, under the influence of drugs, or has been the victim of an assault will not be charged with a violation of the University’s alcohol and/or drug policy.

The policy applies to both the individual who sought the assistance and the student who needed assistance if they are under the legal drinking age. (It does not apply to charges involving the sale or distribution of illegal substances.)

This policy does not preclude the University or other appropriate authorities from taking disciplinary action for other Student Code of Conduct offenses which may be associated with the situation, i.e., vandalism, theft, physical or sexual assault, etc., or the Office of Public Safety & Emergency Management from filing appropriate criminal charges.

Students and/or organizations involved in a situation that falls under the Good Samaritan Policy will be required to complete certain educational and counseling initiatives which are intervention and prevention based. Failure to complete these activities will result in action under the Student Code of Conduct.

Students and/or organizations demonstrating a consistent and repeated pattern of such behavior, after appropriate intervention and education have been provided, will not be protected under this policy.

Resources such as the Office of Public Safety & Emergency Management, Residential Learning and University Housing, Student Health Services, Vice President for Student Life & Dean of Students and the Office of Student Affairs at RowanSOM are available for students to seek assistance for themselves, and equally important, their fellow students.

GUIDELINES FOR APPROPRIATE INTERNET USAGE
Members of the Rowan community increasingly use personal websites, online blogs, online journals, and online communities (such as Facebook.com and Twitter.com) to communicate and network within and outside of the community. Users should remember that these sites are usually accessible to the public, so keep the following guidelines in mind:

A. A person is guilty of hazing, a disorderly person offense, if, in connection with initiation of applicants to or members of a student or fraternal organization, he knowingly or recklessly organizes, promotes, facilitates, or engages in any conduct, other than competitive athletic events, which places or may place another person in danger of bodily injury.

University Regulations
Rowan University defines hazing as “any action taken, created, or situated which intentionally or recklessly subjects any person to the risk of bodily harm or mental or physical harassment, intimidation, or bullying; or causing or encouraging any person to commit an act that would be a violation of law or university regulations; for the purpose of initiating, promoting, fostering, or confirming any form of affiliation with a recognized or unrecognized student group or organization.”

Examples of hazing include, but are not limited to:
- forced consumption of alcohol or other drugs
- required ingestion of any substance
- acts that could result in excessive fatigue, exhaustion, physical, mental or emotional deprivation or harm
- paddling, whipping, beating, or physical abuse of any kind
- compulsory servitude
- work projects without the participation of the full membership

- morally degrading or humiliating games or activities
- any activity which materially obstructs or impairs a student’s rights, academic pursuits, employment, or participation in the University community
- activities that promote or encourage the violation of state law or university policy

The organization or any individual involved in hazing commits a violation of university policy by:
1. Engaging in hazing
2. Soliciting, encouraging, aiding, or directing another engaged in hazing
3. Intentionally or knowingly permitting hazing to occur
4. Having first-hand knowledge that a specific hazing incident has occurred and failing to report that information in writing to University officials.

HEALTH INSURANCE FOR FULL-TIME STUDENTS
Student Health Services
The Wellness Center at Winans Hall
856-256-4333
www.rowan.edu/health
www.firststudent.com

All matriculated students are required to have health insurance as a condition of full time enrollment at Rowan University for the 2015-2016 academic year. However, the New Jersey State law has recently eliminated the State’s statutory requirement that all full-time students at public and private institutions of higher education in New Jersey have health insurance coverage. The law still requires all universities to offer health insurance coverage to full-time students.

In order to comply with this requirement and to provide students with high quality but low cost insurance, Rowan University, in association with many state universities, continues to offer a health insurance plan through United Healthcare. This insurance plan is a
“hard-waiver” plan, which means that all students who do not already have insurance coverage are required to purchase the insurance. If students do not present evidence of health insurance before the September 1st, the cost for insurance through United Healthcare will be automatically added to the term bill for all full-time students.

For this academic year, all available options were carefully assessed and it was concluded that a “hard-waiver” plan was the best choice for our students. All available options will continue to be reviewed, including the status of the Affordable Care Act and its impact on available health insurance.

To enroll in the Rowan University health insurance plan, visit www.firststudent.com and follow the instructions. To waive the Rowan University health insurance plan, visit the Health Insurance tab on the Bursar’s Office website and follow the instructions. The insurance waiver must be completed yearly.

*Students without insurance can still be seen at Rowan’s Health Center*

HIV/AIDS POLICY

I. Introduction

A. Definition

Human immunodeficiency virus (HIV) infection is caused by a retrovirus. Persons with HIV infection range from having no symptoms to having fatal and debilitating disorders. Acquired Immune Deficiency Syndrome (AIDS) is a specific variety of illnesses resulting from HIV infection. The infected person is referred to as one who has HIV disease or a Person with AIDS (PWA). HIV is spread through direct contact with the blood, semen, vaginal secretions and breast milk of an HIV-infected individual. Transmission by saliva has not been documented.

B. Supporting Guidelines

1. The official position of the Center for Disease Control (CDC) in Atlanta, Georgia, which is based on a consensus of authoritative medical opinion, is that HIV cannot be transmitted by casual or close, non-sexual contact.
2. Under Section 504 of the Rehabilitation Act of 1973, 29USC79, NJ.S.A. 10:5-1 et seq., and the Americans with Disabilities Act, a person with HIV disease is entitled to protection. Therefore, it is the policy of Rowan University not to discriminate against any applicant, employee or student who is infected with HIV.

II. Rowan University HIV/AIDS Policy

A. Position Statement

1. The Rowan University HIV/AIDS Policy, derived from currently available medical reference material, applies to all applicants, students and employees.
2. Current knowledge indicates that persons who have tested positive for HIV antibodies do not pose a health risk to other students or employees in an academic setting.
3. HIV is transmitted by direct contact with HIV-infected semen, vaginal secretions, blood, or breast milk. HIV is not spread through casual contact at work, at school, or at home. There is no documented danger of transmission by food handlers.
4. Public health officials state that there is no risk created by sharing living space, being coughed or sneezed upon, kissing casually, or swimming in the same pool with an HIV positive person.
5. Healthcare personnel are instructed in the use of Universal Precautions, a method of practice to prevent the transmission of HIV in the clinical setting.

B. General Provisions

1. This policy is based on guidelines recommended by the American College Health Association and on the latest medical information available from the Center for Disease Control and the New Jersey State Department of Health. Every effort has been made to base the policy on guidelines applicable to federal and state laws. Policy guidelines will be updated as necessary to conform to medical and legal recommendations of these agencies.
2. The Vice President for Student Affairs & Dean of Students is charged with the overall responsibility to develop and administer the campus HIV/AIDS Policy.
3. As the executor of the HIV/AIDS Policy, the Vice President for Student Affairs & Dean of Students or a designee will chair and appoint members to an AIDS task force from each of the following areas: Public Relations, Counseling & Psychological Services Center, faculty, Residential Learning & University Housing, Public Safety and Emergency Management, student body, Student Health Center, Office of Service Learning, Volunteerism & Community Engagement, and campus unions. For the university community, the task force will sponsor annual educational programs about HIV/AIDS. The programs will specifically focus on how HIV is transmitted, how changing behaviors can lower individual risk and eliminating unfounded fears and prejudices about HIV/AIDS and those infected with HIV. Educational programs will also target members of the university community who are defined by P.E.O.S.H.A. as being at risk for exposure. Individuals who are reasonably anticipated to have contact with blood or other potentially infected materials are considered at risk. Programs regarding definition, reporting process for exposure and follow-up planning are under the direction of the safety director, Public Safety Office.
C. General Guidelines

**Attendance**
University students, faculty, and staff who have a positive HIV-antibody test, whether they room or work attendance in an unrestricted manner.

**Access to Facilities**
No medical justification exists for restricting access of those who have HIV disease from the student center, theaters, restaurants, cafeterias, snack bars, gymnasiums, swimming pools, saunas, recreational facilities, or other common areas.

**Admissions**
Consideration of the existence of a positive HIV-antibody test will not be part of the admission/employment decision of those applying to attend or to work at the University.

**Medical History**
There will be no routine requirement that students, prospective students, employees, or prospective employees be asked to respond to questions about the existence of a positive HIV-antibody test. University community members are encouraged to disclose to campus health authorities if they are HIV positive so that the institution can provide supportive medical care and peer education. This, like all medical information, is strictly confidential and will be handled according to procedures and requirements in effect at Rowan.

**HIV-Antibody Testing**
The University will not undertake programs to screen newly admitted or current students or employees or prospective employees for HIV. The University will not attempt to identify and screen those engaged in high-risk behaviors. Anyone inquiring about HIV testing may be referred, at no cost to the consumer, to the Gloucester County Department of Health for confidential counseling and testing.

**Residence Housing**
Decisions about residence housing for students with HIV disease will be made on a case-by-case basis. The Americans with Disabilities Act provides equal access to housing to those with HIV/AIDS. The best currently available medical information does not support the existence of a risk to those sharing residences with infected individuals. There may be, however, in some circumstances, reasonable concern for the health of those with HIV/AIDS who might be exposed to certain communicable diseases (e.g. measles, chicken pox) in a close-living situation. The university may choose to provide private rooms and recommend that a student with HIV/AIDS be assigned to them to protect their health. This action must be requested by the student.

**Confidentiality of Information**
Guidelines for handling confidential medical information about students with HIV disease have been defined by the American College Health Association’s Recommended Standards and Practices for a College Health Program. In general, no specific or detailed information concerning complaints or diagnoses should be provided to faculty, administration, or even parents without the written permission of the affected person in each case. This position is supported by the Family Educational Rights and Privacy Act of 1974.

No person, group, agency, insurer, employer, or institution should be provided with any medical information of any kind without the prior written consent of the patient. However, positive tests for HIV must be reported to the New Jersey Department of Health. Given the possibility of unintended or accidental compromise of the confidentiality of information, health officers should carefully weigh the importance of including any specific information about the existence of known HIV infection in an ordinary record except when mandated by medical necessity. At minimum, the inclusion of any information regarding HIV infection in a medical record should be discussed with the patient prior to its entry. Sensitive information may be filed under separate cover to protect confidentiality.

**Legal Liability**
All confidential medical information is protected by statutes, and any unauthorized disclosure may create legal liability. The duty of physicians and other healthcare providers to protect confidentiality of information is superseded by the necessity to protect others only in very specific, life-threatening circumstances.

**“Need to Know”**
The number of people on the campus who are aware of students or employees who have HIV infections should be kept to an absolute minimum to protect the confidentiality and privacy of the person and to avoid the generation of unnecessary fear and anxiety among other students and staff.

**Medical Care**
Regular medical follow-ups for those who have a positive HIV-antibody test are encouraged. Precautions to protect the health of immunologically compromised individuals are considered during periods of prevalence of contagious diseases. For students, the personal physician must provide a medical exemption form. This medical exemption form alerts the Health Center of the need to inform any unimmunized student/employee with HIV disease of vaccine preventable diseases on campus.
Safety Precautions
The University will comply with standards of Occupational Safety and Health guidelines and the Center for Disease Control in the handling of blood and body fluids of all persons as a precaution against the spread of blood-borne pathogens. Safety guidelines will be followed for the handling of blood and body fluids of all persons in educationally related settings, including off-campus locations used for placements or internships. Teaching-context laboratories, such as those required in biology courses, will adopt and implement procedures for cleaning and disinfecting.

IDENTIFICATION: PRESENTING ID UPON REQUEST
When requested, students must present their student identification card (RowanCard) to any University official. University officials include campus public safety officers, staff members and University administrators. Failure to do so will result in referral to the Office of Community Standards and Commuter Services for disciplinary action. The Chamberlain Student Center Information Desk issues, replaces and validates RowanCards.

IMMUNIZATION REQUIREMENTS
Student Health Services
The Wellness Center at Winans Hall
856-256-4333
Fax: 856-256-4427
www.rowan.edu/health

The State of New Jersey has three immunization requirements that pertain to students at Rowan University:
1. Proof of Immunization against Measles, Mumps, and Rubella (2 MMR vaccines) for all students. Titers showing immunity may be submitted in lieu of immunizations.
2. Proof of Immunization against Hepatitis B (3 Hepatitis B vaccines) for students taking 12 or more credit hours. Titers showing immunity may be submitted in lieu of immunizations.
3. Proof of Vaccination against Meningococcal Meningitis (Menactra™ or Menveo™ vaccine) for students residing in campus housing. All new, incoming students who plan to live in campus housing must show proof of vaccination against meningococcal meningitis within the past 5 years prior to living on campus. No room key will be issued until this requirement is met. This vaccine is highly recommended for all other students as well. All college students should receive a meningococcal meningitis booster at age 16 or older.

Students must submit proper documentation of their immunizations signed and dated by their Health Care Provider, along with complete health forms to Student Health Services. Failure to comply with these required Immunizations by the published deadlines will result in late fees and an “Immunization Hold” placed on the student’s record. This hold will prevent the student from receiving grades or registering for additional courses until the requirements are completed.

Attention Rowan Global Students:
Rowan Global students must follow the State of New Jersey health and immunization requirements as outlined below:
- Per the State of New Jersey, if you are a degree-seeking student who is in any course that is not 100% online, then you will need to comply with the State Health and Immunization Requirements. (Students who are in 100% online programs and/or are non-degree-seeking students in certificate of graduate study, certification, or endorsement programs are exempt from these requirements.)
- These requirements are in effect every term you are registered (regardless of full-time or part-time study).
- It is expected that students will be in compliance before classes begin; however, if you are not in compliance by eight weeks into the semester, you risk losing your registration in future classes and delaying the completion of your academic program. (You will also be financially responsible for any coursework for which you are already registered that term even if future registration is barred or dropped.)
  - Keep in mind that any time your registration status changes from part-time to full-time you may also have to meet additional requirements. If you know you will be a full-time student during any semester, contact the Health Center right away to be sure you are compliant with any additional requirements.
  - Please review the information and forms (including deadlines) available at www.rowan.edu/healthforms
  - Questions about these requirements should be directed to wellnesscenter@rowan.edu.
JEANNE CLERY DISCLOSURE OF CAMPUS SECURITY POLICY AND CAMPUS STATISTICS ACT

The federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (known as the Clery Act) requires colleges and universities, both public and private, participating in federal student aid programs to disclose campus safety information, and imposes certain basic requirements for handling incidents of sexual violence and emergency situations. Disclosures about crime statistics and summaries of security policies are made once a year in an Annual Security and Fire Safety Report (ASR), and information about specific crimes and emergencies is made publicly available on an ongoing basis throughout the year. Institutions with on-campus student housing facilities must publish annually a fire safety report that provides information on campus fire safety practices and standards. Rowan University complies with this regulation by including all fire-related incidents at on-campus student housing facilities as part of the Annual Security and Fire Safety Report.

A copy of the most recent annual security and fire safety report is available on the website of the Public Safety & Emergency Management department. The report includes statistics for the previous three years concerning reported crimes and that occurred on campus, in certain off-campus buildings or property owned or controlled by Rowan University, and on public property within, or immediately adjacent to and accessible from the campus. The report also includes institutional policies concerning public safety, such as policies concerning alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters. You can obtain a copy of this report by contacting the Department of Public Safety & Emergency Management or by accessing the following web site: www.rowan.edu/safety/

The United States Department of Education, Office of Postsecondary Education, lists crime statistics for all U.S. Colleges and Universities. These statistics can be viewed at the following web site: http://ope.ed.gov/security/

MANDATORY HOUSING STATEMENT

Students who plan to commute must file for commuter status by submitting a notarized Statement of Student Residence form.

Students who violate the on-campus residence requirements will be required to move into a residence hall and pay full room rent for the semester in which the violation occurs. Students who refuse to move onto the campus will be suspended from the University.

Students who wish to commute from the residence of their parents or legal guardians must live within a 40-mile radius of the institution and furnish a notarized statement of student residence confirming this.

PARENT TO STUDENT CONTACT
Parents who cannot contact their student in emergency situations should contact the Office of the Vice President for Student Life & Dean of Students, at 856-256-4283, or the Office of Public Safety & Emergency Management at 856-256-4911.

PARKING RULES AND REGULATIONS
Parking and traffic rules and regulations are in effect at all times (including weekends, holidays, and when classes are not in session).

All students, faculty and staff, contract workers, visitors and guests who park a vehicle on any authorized campus lot or garage must have a properly displayed valid parking permit or a temporary/visitor parking pass.

Temporary/visitor parking passes are available from the Welcome Gate located on Rt. 322 or the Parking Office located in Bole Annex on Whitney Avenue (parking lot P). Persons needing a temporary/visitor parking pass after business hours may obtain one from the Public Safety Dispatch window, also located in Bole Annex and open 24/7, seven days a week.

Parking permits are obtained using an online process at Rowan.thepermitstore.com. Once the permit application is approved, print out a temporary parking pass to place on the dashboard of your registered vehicle as it may take up to ten days to receive the “actual” permit in the mail. If you need further assistance, contact the Parking Office at 856-256-4575.

Freshman students living on campus are not permitted to purchase a permit or park on campus. For additional questions related to freshman parking, please contact the Parking Office at 856-256-4575 or Parking@rowan.edu

A parking permit or pass does not guarantee you a parking space.

All authorized campus parking lots are signed, indicating the permit type required to park a vehicle.

All vehicles must be parked properly within a designated lined space on paved surfaces. Vehicles parked in a gravel lot must be parked in front of a parking bumper.

Permit and Lot designations include “Adjunct/Fellow”, “Employee,” “Commuter Student,” “Resident Student,” “Townhouse Parking Garage,” “Rowan Blvd. Parking Garage”, “Resident Director/Graduate Coordinator”, “Service” and “Recreation Center.” For parking permit purposes, Adjunct faculty and Fellows are considered “employees.”

A. Employee lots are reserved for employees with a valid “Employee” permit. They include lots A-1, D-1, E, F-1, G, H, M, O-1, P, S, T, U and Z-1. Employees may park in student lots only when necessary.

B. Commuter lots are reserved for commuter students with a valid “Commuter” permit. They include lots A, B-1, C, D, O, R, Y and the 3rd level only of the Townhouse Garage. There is no parking allowed in Commuter lots (including the third level of the Townhouse Garage) from 2:00 a.m. to 6:00 a.m.
C. Evening commuter students with a valid permit may use employee parking spaces in lots H, P and Z-1 between 4:30 p.m. to 12:00 midnight, Monday through Friday.

D. Resident lots are reserved for resident students with a valid " Resident" permit. They include lots at Triad-F, Edgewood Park, Chestnut, B, J and W. 
The Townhouse Garage (first and second level only) is reserved for resident students of the Townhouses with a valid “Townhouse Garage” permit.
The Rowan Boulevard Garage is reserved for resident students of Rowan Boulevard and the Whitney Center with a valid “Rowan Boulevard Garage” permit.

E. Recreation Center members, not otherwise affiliated with the University, are required to purchase a permit. Please see the Recreation Center staff to order your permit. These permit holders are permitted to park in Lot M from 6:00 a.m. to 7:00 a.m. and Lots B or C at other times.

F. Service permits are issued to contractors on campus for extended periods of time, including employees of the food service company contracted by Rowan and working on campus.

Excessive or Unresolved Parking Tickets: Any vehicle receiving three or more citations within an academic year is subject to being towed or immobilized. Additionally, students may be referred to the Dean of Students for disciplinary action. Any vehicle parked in such a manner as to interfere with or obstruct university operations may be towed from the campus without warning.

The person or permit holder to whom a vehicle is registered will be held responsible for any parking or traffic penalties or any liability or damage in which the vehicle is involved.

Transferability Rules: The Parking Office issues one parking permit per parking patron. The permit is transferable to any vehicle owned or controlled by the permit holder. You may have up to three vehicles registered to the permit, although only one registered vehicle is permitted on campus at any given time. Student permit holders are required to transfer the permit from one registered vehicle to the other with the exception of motorcycles. If you choose not to transfer the permit, then you must obtain a temporary pass. All vehicles displaying the permit must be registered to the permit in the parking system. Permits may not be lent or sold by a permit holder to another individual under any circumstances. The permit holder could be subject to disciplinary action, fine, and/or immobilization.

Displaying the Parking Permit: A permit must be displayed in the bottom left corner of the driver’s side rear window. If not available, place in the back window in the bottom left corner. If windows are tinted, scanners may or may not be able to read the barcode on the permit. Therefore, officers will run the license plate number to determine whether the vehicle is registered to a valid permit.

Lost or Stolen Parking Permits: Please review replacement fees in the Fees and Violation Section.

Special Needs: Persons with special parking needs should notify the Parking Office at 856-256-4575 for assistance.

Accidents, dangerous conditions, or other parking problems should be reported to the Public Safety Department at 856-256-4911.

Handicapped Parking spaces are reserved for handicapped persons displaying a legal, state-issued handicapped permit. These permits must be obtained through the New Jersey Motor Vehicle Commission (or equivalent agency from other states). Temporary handicapped permits may be obtained through your local police department with appropriate medical certification. Persons parking in a designed handicapped parking space on University grounds must also have a valid Rowan University parking permit or temporary/visitor parking pass.

Overnight Parking is limited to Resident permit holders in the following residential lots: Triad-F, Edgewood Park, Chestnut, B, J, and W. Overnight parking is limited to Garage permit holders on the 1st and 2nd level of the Townhouse Garage and the Rowan Boulevard Garage. If a guest or visitor without a permit, you will need to obtain a temporary parking pass.

Motorcycles are considered the same as an automobile and must be parked properly within a designated lined space or a designated motorcycle space. Permit holders registering a motorcycle to the permit are not required to place the permit on the motorcycle. Officers will run the license plate number to determine whether the motorcycle is registered to a valid permit.
Solicitation Prohibited: No leafleting or solicitation is permitted in the parking lots/garages of Rowan University.

Abandoned Vehicles: All vehicles parking on campus must be in working condition, display a valid state license plate, and, where required, a valid inspection sticker. If your vehicle breaks down, contact the Public Safety office at 856-256-4922 or the Parking Office at 856-256-4575 with the vehicle information and location and have the vehicle moved from the premises as soon as possible.

Reserved Spaces - spaces signed “reserved” are assigned and reserved for “M” permit holders only. Reserved parking is available for a fee to senior managerial staff only.

Appeals:

Appeal Process for Rowan University Citations (Administrative Citations)

If you feel a citation was issued in error, you may appeal the administrative citation online in writing at rowan.thepermitstore.com within ten (10) days. The Parking Office does not accept appeals later than ten (10) days. Any appeal not appealed online at rowan.thepermitstore.com will not be accepted. There are no “in-person” appeals.

The supervisor in the parking office will review written appeals and then forward the appeal to the Parking Appeals Committee for further review. The Parking Appeals Committee consists of a student, faculty and staff member. The Parking Appeals Committee will notify you via email of their decision. If you disagree with the decision of an appeal, you have five (5) days to request that your
appeal be reviewed again by the Parking Appeals Committee by emailing Parking@rowan.edu. The Parking Appeals Committee is the final authority for resolving appealed tickets.

**Appeal Process for Municipal Citations**

Municipal citations (summons) must be addressed at the municipal court listed on the summons.

**Disclaimer**

Rowan University nor any of its officers, directors, employees, or student workers assumes any liability for damage to, or theft of, property or motor vehicles or personal injury on campus.

Rowan University reserves the right to modify or change these rules and regulations under existing guidelines as deemed necessary.

**Legal Authority**

These administrative rules and regulations are necessary and proper for the administration and operation of the University and have been adopted and promulgated in accordance with a resolution of the Board of Trustees of Rowan University # 2013.06.20 adopted on June 12, 2013 pursuant to N.J.S.A. 18A:3B-6b; N.J.S.A. 18A: 64-3, N.J.S.A. 18A: 64-6(m); N.J.S.A. 18A: 64-7 and N.J.S.A. 18A: 64-18c.

Student Ticket Writers, Security Guards, Security Officers, Police Officers, and supervisory and administrative staff members of the Public Safety Department are authorized by the Board of Trustees to write administrative tickets on behalf of Rowan University and enforce these rules and regulations.

Pursuant to 18A:6-4.7 University Police Officers are additionally authorized to issue municipal tickets (summons) for violations of the Motor Vehicle and Traffic Laws of the State of New Jersey (N.J.S.A. Title 39).

**PROTECTION OF MINORS ON CAMPUS**

The purpose of these two policies and procedures is to protect minor children, as mandated by New Jersey law (mandatory child abuse reporting). Specifically, these policies and procedures address the means by which the University and its employees should protect minor children from various forms of risks to self and others, and neglect and abuse.

1. **Children-at-Risk (Children Under Age 18): Significant Risks to Health and Safety to Self or Others**

   **Policy**

   All faculty, staff, administrators, student health employees and members of Public Safety who may come into contact with children through any college sponsored program, activity, camp, conference, retreat, academic presentation or any other college programs, and become aware of a child enrolled in these programs that are engaging in self-injurious behavior, expressing suicidal ideation, plan or intent or homicidal ideation, plan or intent, or any other behavior that puts their own or other individual’s health and safety at risk are required to report these incidents and/or situations immediately to their direct supervisor.

   **Procedure**

   1. If there is imminent and/or immediate danger, the staff person should contact the Police immediately at 911. Rowan University Department of Public Safety & Emergency Management will be contacted for emergency response and/or transport to the nearest emergency room.

   2. The immediate supervisor will then contact the Vice President for Student Life & Dean of Students and he/she will consult with the Associate Vice President for Student Wellness as a resource to develop an appropriate plan of action.

   3. At a minimum, the student’s legal guardian(s) will be notified by the Vice President for Student Life & Dean of Students, or his/her designee and the identified concern over health and safety will be communicated to the legal guardian.

   4. Appropriateness of the student continuing in the program, given the apparent health issues, will be evaluated by the program director and Vice President for Student Life & Dean of Students.

   In cases involving suspected child abuse, reporting procedures will be initiated following the guidelines outlined in the Children-at-Risk (Children Under Age 18): Physical Abuse, Sexual Abuse and Neglect Reporting Policy. Written documentation will be completed by all parties involved in resolution of the situation at every step of intervention. This documentation will be forwarded to the Vice President for Student Life & Dean of Students in a timely manner.

2. **Children-at-Risk (Children Under the Age of 18): Physical Abuse, Sexual Abuse and Neglect Reporting Policy**

   All faculty, staff, administrators, student health employees, members of Public Safety, University employees and any individual, over the age of 18, who becomes aware of any child through any college sponsored program, activity, camp, conference, retreat, academic
presentation or any other college programs are mandated to report incidents of child abuse if having reasonable cause to believe that a child (under age 18 years old) has been subjected to abuse or acts of abuse. This information should immediately be reported to the State Central Registry (SCR). If the child is in immediate danger, call 911 as well as 1-877 NJ ABUSE. A concerned caller does not need proof to report an allegation of child abuse and can make the report anonymously.

**Procedures**

Your primary responsibility under this policy is to make a report utilizing the following procedure:

1. Notify your supervisor immediately of the situation. An initial verbal report to your supervisor is acceptable, with written documentation of your report to your immediate supervisor to follow within 24 hours. For Athletics staff, a copy of this report must also be made to the Director of Athletics within the same time period.

2. The employee or supervisor must report the matter to the Assistant Vice President of Public Safety and Emergency Management (856) 256-4922 and the Vice President for Student Life & Dean of Students at (856) 256-4283 within 24 hours.

3. The employee in conjunction with their immediate supervisor, or supervisor designee (ex. Rowan University Department of Public Safety and Emergency Management), must contact the Division of Youth and Family Services (DYFS) at 1-877-NJ ABUSE (652-2873) to make a report.

4. The direct supervisor must notify the Assistant Vice President of Public Safety & Emergency Management and the Vice President for Student Life & Dean of Students that the report has been made.

5. Within 48 hours of reporting to DYFS, a report completed by the reporting employee, reviewed by their supervisor and submitted to the Assistant Vice President of Public Safety and Emergency Management and Vice President for Student Life & Dean of Students, should be submitted. In cases where Rowan University Department of Public Safety and Emergency Management cannot or is not involved, the Vice President for Student Life & Dean of Students shall be the designated person for purposes of the reporting and recordkeeping obligations hereunder.

6. Any person who makes a good faith report of child abuse may not be subjected to retaliation in employment. Any person who, in good faith, makes a report of child abuse or neglect or testifies in a child abuse hearing resulting from such a report is immune from any criminal or civil liability as a result of such action. Calls can be placed to the hotline anonymously.

7. When a report indicates that a child may be at risk, an investigator from the Division of Child Protection and Permanency (Formerly the Division of Youth and Family Services) will promptly investigate the allegations of child abuse and neglect within 24 hours of receipt of the report.

The State of New Jersey Defines Child Abuse and Neglect as the following:

**Abuse**

Abuse is the physical, sexual or emotional harm or risk of harm to a child under the age of 18 caused by a parent or other person who acts as a caregiver for the child.

**Neglect**

Neglect occurs when a parent or caregiver fails to provide proper supervision for a child or adequate food, clothing, shelter, education or medical care although financially able or assisted to do so.

**SAFETY INTERIM SUSPENSION/WITHDRAWAL**

One of the University’s purposes is to foster an environment that promotes education, research, service, and the growth and safety of all members of its community. From time to time University officials become aware of a student who may be seriously interfering with this purpose because of a mental, emotional, medical, or psychological health condition, or other serious concern. In these situations, University officials may consider the appropriateness of (1) utilizing the regular student conduct system to address violations of the Code of Conduct, or (2) interim suspension or withdrawal for safety reasons. In addition to, or instead of, either of those procedures, the matter may be handled as a safety concern according to the standards and procedures described below.

**Criteria for Safety Interim Suspension/Withdrawal**

A student will be subject to a Safety Interim Suspension/Withdrawal if the student poses a significant risk to the safety of any student or campus community. A student should not be subject to Safety Interim Suspension/Withdrawal under these procedures when disciplinary, academic or other responses are appropriate and the student’s circumstances can be best addressed through those responses.
Safety Interim Suspension/Withdrawal

A Safety Interim Suspension is a preliminary action taken to protect the safety of any student or campus community, and is not a penalty. Failure to provide the required information may result in an involuntary withdrawal or a referral to the student conduct system. At any time a student may apply for a voluntary withdrawal or leave of absence by submitting the necessary information to the Vice President for Student Life/Dean of Students pursuant to applicable policy. If safety of students or campus community is an immediate concern, the University may take interim action to protect any member of the University community. By a Safety Interim Suspension/Withdrawal, the University may remove a student from any or all University premises when the Assistant Vice President for Academic Enrichment/ EOF/MAP Director (or designee), after consultation with the Situational Threat Assessment Team, after considering the best available objective information determines that, a significant risk to student or campus safety exists. In making the determination, the team shall make an individualized assessment, taking into consideration the risks of safety to the student or campus community, the nature, duration, probability, and severity of the risk, and whether mitigating measures are available to minimize the risk. The student will receive notice of the interim action and be advised of the information relied upon by the University. A student seeking reinstatement from an interim suspension will be asked to provide information demonstrating that a significant risk no longer exists. Acceptable evidence includes a report from a licensed psychiatrist, psychologist, or physician (pertaining to the situation) of the student’s choosing which states that the student is able to safely return to the educational environment and can engage in the following activities without creating a significant risk to safety of student or campus community:

1. Attend class;
2. Perform assigned tasks; and
3. If assigned to a residence area, live under only very general supervision and in the company of one or more students.

Other evidence may also be acceptable on an individual basis. If a student’s return is conditioned upon accommodations, the report from the health care provider should outline the accommodations requested. The University’s licensed psychiatrist, psychologist, or health care professional will review the report and meet with the student. If necessary, and with the student’s written consent, the University’s psychiatrist, psychologist, or health care professional may consult directly with the evaluating psychiatrist, psychologist, or physician. After the review, the University’s licensed psychiatrist, psychologist, or health care professional will then make a written recommendation regarding the student’s continued attendance and any conditions which should apply to that attendance, including the matter of the student’s place of residence. The student will be promptly notified of the student’s ability to return and any conditions on such return within three (3) business days of submission of medical documentation or appropriate evidence that a significant risk to safety no longer exists. In some cases, where a significant risk to the safety of students and the campus community will continue indefinitely, a student’s status will remain withdrawn. In such cases, the student will be notified. If the student is required to withdraw from some or all classes as a result of a continued significant risk to safety or for other reasons associated with this policy, a grade of W, administratively assigned, will be reflected on the transcript for those particular courses. The student will also be advised concerning the date when a petition for reinstatement will be considered along with any conditions for reinstatement. During the Safety Interim Suspension process, a representative of the University may contact the student’s parents or legal guardians, if deemed appropriate, and in accordance with FERPA.

Restrictions Appeal

A student may appeal the imposition of any restrictions under this policy, including the interim suspension by submitting a written request, with reasons for the appeal, to the Vice President for Student Life & Dean of Students (or designee) within five (5) business days of receiving notice of any restrictions imposed by this policy. The decision of the Vice President is the final decision of the University.

Safety Withdrawal Appeal

A student who is withdrawn from the University due to protective health or safety reasons may appeal the decision to the Vice President for Student Life & Dean of Students (or designee). The appeal must be in writing stating the reasons for the appeal and must be received within five (5) business days of the date the student received notification from the Assistant Vice President for Academic Enrichment/ EOF/MAP Director (or designee).

The Vice President for Student Life & Dean of Students (or designee) will conduct a review within five (5) business days of receipt of the written request unless extended by the President. Prior to the review, the student will be provided with all the following:

1. The opportunity to review any psychological or medical evaluations or other evidence relied upon by the Assistant Vice President for Academic Enrichment/ EOF/MAP Director (or designee);
2. A written statement providing an explanation of the reasons for involuntary safety withdrawal and the information relied upon; and,
3. The opportunity to be assisted by an appropriate advisor at the proceeding who may be a parent/legal guardian, a professional of the student’s choice, or legal counsel. Following the review, the Vice President for Student Life & Dean of Students (or designee) will determine whether to:
   a) uphold the withdrawal,
   b) reinstate the student with appropriate accommodations and/or subject to specified conditions as dictated by the individualized needs of the student.
Reinstatement
A student who has been withdrawn under this procedure and wishes to be considered for reinstatement must contact the Assistant Vice President for Academic Enrichment/ EOF/MAP Director (or designee) prior to his/her return and provide documentation evidencing that the student no longer poses a significant risk to the safety of any student and the campus community. The Assistant Vice President for Academic Enrichment/ EOF/MAP Director (or designee) and appropriate university personnel will review the request for reinstatement and meet with the student. The Assistant Vice President for Academic Enrichment/ EOF/MAP Director (or designee) will make a recommendation to the Vice President for Student Life & Dean of Students as to whether the student may be safely reinstated, and if reinstated, whether any accommodations or conditions are necessary to ensure safety. The decision of the Vice President for Student Life & Dean of Students is the final decision of the University.

Failure to Complete the Evaluation Process
A student who fails to complete the required evaluation process will not be permitted to return to the University until the outstanding matter is resolved.

Refund
If a student is unable to return as a result of a continuing significant risk to the safety of any student or the campus community, the student may request a retroactive withdrawal pursuant to applicable policy.

Attention Rowan Global Students:
The Vice President for Student Life & Dean of Students will inform Rowan Global, as needed, regarding any safety interim suspension or withdrawal or reinstatement that concern Rowan Global undergraduate, post-bac, or graduate-level students.

SALES, SOLICITATION AND FUNDRAISING ON CAMPUS
Unauthorized solicitation (e.g. selling and promotions) on campus is not permitted. Students may not act as agents for business firms when this entails solicitation or the receipt of goods on University property. However, the University does recognize and support fundraising projects of registered campus organizations or departments, especially when these activities provide a source of contributed funds for philanthropic purposes or community services, relate to the mission of the organization or department or provide a public service or benefit to the University community at large. Commercial vending and sales are limited to the Chamberlain Student Center first floor and must be requested and approved through the University Information Desk at extension 4607. Employment recruiters should contact the Career Management Center for recruitment opportunities. All employment recruiting will occur at the Career Management Center, the Chamberlain Student Center or any designated approved area. This policy does not apply to business-type activities conducted by a department when it is clear that such activities are related to the research and/or educational objectives of the institution.

STUDENT SEXUAL MISCONDUCT AND HARASSMENT POLICY
Student members of the University community have the right to access and benefit from the educational and other programs and services of the University free from any form of sexual violence, harassment or exploitation. Rowan University does not tolerate sexual misconduct or harassment of any kind. This policy has been developed to reaffirm these principles and to provide recourse for those individuals whose rights have been violated. All members of the community are expected to conduct themselves in a manner that does not infringe upon the rights of others. This policy applies to complaints alleging sexual misconduct or harassment carried out by students and visitors. Complaints against Rowan’s employees and vendors will be handled under the New Jersey Policy Prohibiting Discrimination in the Workplace. Questions regarding this policy should be directed to Dr. Johanna Velez-Yelin, Rowan’s Title IX Coordinator, at 856-256-5440.

Title IX of the Education Amendments of 1972 is a federal law that prohibits sex discrimination in the University’s programs and activities. It reads: “No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.” As a recipient of Federal financial assistance, Rowan University has jurisdiction over complaints alleging sex discrimination, including sexual harassment and sexual violence. Incidents of sex discrimination may also violate the New Jersey Law Against Discrimination, N.J.S.A 10:5-1 et seq.

When an alleged violation of this policy is brought to the attention of the University, the University will promptly take effective steps to end the behavior that is in violation, prevent further violations by the perpetrator(s), and remedy the effects of the violation on the Complainant and others, if appropriate. In the event that a complainant elects not to report or is unable to report the violation, the University will undertake reasonable efforts to investigate what occurred.

The University reserves the right to take whatever measures it deems necessary in response to an allegation of sexual misconduct or harassment in order to protect students’ rights and the personal safety of members of the community. While the University’s investigation is pending, the University will offer interim measures to protect the Complainant(s) and others. Interim measures may include but are not limited to: safety plan development (including escorts, special parking arrangements, providing a temporary cellphone), no contact directives, interim suspension from campus or residence privileges, modification of living arrangements, change of on-campus student housing assignment, exam (paper or assignment) rescheduling, taking an incomplete grade in a class, transferring of class sections, alternative course completion options, changing transportation and working situations, assistance with the University disciplinary process, referrals to on-campus resources or reporting to police. The University will maintain as confidential any protective measures provided to the Complainant, to the extent that maintaining such confidentiality would not impair the ability of the University to provide the protective measures. These measures can be offered regardless of whether or not the Complainant chooses to report the crime to Rowan Public Safety or local law enforcement. If the University’s investigation establishes that a violation of the policy has occurred, the University will offer remedies to the Complainant, which may include, but are not limited to, the measures listed above.

This policy applies to all prohibited conduct that occurs on University property (i.e., on campus) and in the local vicinity. It also applies to conduct that occurs off of University property (i.e., off campus) if the conduct occurred in the context of University-sponsored programs or activities, such as University field trips, travel, research, internship programs, and study abroad programs. Even if the off campus conduct did not occur in the context of a University program or activity, the University will consider whether the off campus conduct has a continuing adverse effect or could contribute to a hostile environment on campus.
I. Prohibited Conduct

Any of the following forms of behavior will be considered a violation of this policy.

Sexual/Gender-Based Harassment Offenses

Sexual/gender-based harassment is unwelcome sexual or gender based verbal or physical conduct that unreasonably interferes with or deprives others of their right to access and benefit from the educational and other programs and services of the University. Sexual violence is a form of sexual harassment. Sexual harassment offenses fall into two general categories.

Hostile Environment- harassing conduct that is sufficiently severe, pervasive/persistent and patently/objectively offensive that it substantially interferes with the conditions of education or employment, from both a subjective (the alleged victim’s) and an objective (reasonable person’s) viewpoint. The determination of whether an environment is “hostile” will be based on all of the circumstances. These circumstances could include but are not limited to:

- the frequency of the conduct;
- the nature and severity of the conduct;
- whether the conduct was physically threatening;
- whether the conduct was humiliating;
- whether the conduct was directed at a specific individual or more than one person;
- whether the conduct arose in the context of other discriminatory conduct;
- whether the conduct unreasonably interfered with the alleged Complainant’s educational or work performance;
- whether the statement is an utterance of an epithet which offends an employee or student, or offends by discourtesy or rudeness; or
- whether the speech or conduct is excluded from the protections of free speech or academic freedom.

Quid-pro-Quo - A violation of this type exists when there are:

- unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature; and
- submission to or rejection of such conduct results in adverse educational access or employment action

Sexual Misconduct Offenses and Definitions

Sexual Assault is any offense that meets the definitions listed below for rape, fondling, incest or statutory rape.

1. **Non-Consensual Sexual Contact** - any intentional sexual touching, however slight, with any body part or any object, without the consent of the victim.
   a. **Fondling** is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

2. **Non-Consensual Sexual Intercourse or Penetration (Rape)** means the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
   a. **Incest** is defined as sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
   b. **Statutory Rape** is defined as sexual intercourse with a person who is under the statutory age of consent.

3. **Sexual Exploitation** – behavior that takes non-consensual sexual advantage of any person to benefit any other person when the behavior does not otherwise constitute a sexual misconduct violation. Examples of sexual exploitation include, but are not limited to:
   - prostituting another person;
   - non-consensual video or audio-recording of sexual activity, or transmitting or distributing video or audio-recordings without permission;
   - voyeurism or spying on persons where they have a reasonable expectation of privacy;
   - knowingly transmitting a sexually transmitted infection or HIV to another person;
   - stalking with a sexual component. Stalking may take many forms, including persistent calling, texting, or posting on a social networking site as well as physical stalking. When the content of the messages or the nature of the physical stalking is of a sexual nature, sexual misconduct has occurred.

In the State of New Jersey, sexual assault is defined under N.J.S.A. 2C:14-2.¹

¹ An actor is guilty of aggravated sexual assault if he commits an act of sexual penetration with another person under any one of the following circumstances: (1) The victim is less than 13 years old; (2) The victim is at least 13 but less than 16 years old; and (a) The actor is related to the victim by blood or affinity to the third degree.
4. **Other Sexual Misconduct** – inappropriate sexual behaviors not covered previously in this section. Examples include but are not limited to sexual activity in public places.

5. **Domestic violence** means a felony or misdemeanor crime of violence committed:
   - By a current or former spouse or intimate partner of the victim,
   - By a person with whom the victim shares a child in common,
   - By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner,
   - By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or
   - By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

In the State of New Jersey, domestic violence is defined under 2C:25-19.²

6. **Dating violence** means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.
   - The existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship; the type of relationship; and the frequency of interaction between the persons involved in the relationship.
   - Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.

In the State of New Jersey, dating violence is defined under 2C:25-19(d).³

7. **Stalking** means engaging in a course of conduct directed at a specific person that would cause a reasonable person to: fear for his or her safety or the safety of others; or suffer substantial emotional distress.
   - (A) Course of conduct means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property.
   - (B) Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.
   - (C) Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

In the State of New Jersey, stalking is defined under 2C:12-10.⁴

II. Consent

In order for individuals to engage in sexual contact of any kind, there must be clear consent between the individuals involved.

---

³ Under 2C:25-19(d), "Victim of domestic violence" means a person protected under this act and shall include any person who is 18 years of age or older or who is an emancipated minor and who has been subjected to domestic violence by a spouse, former spouse, or any other person who is a present or former household member. "Victim of domestic violence" also includes any person, regardless of age, who has been subjected to domestic violence by a person with whom the victim has a child in common, or with whom the victim anticipates having a child in common, if one of the parties is pregnant. "Victim of domestic violence" also includes any person who has been subjected to domestic violence by a person with whom the victim has had a dating relationship.

⁴ Under 2C:12-10, “A person is guilty of stalking, a crime of the fourth degree, if he purposefully or knowingly engages in a course of conduct directed at a specific person that would cause a reasonable person to fear for his safety or the safety of a third person or suffer other emotional distress.”
• The person giving consent must be capable of doing so freely, with the ability to understand what they are doing and the specific details (who, what, when, where and how) of the sexual contact they are consenting to.
• Consent can be given by words or actions, as long as those words or actions create mutually understandable permission regarding the conditions of sexual activity.
• It is the obligation of the person initiating sexual contact to obtain clear consent for the specific type of sexual contact sought.
• Silence or passivity without words or actions that communicate mutually understandable permission cannot be assumed to convey consent.
• Consent for one form of sexual contact does not imply consent to other forms.
• Past consent does not constitute consent for future sexual activity. Use of violence, threats, coercion, or intimidation invalidates any consent given.
• Persons who are incapacitated due to the use of drugs or alcohol cannot give consent.
• Consent cannot be given by a person who is unconscious or sleeping. If consent has been given while a person is conscious or awake, and then that person becomes unconscious or falls asleep, consent terminates at that point.
• Persons, who are unable to give valid consent under the law (i.e. minors, individuals with mental health disabilities), will be considered unable to give consent under this policy.
• The University will apply a reasonable person standard in determining whether or not consent was given and whether a person was incapacitated, unless otherwise required by law.

In the State of New Jersey, consent in relation to sexual activity is defined under 2C:2-10.5

III. Reporting Options

Students and those who have knowledge of sexual misconduct or harassment are strongly encouraged to report this information as soon as possible. Prompt reporting of incidents greatly improves the ability of the University and law enforcement to provide support resources to victims and to address the violations effectively. Although there is no time limit for reporting sexual harassment or misconduct offenses, delays in reporting may reduce the ability of the University and law enforcement to investigate and respond to incidents. As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. Students can use the Title IX Complaint Form to report an incident. The complaint should contain a concise statement of the alleged violations of the Student Sexual Misconduct and Harassment Policy and a detailed statement of the facts supporting the alleged violations.

After an incident of sexual assault and domestic violence, the victim should consider seeking medical attention as soon as possible at Kennedy University Hospital, Washington Township, for Glassboro campus, Cooper University Hospital, Camden, for CMSRU and Kennedy University Hospital, Stratford for RowanSOM campus in Stratford. In New Jersey, evidence may be collected even if you chose not to make a report to law enforcement. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to University hearing boards/investigators or police.

Where criminal behavior is involved, the University encourages, and will assist victims with, reporting to law enforcement. However, victims have the right to decline notifying law enforcement. A victim may choose to report to the University before they have made a decision about whether or not to report to law enforcement. A victim has the right to file a criminal complaint and a Title IX complaint simultaneously. For criminal offenses that occur on the University campus, victims should immediately contact Rowan Public Safety, 856-256-4911. Rowan Public Safety can assist victims in contacting and filing a complaint with any other agency when the incident

5 In relation to consent for sexual activity, 2C:2-10 provides:
   a. In general. The consent of the victim to conduct charged to constitute an offense or to the result thereof is a defense if such consent negates an element of the offense or precludes the infliction of the harm or evil sought to be prevented by the law defining the offense.
   b. Consent to bodily harm. When conduct is charged to constitute an offense because it causes or threatens bodily harm, consent to such conduct or to the infliction of such harm is a defense if:
      (1) The bodily harm consented to or threatened by the conduct consented to is not serious; or
      (2) The conduct and the harm are reasonably foreseeable hazards of joint participation in a concerted activity of a kind not forbidden by law; or
      (3) The consent establishes a justification for the conduct under chapter 3 of the code.
   c. Ineffective consent. Unless otherwise provided by the code or by the law defining the offense, assent does not constitute consent if:
      (1) It is given by a person who is legally incompetent to authorize the conduct charged to constitute the offense; or
      (2) It is given by a person who by reason of youth, mental disease or defect or intoxication is manifestly unable or known by the actor to be unable to make a reasonable judgment as to the nature of harmfulness of the conduct charged to constitute an offense; or
      (3) It is induced by force, duress or deception of a kind sought to be prevented by the law defining the offense.

Rowan University complies with New Jersey law in recognizing orders of protection, Temporary Restraining Orders (TRO) and Final Restraining Orders (FRO). The University cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s). The victim is required to apply directly for these services in conjunction with campus law enforcement, local law enforcement and the appropriate county services which lay in each county. Family court will provide a copy of the order to Campus Police and the Office of the Title IX Coordinator.

A copy of the New Jersey Policy Prohibiting Discrimination in the Workplace and the corresponding Model Procedures is available in the Office of Equity and Diversity or at the website: www.rowan.edu/equity.

Anonymous Reporting
Although the University strongly encourages students to report incidents of sexual harassment or sexual violence to University officials, students can call the 24 hour Alertline to anonymously report incidents of sexual misconduct, sexual harassment or sexual violence by calling 855-431-9667 or logging on to rowan.edu/integrityline. Students should be aware that if they provide personally identifying information (i.e., names, telephone numbers, dorm room numbers, etc.) in the anonymous report, the University may have an obligation to investigate the report.
Other Services for Victims at Rowan and in the Surrounding Community
The University will provide written notification to victims about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services that are available at Rowan and in the surrounding communities. Some of those services are listed in this policy, and they include, but are not limited to: http://www.centerffs.org/serv/serv-sexual-violence-services - SERV (Services Empowering Rape Victims) www.rainn.org – Rape, Abuse and Incest National Network www.ovw.usdoj.gov/sexassault.htm – Department of Justice www2.ed.gov/about/offices/list/ocr/index.html – Department of Education, Office of Civil Rights

IV. Retaliation
Title IX prohibits retaliation. Any harassment or adverse employment or educational action taken against a person because of that person’s participation in a complaint or investigation of discrimination or sexual misconduct is a violation of this policy, and will result in immediate action by the University to stop the retaliatory behavior, prevent further violations by the perpetrator(s), and remedy any adverse impact of the violation.

V. Confidentiality
When the University is made aware of a report or allegation of sexual misconduct or harassment, the University will endeavor to maintain the confidentiality of the matter and of all individuals involved to the extent permitted by law. The University will balance the needs of the individuals involved (Complainant and Respondent) with its obligation to fully investigate allegations and to protect the safety and wellbeing of the community at large. In all cases, the University and its employees will respect the dignity and rights of all individuals involved.

When consulting campus resources, students should be aware that certain campus authorities are Responsible Employees who are mandated to report and take action after receiving information regarding sexual misconduct and harassment. These include, but are not limited to, Public Safety Police and Security Officers, managers and supervisors, coaches, club and organization advisors, faculty, Deans, and Residential Learning staff (Resident Assistants, Community Safety Assistants, Resident Directors, and Residential Learning Coordinators). If a student has reported information to a Responsible Employee, but the student would like for the report to remain confidential, the student should contact the Title IX Coordinator, who will evaluate the student’s request for confidentiality.

If a student wishes to speak to employees of the University confidentially, the student should ask the employees about their ability to maintain confidentiality before engaging in discussions. Different people on campus have different reporting responsibilities, and different abilities to maintain your confidentiality, depending on their roles at the University.

Confidential Resources
Students who desire that details of an incident be kept confidential can receive confidential services through the Counseling & Psychological Services Center (856-256-4333), which is located in the Wellness Center at Winans Hall. There are counselors available with specialized training to support Complainants of sexual violence. Counselors are available to help you free of charge, and can be seen on an emergency basis. The Student Health Center (856-256-4222) can also provide confidential consultation with victims and may offer treatment to prevent sexually transmitted infections or pregnancy. In circumstances where the Health Center is unable to offer these services, they will provide a referral to an appropriate medical resource. In addition, you may speak on and off campus with members of the clergy, who will also keep reports made to them confidential.

When speaking with these resources, a student’s right to confidentiality is legally protected. However, there are limits to this protection in specific situations. For example, if a student discloses that the incident involved the use of a weapon or other contraband as defined by New Jersey law, or there is an ongoing threat or danger to the safety of another person (particularly children or the elderly), these resources may be required to report the incident to police.

VI. Federal Statistical Reporting and Federal Timely Warning Obligations
Certain campus officials have a duty to report sexual misconduct for federal statistical reporting purposes. All personally identifiable information is kept confidential, but statistical information must be passed along to campus law enforcement regarding the type of incident and its general location (on or off-campus, in the surrounding area, etc.- with addresses withheld), for publication in the annual Campus Security Report. This report helps to provide the community with a clear picture of the extent and nature of campus crime to ensure greater community safety. Mandated federal reporters include: Student Life managers or supervisors, campus law enforcement, local police, coaches, athletic directors, Resident Assistants and Resident Directors, student activities staff, human resources staff, advisors to student organizations and any other staff members with significant responsibility for student and campus activities.

Victims of sexual misconduct should also be aware that University administrators must issue timely warnings for incidents reported to them that pose a substantial threat of bodily harm or danger to members of the community to aid in the prevention of similar occurrences. The University will withhold the names and other personally identifiable information of victims as confidential, while
VII. Resolution Procedures

Voluntary Resolution Procedures

1. Upon request by the parties, some complaints of sexual misconduct can be resolved through voluntary resolution processes that are facilitated by the Title IX Manager. The Title IX Coordinator, the Title IX Manager or other designated administrator will determine whether voluntary resolution is appropriate depending upon the complaint allegations. Voluntary procedures are never applied in cases involving violence or nonconsensual sexual intercourse or penetration.

2. If appropriate, the Title IX Manager or designated administrator may arrange for/or facilitate mediation between the involved parties or coordinate other voluntary resolution. Voluntary resolution procedures will be initiated within seven (7) calendar days of the receipt of the Complainant’s request for voluntary resolution. Details of the complaint will be given to the Respondent during the first investigatory interview.

3. The University will ordinarily complete the voluntary resolution procedures and disciplinary process, if any, within sixty (60) calendar days. All timeframes set forth in this policy may be extended by the Title IX Manager or other administrator for good cause, with written notice to the Complainant and the Respondent of the delay and the reason for the delay.

4. Voluntary resolution procedures are optional and may be terminated at any time by the parties.

5. Once the voluntary resolution procedures have been completed, a voluntary resolution agreement, which outlines the terms agreed upon by the parties, will be provided to both parties simultaneously by the Title IX Manager or appropriate administrator. If either party is unsatisfied with the outcome of the voluntary resolution procedures, the formal resolution procedures may be pursued. If either party alleges that the terms of the voluntary resolution agreement have been breached, the formal resolution procedures will be initiated.

Formal Resolution Procedures

1. The formal resolution procedure will be initiated upon request by either party or when the University determines it is necessary.

2. The University will ordinarily complete its investigation and disciplinary process, if any, within sixty (60) calendar days. All timeframes set forth in this policy may be extended by the Title IX Manager or other administrator for good cause, with written notice to the Complainant and the Respondent of the delay and the reason for the delay.

3. Once a report of sexual misconduct has been made, an adequate, reliable and impartial investigation into the report will be initiated by the Title IX Manager or appropriate administrator within seven calendar days. The Title IX Coordinator and the Title IX Manager receive annual training on the issues related to domestic violence, dating violence, sexual assault, and stalking and how to conduct an investigation that protects the safety of Complainants and promotes accountability. For reports involving allegations against University employees, the Title IX Coordinator or the Title IX Manager in conjunction with the Associate Vice President for Employee & Labor Relations may conduct the investigation and resolve the issue according to the employee policy.

4. Once the Respondent has been notified of the formal written complaint, the Complainant and the Respondent will be kept informed of all developments and will be advised of the procedures that will guide the resolution of the complaint. Details of the complaint will be given to the Respondent during the first investigatory interview. Both parties will receive timely notice of meetings at which the Complainant or Respondent, or both, may be present. In addition, both parties may be accompanied by an advisor of their choice for any meetings with the Title IX Manager.

5. The investigation may include any of the following: interviews of the parties involved, including witnesses, review of written statements, and the gathering of other relevant information. Both parties will have the opportunity to present witnesses and other evidence.

6. Title IX Manager will review all of the information gathered during the investigation and will prepare initial findings of fact, which will be shared with the parties. After the parties have been provided the initial findings of fact, the parties will have the opportunity to provide additional or rebuttal information within 7 business days to the Title IX Manager.

7. The Title IX Manager will review additional or rebuttal information provided, if any, and will generate a final report with preliminary findings. The preliminary findings will be based on a “Preponderance of the Evidence” standard which means whether “It is more likely than not” that a violation of the Sexual Misconduct and Harassment Policy occurred. The parties will be provided with a copy of the final report with preliminary findings simultaneously and will be advised that the preliminary findings are subject to a hearing under the Student Disciplinary Process.

8. The Student Disciplinary Process will be confidential to the extent possible and as allowed by law.

9. For complaints that will be adjudicated by the Student Disciplinary Process, the appropriate adjudicator will be determined as follows:
   - Administrative Hearing Officer - If the alleged violation is one for which the Respondent student could not be suspended or expelled from the University, the complaint will be heard by an Administrative Hearing Officer.
- **Sexual Misconduct & Harassment Hearing Board** - If the alleged violation is one for which the Respondent student could likely be suspended or expelled from the University, the complaint will be heard by the Sexual Misconduct & Harassment Hearing Board.

10. Administrative Hearing Officers and Hearing Board members receive annual training on the issues related to domestic violence, dating violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of Complainants and promotes accountability.

11. The Respondent and the Complainant will receive timely notice in writing of the date and time of the hearing before the Sexual Misconduct & Harassment Hearing Board or appropriate Administrative Hearing Officer.

12. The Respondent and the Complainant will have the opportunity to make a request to the Assistant Vice President for Civic Involvement for witnesses to participate in the hearing on their behalf. The parties will have an opportunity to present witnesses and other evidence.

13. The Respondent and the Complainant must notify the Assistant Vice President of any advisors and witnesses attending the hearing 5 (five) business days prior to the hearing.

14. Any additional scheduling requests must be directed to the Assistant Vice President to be determined.

15. If a sexual misconduct or harassment case based on the same alleged incident(s) is also being heard by a civil or criminal court, the University retains the right to hear the case before, after, or during the same time as the civil or criminal case, and to implement appropriate action (such as No Contact Directives, removal from campus residence facilities, removing a student from a class or classes or Interim Suspension) to maintain the safety of the parties involved and the campus.

16. The University will attempt to schedule a hearing within 20 business days after receipt of the Investigative Report with preliminary findings.

17. The Assistant Vice President for Civic Involvement (or designee) will assemble a Sexual Misconduct & Harassment Hearing Board of at least three trained staff members to hear appeals and will serve as the Chair. Each Sexual Misconduct & Harassment Hearing Board will be composed of representatives of both genders.

18. All hearings will be closed to the public.

19. Each Board member must indicate to the Assistant Vice President within 3 days prior to the hearing whether they have knowledge of the participants in the case that may impair – or may be perceived to impair – their ability to hear and determine a case impartially, and to excuse themselves if their participation might compromise the integrity of the hearing process.

20. All hearings will be audio recorded. A digital file will be made available to the Complainant and/or Respondent student in the event a request for an appeal is filed.

21. Board members will be provided with access to written information and evidence at least 24 hours prior to the hearing.

22. The Respondent and the Complainant may each be accompanied by an Advisor. The Advisors are present to support the parties and to provide advice on procedural matters. The Advisors do not have speaking privileges during the hearing. A hearing will not be cancelled or postponed in the event an Advisor does not attend. If the Advisor is not able to attend, the Respondent or the Complainant should arrange for a substitute advisor.

23. If the Respondent or the Complainant fails to appear at the hearing, the matter will be resolved in their absence.

24. Witnesses may be present at the hearing only at the time they are called to participate. A hearing will not be cancelled or postponed if a scheduled witness does not attend.

25. Written statements of witnesses not in attendance due to extraordinary circumstances may be considered by the Sexual Misconduct & Harassment Hearing Board, if approved by the Chair.

26. In making its determination the Sexual Misconduct & Harassment Hearing Board will consider only the evidence admitted at the hearing and the admission of evidence will be within the discretion of the Chair.

27. At the start of the hearing, the Chair will ask if the Respondent has received the formal complaint, and if the nature of the formal complaint is understood.

28. The designated administrator will present the formal complaint along with the information obtained through the investigative process to the Sexual Misconduct & Harassment Hearing Board, if applicable. Only the information and evidence related to the alleged violations set forth in the formal complaint will be considered.

29. The remainder of the hearing will customarily proceed in the following order:

   1) Opening statement from the Complainant.
   2) Opening statement from the Respondent.
   3) Complainant and Respondent questioning of witnesses (each witness will be questioned separately).
   4) Board questioning of witnesses (each witness will be questioned separately then excused).
   5) Board questioning of the Complainant and the Respondent.
   6) Respondent’s responding statement.
   7) Complainant’s responding statement.
   8) Final questions from Board.
   9) Respondent student’s closing statement.
  10) Complainant’s closing statement.

30. The Sexual Misconduct & Harassment Hearing Board will deliberate in private and make an appropriate determination based on the information presented during the hearing.
31. The Sexual Misconduct & Harassment Hearing Board by a majority decision will determine whether or not the Respondent student violated the Sexual Misconduct and Harassment Policy as alleged in the formal complaint by finding either: “In violation” or “Not in violation” of the Sexual Misconduct and Harassment Policy. The Sexual Misconduct & Harassment Hearing Board’s determination will be based on a “Preponderance of the Evidence” standard which means the Board will determine whether “it is more likely than not” that a violation of the Sexual Misconduct and Harassment Policy occurred.

32. If a determination of “In violation” is rendered, the Sexual Misconduct & Harassment Hearing Board will determine an appropriate sanction(s) consistent with those specified in the Rowan University Student Code of Conduct, Section G5. “Standard Sanctions for Sexual Misconduct and Harassment Violations”

33. The Sexual Misconduct & Harassment Hearing Board will have up to 10 (ten) business days to render a decision.

34. The Assistant Vice President will notify the Respondent and the Complainant simultaneously in writing of the decision.

35. The Respondent and the Complainant may file a written appeal of the decision in accordance with established procedures (See Section VIII of the Student Sexual Misconduct and Harassment Policy).

36. The Assistant Vice President will notify the Respondent and the Complainant simultaneously in writing of any change to the results prior to final imposition and the date of final imposition.

VIII. Appeal Procedures

1. Upon receiving notification of the outcome of a hearing conducted by the Sexual Misconduct & Harassment Hearing Board or the outcome of the conclusion reached by the Administrative Hearing Office, the Respondent or the Complainant may file an appeal under the following circumstances:
   a. The specified procedural error(s) or error(s) in the interpretation of University regulations is so substantial as to effectively deny the participant a fair hearing;
   b. New and significant information has become available which could not have been discovered by a properly diligent person before or during the hearing. The outcome of a criminal or civil proceeding, related to the matter will not constitute new and significant information;
   c. The sanction is inappropriate in light of the violation; or
   d. The facts of the case were insufficient to establish that a violation occurred.

If information is brought to the Vice President for Student Life/Dean of Students that merits an appeal under any of the reasons stated above, the Vice President or designee can also file an appeal request.

2. All appeals must be submitted within five (5) business days of the date on the letter informing the parties of the decision, unless extenuating circumstances (i.e., mental incapacity, hospitalization) impede the filing of the appeal. Appeals must be submitted in writing to the Assistant Vice President for Civic Involvement and should explain in detail the basis of the request, including any supporting documentation.

3. Upon receipt of the written appeal, the Assistant Vice President for Civic Involvement will defer the imposition of the sanction(s) pending the decision on the appeal. Note: Interim Suspension, no contact order directives and other interim restrictions will remain in effect during the appeal process.

4. Cases adjudicated by the Sexual Misconduct & Harassment Hearing Board will be forwarded to the Sexual Misconduct & Harassment Appeals Board. All other cases will be forwarded to the Vice President for Student Life/Dean of Students or designee.

5. An appeal will be responded to within fifteen (15) business days and a final decision will be issued in writing either accepting or denying the appeal and giving the reasons for this decision.

6. The Sexual Misconduct & Harassment Appeals Board:
   a. The Assistant Vice President for Civic Involvement convenes the Sexual Misconduct & Harassment Appeals Board. The Board is comprised of three members of the University’s Administration (appointed by the Office of the President). Designees may be used in any of the positions. Each member must be in attendance for a quorum.
   b. Appeal Officers and Appeals Board members receive annual training on the issues related to domestic violence, dating violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of Complainants and promotes accountability.
   c. The Sexual Misconduct & Harassment Appeals Board will review the written appeal and all documentation contained in the case file in a closed meeting. The decision to deny or uphold the appeal will be made by a simple majority vote. If an appeal is upheld based on procedural error or new information (reasons a or b above), the case will be remanded to the Sexual Misconduct & Harassment Hearing Board for re-opening of the hearing. If an appeal is upheld based on disproportionate sanction or lack of sufficient information (reasons c or d above), the Sexual Misconduct & Harassment Appeals Board will render the appropriate determination and/or sanction.
   d. Normally, all Sexual Misconduct & Harassment Appeals Board decisions are final and will be forwarded to the Office of Community Standards for immediate implementation. For cases involving an expulsion of a student, the Respondent, the Complainant, or the Vice President for Student Life/Dean of Students or designee (in Sexual Misconduct & Harassment Hearing Board cases) may request that the Executive Vice President of the University review the decision of the Sexual Misconduct & Harassment Appeals Board.
A request for review by the Executive Vice President must be made within two (2) business days of the date on the letter informing the parties of the Sexual Misconduct & Harassment Appeals Board decision. The request must be submitted in writing to the Office of Community Standards and must include clear and convincing reasons to change the decision of the Sexual Misconduct & Harassment Appeals Board. The Executive Vice President may or may not elect to review a decision. The request for review will be responded to within 15 days by the Executive Vice President.

If the Executive Vice President elects to review the determination, the Executive Vice President shall only overturn the decision if the facts presented demonstrate that the Appeals Board’s determination was arbitrary and capricious. This means that the decision will be overturned only if the decision was invalid because it was made on unreasonable grounds or without consideration of the circumstances.

When it is not possible for the Sexual Misconduct & Harassment Appeals Board to meet within the established time, an appeal from Sexual Misconduct & Harassment Hearing Board cases may be reviewed by the Vice President for Student Life/Dean of Students for final disposition.

The appeals process described above will be the final step in the discipline process and constitutes final agency action.

IX. Sanctions for Violations
Not all forms of sexual misconduct will be deemed to be equally serious offenses, and the University reserves the right to impose differing sanctions, ranging from official warning to expulsion, depending on the severity of the offense. The University will consider the concerns and rights of the complainant and the Respondent of sexual misconduct or harassment.

The Administrative Hearing Officer or the Sexual Misconduct & Harassment Hearing Board will determine the most appropriate sanction in each specific case, taking into consideration the severity of the conduct represented in the complaint as well as any mitigating circumstances. There will be no deviation from the range of standard sanctions unless compelling justification exists to do so. RowanSOM and CMSRU students should be aware that they may be subject to additional disciplinary action and/or sanctions due to the professional or ethical standards of RowanSOM and CMSRU.

X. Special Provisions

**Alternative Testimony Options**

For all participating parties, alternative testimony options will be provided. Options include, placing a privacy screen in the hearing room, providing testimony from another room via video or other options that provide a safe space for participation while not depriving the Respondent of their rights in the process. While alternative testimony options are intended to help make the Complainant or other participating parties more comfortable, they are not intended to work to the disadvantage of the Respondent.

**Attempted Violations**

In most circumstances, the University will treat attempts to commit any of the violations described in this policy as if those attempts had been completed, and students will be subject to disciplinary action accordingly.
False Reports
The University does not tolerate intentional false reporting of incidents. It is a violation of the Student Code of Conduct to make an intentionally false report of any policy violation, and it may also violate state criminal statutes and civil defamation laws.

Good Samaritan Policy
The welfare of students in our community is of paramount importance. It is in the best interests of this community that as many students as possible choose to report incidents involving sexual misconduct or harassment. The University encourages the reporting of sexual misconduct and harassment violations. The University also encourages students to offer help and assistance to others in need. This is true even when the student who has a complaint or a witness may have a concern that his or her own actions, including drug or alcohol use, may have violated university policies. Under the Good Samaritan Policy, the University will not pursue disciplinary action for drug or alcohol violations, or most other violations of the Code of Student Conduct, against a Complainant or witness who comes forward in good faith to report sexual misconduct or harassment, crimes of violence, or other serious criminal behavior. While violations cannot always be completely overlooked, the university will provide educational options rather than punishment, in such cases. This limited immunity does not extend to the perpetrator(s) of the sexual misconduct or harassment, crimes of violence, or other serious criminal behavior.

Notification of Outcomes
The outcome of a campus disciplinary hearing is part of the education record of the Respondent student and is protected from release under FERPA. However the University observes the exceptions as follows:
- Complainants of incidents charged under the Student Sexual Misconduct and Harassment Policy have a right to be informed simultaneously of the outcome and sanctions of the hearing, in writing. Complainants are also permitted to submit an appeal.
- Complainants who bring a complaint against faculty or staff under the Sexual Misconduct and Harassment Policy may be informed of the outcome and sanction.
- The University may release publicly the name, nature of the offense and sanction for any Respondent student who is found in violation of a University policy that is a sex offense or crime of violence (refer to Student Code of Conduct, Sections A & K)
- Parents or guardians of the Respondent student may be notified for cases involving sex offenses or crimes of violence (refer to Student Code of Conduct, Sections A & K)

Past Sexual History/Character
The past sexual history or sexual character of a student will not be admissible by the other party in hearings unless such information is determined to be highly relevant by the Chair. All such information sought to be admitted will be presumed irrelevant, and any request to overcome this presumption by the parties must be included in the complaint/response or a subsequent written request, and must be reviewed in advance of the hearing by the Assistant Vice President. If, in the past, the Respondent student was found to have violated the Student Sexual Misconduct and Harassment Policy, the information related to that past violation may be considered in the hearing if: (a) the previous violation was substantially similar to the present complaint; and (b) the previous violation indicates a pattern of behavior and substantial conformity with that pattern by the Respondent student.

University as Complainant
As necessary, the University reserves the right to initiate a complaint, to serve as Complainant, and to initiate institutional disciplinary proceedings without a formal complaint by the victim of sexual misconduct or harassment.

XI. Timeline
All time frames set forth in this Policy may be extended by the Title IX Manager or other administrator for good cause, with written notice to the Complainant and the Respondent of the delay and the reason for the delay.

XII. Education and Prevention
Rowan regularly conducts educational programs to prevent sexual misconduct and violence, including sexual assault, domestic violence, stalking and dating violence, within its campuses and communities. Primary prevention programs are offered to incoming students and new employees during mandatory orientation sessions. During these programs, attendees are educated about the University’s prohibition of the crimes of sexual assault, domestic violence, dating violence, stalking and other forms of sex discrimination. Attendees are also informed of the definitions of these crimes, per New Jersey statutes, and the definition of consent in reference to sexual activity. Furthermore, attendees are provided information on safe and positive options for bystander intervention and risk reduction. To further its goal of ensuring that students and employees remain aware of Rowan’s mission to maintain a campus that does not tolerate sex discrimination, Rowan collaborates with campus and community-based victim advocacy organizations in formulating and conducting ongoing prevention and awareness campaigns for students and employees year-round. The workshop topics include, but are not limited to: sexual violence prevention; the availability of resources for victims; campus sexual violence policies and procedures for filing complaints; confidentiality and privacy concerns; and sexual health, wellness and healthy choices.
How to be an Active Bystander

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.” (Taken from Burn, S.M. (2009). A situational model of sexual assault prevention through bystander intervention. Sex Roles, 60, 779-792.) We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. (Bystander intervention strategies adapted from Stanford University’s Office of Sexual Assault & Relationship Abuse). Further information regarding bystander intervention may be found. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

Risk Reduction

With no intent to victim blame and recognizing that only rapists are responsible for rape, the following are some strategies to reduce one’s risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org)

1. Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to avoid isolated areas. It is more difficult to get help if no one is around.
3. Walk with purpose. Even if you don’t know where you are going, act like you do.
4. Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
5. Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
6. Make sure your cell phone is with you and charged and that you have cab money.
7. Don’t allow yourself to be isolated with someone you don’t trust or someone you don’t know.
8. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
9. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
11. Don’t leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, just get a new one.
12. Don’t accept drinks from people you don’t know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the punch bowls or other large, common open containers.
13. Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they’ve had, or is acting out of character, get him or her to a safe place immediately.
14. If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
   a. Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
   b. Be true to yourself. Don’t feel obligated to do anything you don’t want to do. “I don’t want to” is always a good enough reason. Do what feels right to you and what you are comfortable with.
   c. Have a code word with your friends or family so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
   d. Lie. If you don’t want to hurt the person’s feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
16. Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
17. If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

XIII. New Jersey Sexual Assault Complainant’s Bill of Rights
A college or university in a free society must be devoted to the pursuit of truth and knowledge through reason and open communication among its members. Academic communities acknowledge the necessity of being intellectually stimulating where the diversity of ideas is valued. Its rules must be conceived for the purpose of furthering and protecting the rights of all members of the university community in achieving these ends. The boundaries of personal freedom are limited by applicable state and federal laws and institutional rules and regulations governing interpersonal behavior. In creating a community free from violence, sexual assault and non-consensual sexual contact, respect for the individual and human dignity are of paramount importance.

The state of New Jersey recognizes that the impact of violence on its victims and the surrounding community can be severe and long lasting. Thus, it has established this Bill of Rights to articulate requirements for policies, procedures and services designed to insure that the needs of victims are met and that the colleges and universities in New Jersey create and maintain communities that support human dignity.

Bill of Rights The following Rights shall be accorded to victims of sexual assault that occur on the campus of any public or independent institution of higher education in the state of New Jersey, and where the victim or alleged perpetrator is a student at that institution, and/or when the victim is a student involved in an off-campus sexual assault.

Human Dignity Rights: to be free from any suggestion that victims must report the crimes to be assured of any other right guaranteed under this policy; to have any allegations of sexual assault treated seriously; the right to be treated with dignity; to be free from any suggestion that victims are responsible for the commission of crimes against them; to be free from any pressure from campus personnel to: report crimes if the victim does not wish to do so, report crimes as lesser offenses than the victim perceives the crime to be, refrain from reporting crimes, refrain from reporting crimes to avoid unwanted personal publicity.

Rights to Resources On and Off Campus: to be notified of existing campus and community based medical, counseling, mental health and student services for victims of sexual assault whether or not the crime is formally reported to campus or civil authorities; to have access to campus counseling under the same terms and conditions as apply to other students in their institution seeking such counseling; to be informed of and assisted in exercising: any rights to confidential or anonymous testing for sexually transmitted diseases, human immunodeficiency virus, and/or pregnancy, any rights that may be provided by law to compel and disclose the results of testing of sexual assault suspects for communicable diseases.

Campus Judicial Rights: to be afforded the same access to legal assistance as the accused; to be afforded the same opportunity to have others present during any campus disciplinary proceeding that is allowed the accused; to be notified of the outcome of the sexual assault disciplinary proceeding against the accused.

Legal Rights: to have any allegation of sexual assault investigated and adjudicated by the appropriate criminal and civil authorities of the jurisdiction in which the sexual assault is reported; to receive full and prompt cooperation and assistance of campus personnel in notifying the proper authorities; to receive full, prompt and victim-sensitive cooperation of campus personnel with regard to obtaining, securing and maintaining evidence, including a medical examination when it is necessary to preserve evidence of the assault.

Campus Intervention Rights: to require campus personnel to take reasonable and necessary actions to prevent further unwanted contact of victims by their alleged assailants; to be notified of the options for and provide assistance in changing academic and living situations if such changes are reasonably available.

Statutory Mandates: Each campus must guarantee that this Bill of Rights is implemented. It is the obligation of the individual campus governing board to examine resources dedicated to services required and to make appropriate requests to increase or reallocate resources where necessary to ensure implementation. Each campus shall make every reasonable effort to ensure that every student at the institution receives a copy of this document. Nothing in this act or in any “Campus Assault Victim’s Bill of Rights” developed in accordance with the provisions of this act shall be construed to preclude or in any way restrict any public or independent institution of higher education in the state from reporting any suspected crime or offense to the appropriate law enforcement authorities.
SITUATION THREAT ASSESSMENT POLICY AND PROTOCOL

Rowan University is committed to promoting a safe and secure learning environment. It is intended that all useful management strategies be employed to identify and prevent incidents of campus violence, reduce the effects of violence on victims, and provide consequences to those who threaten or perpetrate violence. The University will use available resources within the Division of Student Life in responding to alleged threats or acts of violence by students.

Definitions

Threat: A threat is defined as any behavior that suggests intent to harm oneself or others. Threats may be spoken, written, e-mailed, or expressed in some other way, such as through gestures. Threats can be made towards oneself, directly to the intended victim, communicated through third parties, or expressed in private writings. Possession of any item used as a weapon such as a firearm or knife on campus would be presumed to indicate a threat, unless determined otherwise by subsequent investigation.

Situation Threat Assessment Team (STAT)

Rowan University’s Situation Threat Assessment Team (STAT) assists in individually evaluating and documenting situations where students are displaying disruptive or threatening behaviors that may impede their own or others’ ability to function successfully or safely in an educational setting. The process is designed to identify persons whose behaviors may endanger their own or others’ health and safety.

The Situation Threat Assessment Team consists of University personnel with expertise in law enforcement/threat assessment/tactical applications, mental health, medical knowledge, and student affairs. A collaborative process to assess threats will be used, and, depending on the situation, personnel with areas of specialization/responsibility may be called upon to assist the team. Other individuals may also be consulted to share expertise or other pertinent information.

Purpose

For the safety of the campus community, any threat, explicit or implied, will be considered a statement of intent. The Situation Threat Assessment Team will recommend actions to the Vice President for Student Life & Dean of Students. This team has been established to:

- Respond to threats of any kind that include harassment, physical altercations, destruction of property, or any behavior that poses a risk to self or others.
- Initiate contact with appropriate authorities to place a student in the custody of a mental health facility capable of supporting specific behaviors.
- Evaluate concerns and assess likelihood of physical harm.
- Coordinate information from faculty, administrators, students, and local authorities.
- Investigate the incident(s) and recommend appropriate actions, which may include suspension, expulsion, involuntary leave of absence, filing of criminal charges, or ongoing monitoring for follow-up and observation of behavior patterns;
- Identify resources for troubled students and make referrals to appropriate campus and off-campus agencies; help secure therapeutic actions that are appropriate, such as treatment or counseling, hospitalization, and external psychological evaluations.
- Notify, within FERPA guidelines, parents, guardians and/or emergency contacts.
- Periodically assess outcomes of actions taken, and develop strategies for risk reduction.
- Make recommendations for resolution of specific incidents as well as recommendations for improvements to general procedures.

Protocol

Faculty, staff, and students should immediately report any situation that could result in harm to anyone at the University. Any member of the campus community may become aware of a student or situation that is causing serious anxiety, stress, or fear and, if so, the reporting party should immediately call the Department of Public Safety & Emergency Management at 856-256-4922 or the Vice President for Student Life & Dean of Students at (856) 256-4283.

The Vice President for Student Life & Dean of Students (or designee), will initially review the report and, if appropriate, convene the STAT. The STAT shall be comprised of the Vice President for Student Life & Dean of Students, the Assistant Vice President for Public Safety & Emergency Management (or designee), Senior Director for Student Wellness, the Associate Dean for Civic Involvement, and the Associate Dean for Academic Enrichment and Director of EOF/MAP.

Once a report is received, the following preliminary investigative information will be collected by the Vice President for Student Life & Dean of Students and/or other members of the STAT appropriate/necessary to complete the preliminary investigation as expeditiously as possible:
1. Relevant information from interviews;
2. Student disciplinary history;
3. Other relevant information as deemed appropriate to assure the safety of the University community.

The team will meet on an as needed basis to review reports concerning disruptive, inappropriate, and/or threatening behavior. All information received by or related to the activities of the STAT will be maintained by the Vice President for Student Life & Dean of Students. This information will be treated as confidential in accordance with FERPA and other applicable laws. Information collected by the STAT will be released only as required by law or permitted by law under exigent circumstances.

Once the team has concluded its investigation, the team will issue a recommendation to the Vice President for Student Life & Dean of Students. The Vice President for Student Life & Dean of Students reserves the right to disagree with the recommendations of the team and implement other action consistent with the Student Code of Conduct and/or in the best interest of campus safety, as appropriate. In such a case, a revised recommendation will be prepared by the team.

Some disruptive students may have emotional or mental disorders. Although such students may be considered disabled and are protected under the Rehabilitation Act (ADA), they are held to the same standards of conduct as any student.

SKATEBOARD POLICY
The University acknowledges that skateboarding is a means of transportation, as well as a sport activity, and encourages everyone to skateboard in a safe manner. The University recommends the use of the Mimosa basketball courts, the Chamberlain Student Center rear patio and the Wilson courtyard (well-lit areas during low-use hours) as the preferred sites for skateboarding activity. Use of any ramps, stairs, halls or University furniture as obstacles is strictly prohibited. Skateboarding is prohibited at Rowan Hall, Whitney Center, Savitz Hall and Winans Hall. Skateboarders are reminded that the campus has heavy pedestrian and motor vehicle traffic. Therefore, skateboarders are asked to exercise the same degree of care expected from cyclists, rollerbladers, and operators of motor vehicles. Skateboarding and rollerblading is not permitted in any University building and within thirty yards of Rowan Hall, Whitney Center, Savitz Hall, or Winans Hall.

SMOKING ON CAMPUS
New Jersey statutes state that the right of the non-smoker to breathe clean air supersedes the right of the smoker to smoke.

Glassboro Campus - Smoking of tobacco products and the use of electronic smoking devices is prohibited inside and within 50 feet of all academic, residential, service, and administrative buildings.

Stratford Campus - The Stratford campus became smoke free on July 1, 2012. Smoking is prohibited in all University owned or leased facilities and vehicles.

“Smoking” means the burning of, inhaling from, exhaling the smoke from, or the possession of a lighted cigar, cigarette, pipe or any other matter or substance which contains tobacco or any other matter that can be smoked, or the inhaling or exhaling of smoke or vapor from an electronic smoking device.

“Electronic smoking device” means an electronic device that can be used to deliver nicotine or other substances to the person inhaling from the device, including, but not limited to, an electronic cigarette, cigar, cigarillo, hookah or pipe.

STALKING POLICY
The purpose of this policy is to provide a learning atmosphere which is free of harassment or interference. The university is committed to providing an environment in which visitors to, and members of the campus community are provided with an atmosphere that enhances academic learning and considers the welfare of the community with the highest regard. Stalking behavior will not be tolerated at Rowan University. Incidents occurring on and/or off campus are subject to the University discipline process when such actions affect the learning environment or operations of the University.

Title 2C of the New Jersey Criminal Code prohibits stalking. N.J.S.A. 2C:12-10 provides as follows:

Stalking
A. As used in this act:
1. “Course of conduct” means repeatedly maintaining a visual or physical proximity to a person; directly, indirectly, or through third parties, by any action, method, device, or means, following, monitoring, observing, surveilling, threatening, or communicating to or about, a person, or interfering with a person’s property; repeatedly committing harassment against a person; or repeatedly conveying, or causing to be conveyed, verbal or written threats or threats conveyed by any other means of communication or threats implied by conduct or a combination thereof directed at or toward a person.
2. “Repeatedly” means on two or more occasions.
3. “Emotional distress” means significant mental suffering or distress.
4. “Cause a reasonable person to fear” means to cause fear which a reasonable victim, similarly situated, would have under the circumstances.

B. A person is guilty of stalking, a crime of the fourth degree, if he purposefully or knowingly engages in a course of conduct directed at a specific person that would cause a reasonable person to fear for his safety or the safety of a third person or suffer other emotional distress.

C. A person is guilty of a crime of the third degree if he commits the crime of stalking in violation of an existing court order prohibiting the behavior.

D. A person who commits a second or subsequent offense of stalking against the same victim is guilty of a crime of the third degree.

E. A person is guilty of a crime of the third degree if he commits the crime of stalking while serving a term of imprisonment or while on parole or probation as the result of a conviction for any indictable offense under the laws of this State, any other state or the United States.

F. This act shall not apply to conduct which occurs during organized group picketing.

Reporting Procedures
The University will take protective measures and reasonable steps to remedy the discriminatory effects on the victim(s) and others. Policy
All University faculty, staff, administrators, counseling center employees, student health employees, and members of Public Safety, who come into contact with students enrolled at Rowan University, that present with significant risk to the health and safety of themselves or others will be referred to the appropriate entity for evaluation and/or treatment, management, or containment to ensure the safety of the individual and other students, staff, and faculty on campus.

Procedure
1) Any staff person who becomes aware of a student that has expressed or is engaging in behavior that puts the health and safety of themselves or others at risk (ex. suicidal ideation, plan, intent behavior or homicidal ideation plan or intent, or behavior) should contact their direct supervisor immediately and report the situation.

Department of Public Safety & Emergency Management will be contacted for emergency response and/or transport of the student to the nearest emergency room or to the Department of Public Safety & Emergency Management or the Glassboro Police Department.

WITHDRAWAL OR LEAVE OF ABSENCE FROM THE UNIVERSITY
Leave of Absence
Students who are currently enrolled but do not intend to register for classes in an upcoming semester may maintain their matriculated status by applying for a leave of absence from the Vice President of Student Life & Dean of Students in Savitz Hall. A leave of absence would allow a student to maintain their matriculated status for four consecutive semesters. Students cannot apply for a leave of absence for a semester in which they are currently registered for classes. Leaves of absence can only be approved for semesters that have not yet begun. A fee of $65 will be charged to the student for this process.

If, for reasons of illness or other extenuating circumstances, the student cannot return to the campus to complete the Leave of Absence form, the student may download a copy of the Leave of Absence form from www.rowan.edu/studentlife/main_office/publications. The form may be faxed or mailed to the Office of the Vice President for Student Life & Dean of Students, Rowan University, Savitz Hall 203, Glassboro, New Jersey 08028.

It is the responsibility of the student to take this form to each office designated to complete the withdrawal procedure. If, for reasons of illness or other extenuating circumstances, the student cannot return to the campus, the student may download a withdrawal form at www.rowan.edu/studentlife/main_office/publications. Students may return the form by fax or mail to the Vice President of Student Life & Dean of Students, Rowan University, Glassboro, New Jersey 08028.

Students who fail to follow the withdrawal process will be assigned a grade of F or NR, depending on the faculty member’s ability to assign a grade for the semester. Students may request an Incomplete from a professor. Students who withdraw completely from the

F. Disciplinary Procedures

Each campus will establish its student disciplinary procedures.

- Disciplinary procedures for Rowan University School of Osteopathic Medicine are found in the Student Rights, Responsibilities and Disciplinary Procedures section of the Education Handbook. Please consult the Rowan University School of Osteopathic Medicine website (http://www.rowan.edu/som/education/student_affairs/).

- Disciplinary procedures for Cooper Medical School of Rowan University are found in the Honor Code and Professional Conduct sections of the [Cooper Medical School of Rowan University] Student Handbook. Please consult the Cooper Medical School of Rowan University website (http://www.rowan.edu/coopermed/students/student_affairs/).

1. Filing a Complaint

Complaints against students/organizations may be made by any student, employee, or guest of the University who feels the Student Code of Conduct has been violated. A complaint must be made in writing to the Office of Community Standards, (Chamberlain Student Center, Suite 210) within a reasonable amount of time after the occurrence. (This will normally be construed to mean within 30 calendar days, unless unusual circumstances exist or it is an alleged crime that the University must report under the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.)

The complaint should include as much detail concerning the alleged violation as possible and include the specific reference to the part of the Student Code of Conduct the complainant feels has been violated. Perceived criminal activity should be reported immediately to Public Safety, which will submit its report of a student violation to the Office of Community Standards. Whenever a complaint provides evidence that the continued presence of the accused student on the campus may pose a substantial threat to herself/himself,
The following guidelines will be used to determine if a Student Organization/Group/Team would be charged with a violation of the Student Code of Conduct:

- When one or more officers/authorized representatives/captains acting in the scope of their capacities committed the violation.
- When one or more members committed the violation after the action that constitutes the violation was approved by a vote of the organization/group/team or was part of a committee assignment of the organization/group/team.
- When the violation was committed at an activity funded by the organization/group/team.
- When the violation occurred as a result of an event sponsored by the organization/group/team.
- When one or more members of an organization/group/team or its officers/authorized representatives/captains permitted, encouraged, aided, or assisted in committing a violation.
- When a reasonable person would construe the violation as being associated with the organization/group/team.

2. Adjudication of Complaints
The Assistant Vice President for Civic Involvement or designee will review the complaint and determine whether it should be adjudicated by the student discipline system, and, if so, the appropriate adjudicator will be determined. For any disciplinary action for which sanctions may be imposed, the accused student/organization will have his/her case heard before one of the following adjudicators:

- **Administrative Hearing Officer** - If the alleged violation is one for which the student/organization could not be suspended or expelled from the University, the complaint will be heard by an Administrative Hearing Officer.
- **Campus Hearing Board** - If the alleged violation is one for which the student/organization could likely be suspended or expelled from the University, the complaint will be heard by the Campus Hearing Board. (refer to Sections F6 and F7 for additional information concerning the Campus Hearing Board)
- **Special Interim Hearing Board** - If the Campus Hearing Board cannot meet, a Special Interim Hearing Board will be appointed by the Office of Community Standards and Commuter Services to expedite adjudication of student disciplinary cases under the following conditions:
  a. An interim suspension has been issued (see section I), or
  b. The case must be adjudicated when the Campus Hearing Board cannot convene (for example, final exam week, vacation periods, or summer school, etc.)

**Please Note:** Given the sensitive nature and the unique legal issues related to cases involving sexual misconduct and sexual harassment complaints, campus disciplinary procedures have been modified to address complaints of sexual misconduct and sexual harassment. Refer to the Student Sexual Misconduct and Harassment policy for specific information.

3. Notification
When it is determined that a complaint will be adjudicated by the student disciplinary system, the accused student/organization will be notified of the alleged violation in writing (the “Hearing Notice”) via the Rowan email system. The Hearing notice will state what portion of the Student Code of Conduct was allegedly violated and describe the behavior believed to constitute a violation. The student will be notified of the hearing date in the Hearing Notice. The student will receive notice of a hearing at least three (3) business days prior to an Administrative Hearing and five (5) business days prior to a hearing before the Campus Hearing Board or Special Interim Hearing Board. If the accused student/organization fails to attend the hearing, except when there is a justifiable reason (serious illness or hospitalization, death of member of immediate family, serious physical emergency, arrest or incarceration, or unavoidable transportation delay), the hearing will proceed and a finding will be reached based upon the available information. Failure of the accused student/organization to appear will not be considered to be an admission of responsibility. The student will be notified of the option to request an “open” public hearing. Please Note: A request would only be granted if there is unanimous consent from all participants in the disciplinary case. The number of members of the public permitted to attend the hearing will be based on the reasonable seating space in the meeting room. No changes to the hearing date, time or location will be made in order to accommodate attendance by the public. All participants have the right to select an advisor of his or her choosing, including an attorney. Advisors may have no other role in the hearing/case and are not permitted to speak on behalf of the student, ask questions, or appear in lieu of the student/organization. A student who wishes to have an attorney as an advisor must inform the Office of Community Standards in writing, by telephone, or electronic mail at least one business day prior to a hearing. If a complainant or accused student/organization informs the University that an attorney will be present at the hearing, the University will decide if legal counsel for the University should also be present. A hearing will not be cancelled or postponed in the event an Advisor does not attend. If the Advisor is not able to attend, the accused student or complainant should arrange for a substitute. Both the accused student/organization and the complainant have the right to bring witnesses to provide information at the hearing. Witnesses must have personal knowledge of the incident at issue and may serve no other role at the hearing/case. Witnesses may be present at the hearing only at the time they are called to participate. A hearing will not be cancelled or postponed if a scheduled witness does not attend. Written statements of witnesses not in attendance due to extraordinary circumstances may be considered by Hearing Officer or the Campus Hearing Board.
Character witnesses are considered irrelevant and will not be permitted to participate. A list of witnesses must be submitted to the Office of Community Standards at least one business day prior to the hearing. The list should include each witness’ name and a summary of the information s/he is expected to provide.

4. Administrative Agreement/Hearing Waiver
The accused student/organization and complainant will also be informed if the disciplinary complaint can be resolved by completing an Administrative Agreement/Hearing Waiver. An Administrative Agreement/Hearing Waiver would be completed only when there is acknowledgement of responsibility on the part of the accused student/organization, and agreement, by all parties including the complainant, that the sanction(s) imposed are reasonable and fair. The sanction will reflect the severity of the current charge(s) against the student/organization, as well as any previous disciplinary record. All participants will also waive the rights to have the complaint adjudicated at a disciplinary hearing and appeal. Should the accused student/organization not accept responsibility for the charges, nor accept the proposed sanction, then appearance at the disciplinary hearing is required.

5. Administrative Hearing Officer Procedures
a. A student/organization may challenge the assignment of a specific hearing officer to his/her case for good cause. This challenge must be presented in writing to the Office of Community Standards at least one business day prior to the scheduled date and time of the hearing. Upon reviewing the details of the challenge, the Assistant Vice President for Civic Involvement will either uphold the challenge and appoint an alternate hearing officer and arrange a new hearing or deny the challenge.
b. A hearing officer will withdraw from adjudicating any case in which s/he cannot reach a fair and objective decision.
c. The hearing officer will exercise control over the manner in which the hearing is conducted to avoid unnecessarily lengthy hearings and to prevent the harassment or intimidation of witnesses. This includes, but is not limited to, imposing reasonable limits on the number of factual witnesses that may participate. Technical legal rules of evidence, the wording of questions, hearsay and opinions will not be formally applied. Anyone who disrupts a hearing or who fails to adhere to hearing procedures may be excluded from the proceeding.
d. The hearing officer will review all materials, hear all information pertinent to the case from the complainant, the accused student/organization and witnesses, consult with other hearing officers who are assigned to hearings within the same disciplinary case, clarify issues raised, render a decision based on the information presented, and take all actions and make all determinations necessary and proper for the hearing.
e. A hearing officer’s decision will be based on all the information presented during the hearing process. If the student is found in violation of university rules, records within the student’s past disciplinary file and a written victim impact statement, if appropriate, will also be used in determining an appropriate sanction(s).
f. Following all hearings in the case, the hearing officer will provide the accused student with written notification of the decision reached and information regarding the University’s appeal process.
g. For cases involving a victim of “sex offenses” or “crimes of violence,” the hearing officer will also provide the victim with written notification of the decision reached and information regarding the University’s appeal process.

6. Campus Hearing Board Structure
The Campus Hearing Board is chaired by a non-voting Administrative Hearing Officer, who is normally an employee of the Student Life Division and most likely the Assistant Vice President for Civic Involvement. For cases involving students participating in dual activities at another college (i.e. Rowan Choice program), the Campus Hearing Board will be co-chaired by the Director of Student Affairs at Rowan College at Gloucester County. The Campus Hearing Board is composed of nine regular members and a pool of alternates.

- Three members who are matriculated undergraduate or graduate students and in good standing with the University. Student members are selected through an application and selection process conducted by the Office of Community Standards. Information on membership requirements and the application is available on the Office of Community Standards website.
- Three members of the University Senate who are appointed by the University Senate President.
- Three members of the professional staff who are appointed by the Vice President for Student Life & Dean of Students or designee.
- The Campus Hearing Board may be convened by a quorum of any five members. For complaints that are adjudicated by a Special Interim Hearing Board any three members of the Campus Hearing Board must be present.

7. Campus Hearing Board Procedures
a. Any student appearing before the Campus Hearing Board may challenge the assignment of any member of the Board to his/her case. Upon hearing the details of the challenge, the Chair will either uphold or deny the challenge.
b. A Campus Hearing Board member will withdraw from adjudicating any case in which s/he cannot reach a fair and objective decision.
c. There will be an audio recording of the hearing (excluding Board deliberations and voting) for the purpose of providing assistance to the Campus Hearing Board or Appeals Board in their deliberations and to the Vice President for Student Life & Dean of Students or
The University disciplinary system is not a criminal or civil law process and the technical legal rules of evidence, the wording of questions, hearsay and opinions applicable in criminal and civil cases will not apply. University disciplinary hearings will accord the following specific rights to all students/organizations:

a. To receive written notice of the charges.
b. To have reasonable access to the case file prior to and during any hearing, provided that all reviews, prior to the hearing, take place in the Office of Community Standards. Any alternate arrangements for the case file review may be made at the discretion of the Office of Community Standards.
c. To have access to advice by an individual of his or her choosing, including an attorney.
d. The burden of proof rests upon the complainant, who must establish that the accused student/organization is responsible for the conduct violation “more likely than not” based on the weight of the credible information presented.

e. The accused student/organization and the complainant will be given the opportunity to participate in the hearing, present information on their own behalf, call witnesses and question those who provide information at their hearing. This does not include the right to ask questions directly.
f. Disciplinary hearings will be closed to all members of the campus and outside community except those directly involved with the case. A participant in the case does have an option to request an “open” public hearing. Please Note: A request would only be granted if there is unanimous consent from all participants in the disciplinary case. The number of members of the public permitted to attend the hearing will be based on the reasonable seating space in the meeting room. No changes to the hearing date, time or location will be made in order to accommodate attendance by the public.
g. The accused student/organization will receive written notification of the decision reached after all hearings, connected to the complaint, are conducted. The notification will also include a list of any sanctions imposed and appeal information.
h. The accused student/organization will have the right to waive any of these rights.
i. Victims may submit written statements to the Office of Community Standards and Commuter Services detailing the effect the violation has had upon them and their ability to function as students. This statement will be considered when determining an appropriate sanction and only if the accused student is found “in violation.”
j. Victims of “sex offenses” or “crimes of violence” will receive written notification of the decision reached. The notification will also include a list of any sanctions imposed and appeal information.

**G. Sanctions**

Hearing Officers, Campus Hearing Board, or Special Interim Hearing Board may impose a single or multiple sanctions for violations of the Student Code of Conduct. Factors to be considered in deciding sanctions will include: present demeanor and past disciplinary record of the student, penalties resulting from a corresponding court case, the nature of the violation, and severity of any damage, injury, or harm resulting from it as perceived by the victim, and/or appropriate University officials. **There will be no refund of**
tution/fees if expulsion, suspension or withdrawal from courses and/or University housing is affected because of violations of the Student Code of Conduct. Sanctions, which may be imposed upon any student found to have violated the Student Code of Conduct, include the following:

1. **Official Warning**: A written statement indicating a violation of the Student Code of Conduct has occurred and warning that a subsequent violation will likely be treated more severely.

2. **Educational Task**: Completion of task(s) which benefit the individual, campus, or community.

3. **Monetary Fine**: The student is required to pay a fine that has been placed onto their student account.

4. **Suspension of Activity Privileges**: The student cannot be a member of a recognized student organization, participate in organizations’ regularly scheduled activities, serve as a representative of the University, or participate in intramural, club, or intercollegiate sports. Notification of this sanction/status will be sent to appropriate University officials so they will know who may not participate in activities sponsored by their offices.

5. **Disciplinary Probation**: A defined period of time (minimum of one semester) indicating that a student is no longer in good social standing with the university. Any subsequent violation, while in this status, will likely result in suspension or expulsion from the university.

6. **Suspension of Residence Privileges**: The student’s privilege to live in University-owned housing, and visit the residence areas of the campus, is suspended on a temporary or permanent basis. **The student is not entitled to any refund of campus housing and/or meal plan fees.**

7. **Suspension**: Beginning on the date the suspension takes effect, the student may no longer be a registered student, may not attend classes, nor receive grades for a specified period of time. In addition, while in this status, the student may not be present on the campus nor at a University-sponsored event for any reason whatsoever. The suspension will be noted on the student’s academic transcript. **The student is not entitled to any refund of any tuition/fees.**

8. **Expulsion**: Beginning on the date the expulsion takes effect, the student may never again be a registered student, may never attend classes, nor receive grades. In addition, the student may never be present on the campus nor at a University-sponsored event for any reason whatsoever. The expulsion will be noted on the student’s academic transcript. **The student is not entitled to any refund of any tuition/fees.**

9. **Other sanctions**: Other sanctions may be imposed in addition to, or instead of, those described in #1 through #8 above. For example, costs associated with educational programs or damage repair fees may be charged or students may have use of University facilities, campus driving, or parking privileges limited or revoked. Students who are found responsible for Student Code of Conduct violations which involve alcohol/drug (ab)use, may be required to attend educational programs intended to inform them about alcohol/drug use and abuse.

- The Office of Community Standards may notify parents/guardians of students less than 21 years of age when a student is found responsible for a violation of the Alcohol and Other Drugs Policy.

- Rowan Public Safety may notify parents/legal guardians when citations have been issued by law enforcement officials, without waiting for a hearing or any other due process since citations given by the law enforcement unit of a university are not covered by FERPA.

- Bias motivated offenses may result in more severe sanctions. Such offenses are defined as any offense wherein the accused student(s) intentionally selects the alleged victim because of the victim’s actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical, or sensory disability, or by any other distinguishing characteristic, or any other class protected under the New Jersey Law Against Discrimination, N.J.S.A. 10:5-1 et. seq.

- Any sanction may be put on hold or “stayed” (i.e. not put into effect) for a predetermined period of time by the Vice President for Student Life & Dean of Students or his/her designee. The original sanction(s) may be re-imposed immediately upon a further finding responsibility in a subsequent campus disciplinary hearing at any level.

- Sanctions for group or organization misconduct may include suspension, revocation or denial of recognition, partial or total de-funding, or the imposition of other appropriate sanctions.

- A student who fails to complete the terms of a campus disciplinary sanction by the given deadline will be charged with noncompliance under the Student Code of Conduct, will have an administrative “Hold” placed on their account, and may have his/her re-registration for a subsequent semester postponed or terminated until all terms of the sanction have been completed.

- Under the Family Educational Rights and Privacy Act (FERPA), violators of provisions of the Student Code of Conduct pertaining to certain acts of violence and/or sexual offenses may have their names and disciplinary findings publicly revealed.

- Students should be aware that conviction in criminal court for certain controlled substance offenses including drug possession and/or sale may have them declared ineligible for Federal financial aid for a period of time. See the Financial Aid Office for details.

**Violation Levels**

Violations of the Student Code of Conduct are generally grouped into three levels based upon their magnitude or seriousness. Multiple violations or the severity of a single violation may increase the given sanction. Some acts of misconduct may fall within two or more standards of the Student Code of Conduct. In such cases, the University has the right to impose all of the sanctions available for all of the violations.

- **Level One violations** are generally a breach of the Student Code of Conduct which adversely affect a smaller community.

• Level Two violations generally are breaches of the Student Code of Conduct which are more serious and adversely affect the Rowan community at-large (including repeated Level One violations).

• Level Three violations generally are breaches of the Student Code of Conduct which include threatening statements and/or behavior and unwanted contact that may compromise the health and safety of the Rowan University community at large or individuals, specifically (including repeated Level Two violations).

Application of Standard Sanctions
Standard sanctions have been adopted by Rowan University to respond to disciplinary violations. Of particular concern are substance abuse-related violations, off-campus conduct violations, as well as weapon and violence violations of the Student Code of Conduct. Rowan University is deeply concerned about the extent to which some students engage in underage consumption of alcohol, unlawful use of drugs, and/or consumption of alcohol or other drugs to a degree that renders them in need of emergency medical intervention or other extraordinary assistance. In addition, Rowan University seeks to deter students from engaging in conduct that poses risks to the safety and well-being of the individual student and/or the University and Glassboro community as a whole. Standard sanctions are intended to alert students and other members of the University community to the seriousness of alcohol-related and drug-related behaviors, violence, and safety violations; provide meaningful consequences for violations of the Student Code of Conduct; and, ensure that students are provided opportunities to access education, counseling, and support. Standard sanctions apply only to those offenses described below. Standard sanctions listed below apply to misconduct that occurs both on-campus and off-campus, at the discretion of the Vice President for Student Life & Dean of Students or designee. Incidents falling within the Student Code of Conduct but not described below will be handled on a case-by-case basis in light of all the circumstances.

Please Note: Students found responsible for multiple violations will receive the cumulative sanctions associated with each violation. (Example - A student who is found responsible in a single incident for the first violations of creating loud noise, supplying alcohol to underage persons and selling alcohol should expect to receive a sanction which includes a fine of $800, Completion of Alcohol and Other Drugs Education Program, Mandatory participation in the Community Responsibility Program, Disciplinary Probation and Notification of Parent/Guardian). Additional factors to be considered in determining sanctions will be the following, which students should expect to result in sanctions in excess of those described above:

- where a student is found responsible for multiple violations of the Student Code of Conduct in a single incident that also involves violations not described in the Standard Sanctions above;
- where a student is already on a sanction status equal to or greater than the standard sanction for a subsequent offense; and/or
- where a specific incident presents exacerbating circumstances, an ongoing risk to persons or property, or other serious concerns.

In these situations, the appropriate sanctions will be determined on a case-by-case basis in light of all the circumstances. The Hearing Officer, the Campus Hearing Board or the appropriate Appeal Officer/Board will consider the presence of substantial mitigating or other appropriate circumstances when determining a sanction.

H. Appeals

1. Upon receiving notification of the outcome of a case, the accused student, victim (in cases of “sex offenses” or “crimes of violence) or the Vice President for Student Life & Dean of Students or designee (in Campus Hearing Board cases) may file an appeal under the following circumstances:
   a. The specified procedural error(s) or error(s) in the interpretation of University regulations is so substantial as to effectively deny the participant a fair hearing.
   b. New and significant information has become available which could not have been discovered by a properly diligent person before or during the hearing. The outcome of a criminal or civil proceeding, related to the matter, will not constitute new and significant information.
   c. The sanction is inappropriate in light of the violation.
   d. The facts of the case were insufficient to establish that a violation occurred.
2. All appeals must be made within five (5) business days of the date on the letter informing the parties of the decision. Appeals must be submitted in writing to the Office of Community Standards and should explain in detail the basis of the request, including any supporting documentation.
3. Upon receipt of the written appeal, the Assistant Vice President for Civic Involvement may defer the imposition of the sanction(s) pending the decision on the appeal. Note: Interim Suspension as well as any other prior restrictions will remain in effect during the appeal process.
4. Cases adjudicated by the Campus Hearing Board will be forwarded to the Campus Appeals Board. All other cases will be forwarded to the Vice President for Student Life & Dean of Students or designee.
5. An appeal will be responded to in a timely manner and a final decision will be issued in writing either accepting or denying the appeal.
6. The Assistant Vice President for Civic Involvement or designee is responsible for compiling the appeal documentation for review, scheduling the appeal review meeting as well as sending all correspondence to the parties involved. The Assistant Vice President for Civic Involvement or designee will have no other role during the appeal review meeting.
7. The Campus Appeals Board:
   a. The Board is comprised of a member of the University’s Administration (appointed by the Office of the President), President of the University Senate, and the President of the Student Government Association. Designees may be used in any of the positions. Each member or designee must be in attendance for a quorum.
   b. The Board will review the written appeal and all documentation contained in the case file in a closed meeting. The Board by a simple majority vote will deny or uphold the appeal. If an appeal is upheld based on procedural error or new information (reasons a or b above), the case will be remanded to the Campus Hearing Board for re-opening of the hearing. If an appeal is upheld based on inappropriate sanction or insufficient facts (reasons c or d above), the Board will render the appropriate determination and/or sanction.
   c. Normally, all Campus Appeals Board decisions are final and will be forwarded to the Office of Community Standards for immediate implementation. For cases involving an expulsion of a student or permanent loss of recognition for a student organization, the accused student or organization, the victim (in cases of “sex offenses” or “crimes of violence), or the Vice President for Student Life & Dean of Students or designee may request that the Executive Vice President of the University review the decision of the Appeals Board.
   d. A request for review by the Executive Vice President of the University must be made within two (2) business days of the date on the letter informing the parties of the Campus Appeals Board decision. The request must be submitted in writing to the Office of Community Standards and must include clear and convincing reasons to change the decision of the Campus Appeals Board. The Executive Vice President of the University may or may not elect to review a decision. The request for review will be responded to in a timely manner.
   e. If the Executive Vice President elects to review the determination, the Executive Vice President shall only overturn the decision if the facts presented demonstrate that the Appeals Board’s determination was arbitrary and capricious. This means that the decision will be overturned only if the decision was invalid because it was made on unreasonable grounds or without consideration of the circumstances.
8. When it is not possible for the Campus Appeals Board to meet in a timely fashion (for example, final exam week, vacation periods, summer school, etc.), an appeal from the Campus Hearing Board may be reviewed by the Vice President for Student Life & Dean of Students for final disposition.
9. The appeals process described will be the final step in the discipline process and constitutes final agency action.

I. Procedures for Interim Suspension from Campus, Residence Areas and University related activities

1. A student may be suspended from the campus as a whole, from residence areas or from University related activities for an interim period pending a disciplinary hearing; the interim suspension is effective immediately without prior notice whenever there is evidence that the continued presence of the student on the campus may pose a substantial threat to others in the University or to the stability and/or continuance of normal University functions.
2. The Vice President for Student Life & Dean of Students or designee is generally authorized to impose Interim Suspensions.
3. If a student wishes to return to classes and/or residence on campus, he or she is required to make an appointment to meet with a designated administrator within five (5) business days from the effective date of suspension. The purpose of this Interim Suspension appointment is to determine the following:
   a. The reliability of the information concerning the student’s conduct, including the matter of his/her identity.
   b. Whether the conduct and surrounding circumstances reasonably indicate that the continued presence of the student on the campus or at University activities likely poses a substantial threat to others or to the stability and/or continuance of normal University functions.
4. A disciplinary hearing will be scheduled at another time to hear the substantive issues involved. This follows the Interim Suspension appointment with the designated administrator and employs the procedures outlined earlier. An Interim Suspension, in and of itself, does not become part of a student’s disciplinary record.

J. Conduct Code Violations' Effect upon Graduation

A student found responsible for violations of the Code, which could have led to expulsion or suspension had s/he remained a registered student at the University and who has otherwise satisfied the University’s published requirements for graduation, may have the awarding of his/her degree postponed to a future date or permanently withheld. A student whose graduation is postponed or permanently withheld may also be refused a copy of his/her official transcript and cannot have it sent to others during the period of his/her sanction. In cases where graduation is delayed due to pending charges, cases normally will be adjudicated within as short a period of time as is practicable.
K. Release of Disciplinary Record Information
In accordance with current guidelines established in the Family Educational Rights and Privacy Act (FERPA) and implemented by Rowan University, the record of most disciplinary proceeding’s findings is not open to the public without the consent of the individual student. The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, the N.J. Sexual Assault Victim’s Bill of Rights, and/or 34 CFR 668.47(a)(12) (vi) and the Violence Against Women Act of 1994 (42 U.S.C 13925 (a)) does permit the disclosure of campus discipline system findings to victims of “sex offenses” (including non-forceable ones) or “crimes of violence.” In addition, FERPA permits, once all appeals are exhausted, the final results of campus disciplinary hearings for crimes of violence and forcible and non-forcible sex offenses to be publicly disclosed, including the name of the accused held responsible and the nature of the offense. Parents or guardians may be notified for cases involving crimes of violence and forcible and non-forcible sex offenses and in certain cases involving violations of campus drug or alcohol regulations, when the student is a dependent (as defined in Section 152 of the Internal Revenue Code of 1986) or when the Vice President for Student Life & Dean of Students or designee deems the matter to have been a health or safety emergency. Complainants in other kinds of cases will be notified about case adjudication and sanctions imposed if, in the Vice President for Student Life & Dean of Students’ or designee’s opinion, such disclosure is necessary to protect the safety of the complainant or of other members of the University community. If FERPA or other pertinent regulations change, the complainant and the accused student will be notified before a hearing is held. The Office of the Registrar’s Notice to Students Regarding Provisions of the Family Educational Rights and Privacy Act of 1974 can be accessed at www.rowan.edu/provost/registrar/ferpa.html

L. Record Keeping
The Office of Community Standards will maintain student disciplinary files, which contain all necessary and appropriate correspondence, Hearing Officer, Campus Hearing Board, and appeal decisions as well as other documentation pertinent to any cases for which a student was found responsible for a violation of the Student Code of Conduct. Records of cases that are designated as “pending” will also be maintained. Student disciplinary files will be maintained as follows:
1. Disciplinary records will be maintained for a period of seven years after the last year of the student’s attendance at the University.
2. The University reserves the right to retain any disciplinary records for longer periods.

M. Timelines
All times set in the Student Code of Conduct may be extended by the University, for good cause. Reasonable extensions will be determined by the Vice President for Student Life & Dean of Students or designee.

N. Interpretation and Revision
Any question of interpretation regarding the Student Code of Conduct will be referred to the Vice President for Student Life & Dean of Students or designee for final determination. The Code may be periodically reviewed and amended as necessary under the direction of the Vice President for Student Life & Dean of Students or designee.
ALCOHOL AND OTHER DRUGS POLICY GUIDE

Rowan University is committed to the pursuit of a quality education by providing an environment which promotes respect, safety, and optimal health and well-being to all members of the campus community. This includes students, faculty, staff, administration, alumni, and Rowan University guests. Alcohol and illicit drug use can pose many safety and health risks. Such use may result in impaired judgment and coordination, physical and psychological dependence, damage to vital organs, inability to learn and retain information, psychosis and severe anxiety, unwanted or unprotected sex, injury, and death. In light of this, the Rowan University Alcohol and Other Drugs Policy prohibits all use of illegal drugs and only permits the consumption of alcoholic beverages in a manner that is responsible and adheres to restrictions imposed by law and University standards of conduct. Rowan University does not accept misuse of illicit drugs or alcoholic beverages as an excuse for violations of any University policies. Emphasis is placed on responsible and legal use of alcohol. Responsible drinking is the use of alcohol in ways that do not have negative effects on either the individual or the community and do not violate the law. The preparation, sale, service, and consumption of alcoholic beverages must comply with the limitations established by University policies, local ordinances, state laws, and federal laws.

Behavior at off-campus events, which are not sponsored or funded by Rowan University or a University recognized organization, will be subject to the University discipline system if the conduct violates local, state, or federal law or when the University determines that the conduct has a direct impact on the educational mission and interests of the University and/or the safety and welfare of the University community.

This statement serves as notice that violations may result in disciplinary sanctions as specified below under sections I.E. - “Consequences for Non-Compliance” and I.F. - “Parental Notification for Student Violations of the Alcohol and Other Drugs Policy.”

I. Rowan University Regulations

In compliance with the Drug Free Schools and Campuses Act and the Drug-free Workplace Act, Rowan University prohibits the unlawful possession, use, or distribution of alcohol and illicit drugs on campus or as part of any of its sponsored events.

In addition to the legal requirements from the New Jersey Statute, Title 2C, the following University regulations must be observed whenever alcoholic beverages are served, sold, or consumed in approved facilities on campus, in University-owned or operated residential facilities, or at university sponsored events.

The Office of the Vice President for Student Life & Dean of Students has been charged with overall responsibility to administer, support, and enforce the Alcohol and Other Drugs Policy. This office also reserves the right to suspend alcohol privileges temporarily when it is in the best interest of the University community. Additional personnel involved in the administration, support, and/or enforcement of the policy include, but are not limited to, Greek Affairs, Community Standards and Commuter Services, Athletics, Student Life, Residential Learning and University Housing, Public Safety, Dining Services, Faculty, Staff, Human Resources, and Counseling and Psychological Services. The Vice President for Student Life & Dean of Students may convene an ad hoc board to review policy details of process and educational approach.

A. Illegal Drugs

1. The intent of, actual distribution of, sale of or manufacturing of drugs, narcotics, barbiturates, hallucinogens, marijuana, steroids, amphetamines, or any other controlled substance is prohibited.

2. The possession or use of controlled dangerous substances, marijuana, steroids, or narcotics, including, but not limited to: opium (morphine, codeine, heroin), prescription drugs in possession of someone other than the prescribed individual, misuse of prescribed drugs, and every other substance not chemically distinguishable from them (i.e. imitation products, such as bath salts and/or K2) as well as any drug paraphernalia, on campus or in any University-related premises is prohibited.

B. Alcohol at Campus Events

1. Rowan University students, faculty, staff, guests, and facilities users, who are 21 years and older, may only possess, purchase, and consume alcoholic beverages at locations which are licensed to sell alcohol or where consuming it is legal and authorized.

2. The University and/or management of the facility in use have the right to request identification and proof of age from all persons seeking admission to an event on campus at which alcohol will be served.

3. Intoxication is prohibited, regardless of age. Behavioral symptoms frequently associated with intoxication will be considered in determining intoxication. These symptoms may include, but are not limited to, the following: impaired motor skill coordination, difficulty communicating, vomiting, glazed/red eyes, the smell of alcohol on one’s breath, verbal and/or physical aggressiveness, destructive and/or disruptive behavior, and engaging in any behavior which may endanger oneself or others.

There will be no publicity distributed or posted indicating the availability of alcoholic beverages, except to indicate legal age requirements for admission.
6. Non-alcoholic beverages must also be served whenever alcohol is served/sold, and must be displayed as openly as the alcohol. Food must be served in adequate amounts when alcoholic beverages are served or sold.
7. Alcohol is strictly prohibited in athletic facilities, at athletic events and at any “tailgating”.
8. No event will include any kind of a “drinking contest” or “drinking game,” or feature any inducements to consume excessive amounts of alcohol.
9. For a listing of consequences for noncompliance, please refer to Sections I.E. – “Consequences for Non-Compliance” and I.F. – “Parental Notification for Student Violations of the Alcohol and Other Drugs Policy”

C. Alcohol in University Housing (Living Units)

1. Alcohol is not permitted within undergraduate living units serving first-year students (Chestnut, Evergreen, Magnolia, Mimosa, Mullica, or Willow halls- excluding graduate and professional staff living units). These areas are designated “dry” living units. No one, regardless of age, is permitted to possess, consume or be in the presence of alcohol in these areas.
2. All other living areas (Laurel, Oak, Edgewood Park, Rowan Blvd., Triad, Townhouses, Whitney Center or any temporary University housing such as a hotel) in which any assigned resident is under the age of twenty-one is a designated “dry” living unit. No one, regardless of age, is permitted to possess, consume or be in the presence of alcohol in these areas. It is the responsibility of each resident to know if alcohol is permitted within their living unit.
3. Alcohol is permitted only in living units in which all assigned residents are of legal drinking age. These are considered “wet” living units. It is the responsibility of each resident to know if alcohol is permitted within their living unit.
4. Presence in any living unit (room, apartment or townhouse) where an alcohol policy violation is taking place, even if not actually in possession of or consuming alcoholic beverages may result in disciplinary action.
5. Residents holding a gathering in their living unit where an alcohol violation is taking place will be considered the hosts. Hosts may be held responsible for injury or damage occurring to any person or property in which the consumption of alcohol was a contributing factor. Hosts will be subject to disciplinary action and may receive harsher sanctions.
6. At the time of an alcohol violation, all alcohol and containers will be confiscated and properly disposed of regardless of the age of the occupant(s) or the designation of the living unit as “wet” or “dry.”
7. Kegs, beer balls, and multi-quart containers of alcohol are prohibited in all living units at all times.
8. Possession of grain alcohol is prohibited at all times.
9. Students of legal drinking age may transport an alcoholic beverage as long as it is in its original closed container.
10. Consumption of any form of alcohol in an open container, including but not limited to cups, cans, plastic containers, or bottles, is prohibited outside a student’s living unit and/or any outside campus area.
11. Games or activities that encourage excessive drinking of alcohol (e.g. beer pong, flip cup, beer funnels, etc.) or the serving of alcohol that leads to the endangerment of an individual’s well-being or property damage will not be tolerated.
12. Consumption of alcohol to the point of intoxication, regardless of age, is prohibited. Behavioral symptoms frequently associated with intoxication will be considered in determining intoxication. These symptoms may include, but are not limited to, the following: impaired motor skill coordination, difficulty communicating, vomiting, glazed/red eyes, the smell of alcohol on one’s breath, verbal and/or physical aggressiveness, destructive and/or disruptive behavior, and engaging in any behavior which may endanger oneself or others. A person in this condition may be asked to leave the campus. If the person is a student, the student’s family or emergency contact may be called to assist. Other guests may have a taxi called (at the intoxicated person’s expense) to take them to their permanent residence.
13. Alcoholic beverage containers and paraphernalia, including but not limited to empty cans and bottles, are not permitted as room decorations in any living unit.

For a listing of consequences for noncompliance, please refer to Sections I.E. – “Consequences for Non-Compliance” and I.F. – “Parental Notification for Student Violations of the Alcohol and Other Drugs Policy”

To help students understand what is and what is not permitted under the Alcohol in University Housing regulations, the following interpretation is included:

Persons under the age of twenty-one MAY NOT:
• Be in possession of or in the presence of alcohol in any living unit.
- Permit persons to bring in or consume alcohol in their living unit.
- Carry opened or unopened alcoholic beverage containers any place on campus.
- Provide alcohol to any persons on campus.
- Possess alcohol displays made up of empty alcoholic beverage containers.

Persons twenty-one and older MAY NOT:
- Consume alcohol outside of a living unit (lobby, hallways, stairwells, grounds, etc.).
- Possess/Consume alcohol in a “dry” living unit. Note: It is the responsibility of each student to know whether a living unit is “wet” or “dry.”
- Permit underage persons to possess or be in the presence of alcohol in their living unit.
- Provide alcohol to others under the age of twenty-one.
- Charge in any way for alcohol consumption by others.
- Possess kegs, beer balls, or paraphernalia that promotes excessive consumption of alcohol.
- Possess alcohol displays made up of empty alcoholic beverage containers.

Persons twenty-one and older MAY:
- Possess/Consume alcohol in their living unit if it is designated “wet” and all those present are of legal drinking age.
- Consume alcohol in another living unit if it is designated “wet” and all those present are of legal drinking age.
- Transport unopened alcoholic beverages within University housing areas that are packaged and out of plain view.
- Provide alcohol in their living unit to others of legal drinking age.

Please note: Persons who are present, within University housing, where alcohol is being consumed by those over or under the legal drinking age will be presumed to have been drinking or in possession of alcohol if Public Safety, RAs, RDs, or other University officials are called to the scene. This is because it is not possible to distinguish who is actually consuming or possessing alcohol on an individual basis where a number of persons are present.

D. Off-Campus Events
University-affiliated events are covered by this policy, even though they may take place off campus. A University affiliated event is defined as an off-campus gathering of members of the Rowan University community (and/or their guests) which is sponsored or funded in whole or in part by Rowan University. Private off-campus events which are not sponsored or funded by Rowan University will also be subject to the University discipline system if the conduct violates local, state, or federal law, or when the University determines that the conduct has a direct impact on the educational mission and interests of the University and/or the safety and welfare of the University community.

1. Sponsors, coaches, and/or organization advisers are expected to ensure that their respective student organizations/groups take reasonable precautions in their activities in order that policies and laws governing alcohol/illegitimate drugs are not violated and that the welfare of their members is not endangered. The Vice President for Student Life & Dean of Students in conjunction with the sponsors, advisers, or coaches may designate an event as non-alcoholic and/or determine the conditions under which the consumption of alcohol may be permitted by students of legal drinking age. Therefore, a sponsor, adviser, or coach may prohibit the service, possession, or consumption of alcohol by any person, regardless of age, at University-affiliated or University-funded activities (e.g., retreats, conferences, intercollegiate athletic events, etc.). Sponsors, advisers, or coaches will inform the student organizations of their decision(s) regarding the nature of the event prior to the scheduled date of the activity.

2. The University expects that the existing state, local, or premises regulations which prohibit illegal drugs or regulate the service, sale, possession, or consumption of alcohol will be supported and enforced at University-sponsored events.

3. Under New Jersey Statute, it is unlawful for any operator or passenger in a motor vehicle to possess an open container of an alcoholic beverage, regardless of age. In addition, the University prohibits the service, sale, or consumption of alcoholic beverages while in transit in any motor vehicle, to or from any University-affiliated event. This applies to all students, faculty, staff, alumni, and their guests, regardless of legal drinking age.

4. Alcoholic beverages will not be permitted at intercollegiate athletic events.

For a listing of consequences for noncompliance, please refer to Sections I.E. - “Consequences for Non-Compliance” and II.F. - "Parental Notification for Student Violations of the Alcohol and Other Drugs Policy”

E. Consequences for Non-Compliance
The University is concerned that individuals make responsible decisions regarding the use of legal and illegal substances. All members of the campus community found in violation of the Rowan University Alcohol and Other Drugs Policy will be subject to disciplinary action.
1. A student found violating the Alcohol and Other Drugs Policy will be considered to have violated the Student Code of Conduct and be subject to sanctions commensurate with the offense consistent with local, State, and Federal law, up to and including expulsion from the university, as well as the possibility of revocation of the privilege to consume alcohol on campus and/or to attend University affiliated events at which alcohol will be served or consumed. Referrals to educational programs sponsored by the Counseling & Psychological Services Center may be required.

2. Organizational sanctions for violations of the Alcohol and Other Drugs Policy by campus groups may include written reprimand, restriction or loss of privileges, and loss of official recognition. In addition, the campus group may be mandated to participate in educational programs. Individual members of the group may also be individually sanctioned for their involvement in the violations pursuant to this section.

3. Violations of the University Alcohol and Other Drugs Policy by a University employee will be referred to the individual’s supervisor for the appropriate administrative action consistent with the state regulations and applicable agreements between the state and employee bargaining units. An employee may be disciplined for violation of this policy consistent with local, State, and Federal law up to and including termination of employment and referral for prosecution.

4. Violations of the University Alcohol and Other Drugs Policy by persons who are not members of the University community may result in their being banned from the Rowan University campus or from specific facilities and/or subject to arrest for trespass. Contractors are subject to all University rules and regulations.

5. Any violation which occurs while an event is in progress may subject the violator to immediate removal from the area.

6. When violations or other circumstances occur at events which, in the judgment of University officials, constitute a threat to life or property or which create a substantial risk thereof, the event may be terminated. It is expected that such authority will be exercised only in extraordinary and/or emergency circumstances.

7. This policy does not supersede statutory or administrative law at the federal, state, county, or municipal level. Strict compliance with such laws will be the responsibility of all organizations and individuals. Violators of the law may be subject to penalties imposed by a court or other empowered board, agency, or commission, in addition to any action taken by Rowan University.

F. Parental Notification for Student Violations of the Alcohol and Other Drugs Policy
Rowan University’s Alcohol and Other Drugs Policy outlines the University’s position regarding the unauthorized possession, use, or distribution of alcohol and controlled substances on campus. A 1998 amendment to The Family Education Rights and Privacy Act of 1974 authorizes higher education institutions to inform a parent or guardian of any student under age 21, who has been found in violation of any federal, state, or local law or any rule or policy of the institution governing the use or possession of alcohol or controlled substances. Any violation which occurs while an event is in progress may subject the violator to immediate removal from the area.

II. Summary of Applicable State and Local Laws Regarding Alcohol Offenses and Penalties
As of January 1, 1983 New Jersey state law prohibited the sale, possession, or consumption of alcohol by individuals under 21 years of age. Rowan University is a public institution governed by Federal, State, and local laws, and by University policies and procedures. The University complies with municipal and other law enforcement authorities in enforcing these laws as stated below:

III. Summary of Applicable State and Federal Laws Regarding Drug Offenses and Penalties

N.J.S.A. 2C:35-3, Leader of Narcotics Trafficking Network, provides penalties for a person found to have acted as an organizer, supervisor, manager or financier of a scheme distributing any Schedule I or II drug.

N.J.S.A. 2C:35-4, Maintaining or Operating a Controlled Dangerous Substance (CDS) Production Facility, provides that such conduct is a first degree crime punishable by imprisonment and fines.

N.J.S.A. 2C:35-5, Manufacturing, Distributing, or Dispensing, provides that such conduct results in imprisonment and fines.

N.J.S.A. 2C:35-6, Using a Juvenile in a Drug Distribution Scheme, provides that such conduct is a second degree crime punishable by imprisonment and fines.

N.J.S.A. 2C:35-7, Drug-Free School Zones, provides that any person who distributes, dispenses, or possesses with intent to distribute a controlled dangerous substance within 1,000 feet of school property is guilty of a crime of the third degree.

N.J.S.A. 2C:35-8, Distribution to Persons Under Eighteen or Pregnant Females, provides that such conduct carries a penalty of imprisonment and fines.
Federal Drug Offenses
The criminal offenses most commonly charged under the Federal Controlled Substances Act are the knowing, intentional and unauthorized manufacture, distribution or dispensing of any controlled substance or the possession of any controlled substance with the intent to manufacture, distribute, or dispense. Federal law also prohibits the knowing, intentional and unauthorized creation, distribution, dispensing, or possession with the intent to distribute or dispense a “counterfeit substance.” Simple possession without necessarily intent to distribute is also forbidden by Federal law and carries a penalty of imprisonment. Attempts and/or conspiracies to distribute or possess with intent to distribute a controlled substance are crimes under Federal law. Specific drug crimes that may carry greater penalties include the following:

- The distribution of narcotics to persons under 21;
- The distribution or manufacturing of narcotics near schools and colleges;
- The employment of juveniles under the age of 18 in drug trafficking operations;
- The distribution of controlled substances to pregnant women. The penalties for violating Federal narcotics statutes vary. The penalties may be more severe based upon two principal factors:
- The type of drug involved; and
- The quantity of the drug involved. With the exception of simple possession charges which result in up to one year imprisonment, maximum penalties for narcotic violations range from 20 years to life in prison. Certain violations carry mandatory minimum prison sentences of either five years or ten years. Harsher penalties will be imposed if a firearm is used in the commission of a drug offense. If a drug offense results in death or serious bodily injury to an individual who uses the drug involved, the penalties are harsher. Anabolic steroids are controlled substances and distribution or possession with intent to distribute carries a sentence of up to five years and a $250,000 fine.

IV. Education and Prevention
Rowan University acknowledges the importance of communicating information concerning alcohol and other drugs, and the effects and consequences of illegal use, misuse, and abuse.

1. The Wellness Center at Winans provides specialized programs for students, faculty and staff, on issues related to alcohol, tobacco, and other drug use, misuse, and abuse. Aftercare and programs for recovering students are also provided on campus. The Wellness Center at Winans offers books, pamphlets, videos, and other pertinent information regarding alcohol, tobacco, and other drug issues for use by the campus community. The office also serves as a confidential referral location for drug and alcohol assessment and evaluation.

2. Human Resources offers direction to any Rowan employee who may have questions and/or concerns related to alcohol and other drug use, misuse, and abuse. The Wellness Center at Winans offers help and information to directors and supervisors of departments in identifying an employee in need of assistance.

V. Distribution of Alcohol and Other Drugs Policy
A notification regarding the availability of this policy will be distributed, via the Rowan email system, annually to each employee and student who is taking one or more classes for any type of academic credit except for continuing education units, regardless of the length of the student’s program of study.
VI. Review of Policy and Alcohol and Drugs Education Program
Rowan University will conduct a biennial review of this policy and Alcohol and Other Drug Education programs to determine the ir effectiveness and implement changes to the policy if they are needed and to ensure that the disciplinary sanctions are consistently enforced. A committee of faculty, staff, and students will review the policy and programs in consultation with Student Life and the Office of Human Resources.

VII. Drug-Free Workplace Act
The Governor of the State of New Jersey issued on March 14, 1989, Executive Order 204, in compliance with federal law. This order, the Drug-Free Workplace Act, is a condition of continued employment by all public employees, including Rowan University employees. This policy prohibits the unlawful possession, use, distribution, dispensation, sale, or manufacture of controlled substances on University premises. Violation of this policy may result in the imposition of employment discipline up to and including termination as defined for specific employee categories by existing college policies, statutes, rules, regulations, employment contracts, and labor agreements. In addition to campus rules, faculty and staff must obey applicable Federal, State, and local laws concerning drugs and alcohol and are subject to criminal and civil penalties. The University cooperates with municipal and other law enforcement authorities in enforcing these laws.

VIII. Executive Order No. 204
WHEREAS, the problem of drug abuse is adversely affecting the lives and safety of our citizens; and
WHEREAS, the abuse of drugs in the workplace, among other things, reduces job efficiency, increases absenteeism and sick leave, and, most importantly, jeopardizes the lives and safety of fellow employees and citizens; and
WHEREAS, the State of New Jersey has a vital interest in promoting a safe and drug-free workplace and in ensuring our citizens that public safety employees do not threaten life and limb due to the abuse of drugs; and
WHEREAS, the Federal Drug-Free Workplace Act of 1988, Public Law 100-690, Title V, Subtitle D, conditions receipt of Federal grant funds upon the grantee’s agreement to provide a drug free workplace; and
WHEREAS, the Federal Drug-Free Workplace Act requires a grantee to prohibit the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance, to specify actions that may be taken against employees who violate the prohibition, to establish a drug free awareness program for employees, to require employees and employers to give notice of any conviction for a drug offense committed in the workplace; and
WHEREAS, the citizens of the State greatly benefit from the State government’s participation in federally funded programs;

NOW, THEREFORE, I, THOMAS H. KEAN, Governor of the State of New Jersey, by virtue of the authority vested in me by the Constitution and by the Statutes of this State, do hereby ORDER and DIRECT:
1. The following “Policy for a Drug-Free Workplace in New Jersey State Government” shall apply to all principal executive departments in New Jersey State Government, the Office of the Governor, and all agencies that are in, but not of, principal executive departments. This policy establishes minimum standards for the imposition of discipline and for participation in drug abuse treatment programs in the limited context of convictions for drug offenses committed in the workplace. Nothing in this Policy precludes the application of other more comprehensive or more stringent provisions governing drug offenses committed by State employees. In fact, the Cabinet Task Force on Drug Testing in the Workplace, which was created in Executive Order No. 191, will formulate a more comprehensive State policy regarding drug abuse and the workplace in the near future.
2. The State of New Jersey is committed to maintaining a drug-free workplace for all State employees in order to protect the health and safety of State employees and the public.
3. The unlawful manufacture, distribution, dispensation, possession, or use of a drug in the workplace is prohibited.
4. In addition to any other applicable civil or criminal penalty, any employee convicted of illegal manufacture, distribution, dispensation, possession, or use of a drug in the workplace shall be subject to the following consequences:
   a. The State Forfeiture of Public Office Statute (N.J.S.A. 2C:51-2) requires forfeiture of public office or employment upon conviction of a crime of the third degree or higher. All convictions of crimes of the third degree or higher listed in the Comprehensive Drug Enforcement Act of 1987, and all convictions for equivalent Federal and out-of-state drug offenses, require forfeiture of public office or employment.
   b. The Forfeiture of Public Office Statute also requires forfeiture of public office or employment upon conviction for an offense involving dishonesty or upon conviction for an offense involving or touching upon the convicted person’s public employment irrespective of the degree of the offense. Consequently, convictions for any drug offense occurring in the workplace (including fourth degree, disorderly persons, and petty disorderly persons offenses) which are determined to involve or touch upon the office or employment of an individual may result in the statutory forfeiture of public office or employment.
   c. In the case of a drug conviction for an offense occurring in the workplace that does not result in statutory forfeiture of public office or employment, disciplinary action shall be taken. The extent of disciplinary action shall be determined by the appointing authority. In addition, in the case of any disciplinary action other than removal, an employee shall be required to satisfactorily participate in a program for the treatment of drug abuse approved by

Schedule I drugs are available for research only and have no approved medical use; Schedule II drugs are available only by prescription (un-refillable) and require a form for ordering. Schedule III and IV drugs are available by prescription, may have five refills in 6 months, and may be ordered orally. Most Schedule V drugs are available over the counter. Taking drugs by injection can increase the risk of infection through needle contamination with staphylococci, HIV, hepatitis, and other organisms.

Live-In Staff
Each hall and apartment complex is managed by a team of live-in Residential Learning Coordinators (RLCs) and Resident Directors (RDs). Resident Assistants (RA) are assigned areas of responsibility within each building or complex and serve as the immediate liaison between students, and the Office of Residential Learning & University Housing.

All members of the staff complete training programs designed to equip them to explain campus policies, support students' personal and interpersonal growth, facilitate group/community development, and effectively refer students to campus resources. It is highly recommended that all students know the staff in their residence hall or apartment complex. They are there to serve the residents and respond to their needs 24 hours a day, 7 days a week.

Modifications to Policy
The University reserves the right to make changes in materials contained herein at any time with reasonable notice. For the purposes of policies described in this document (excluding the terms and conditions of the housing contract), 48 hours will be considered reasonable although more or less time may be dictated by circumstances. Updates and additional information may be sent to your campus mailbox, sent as an email to your Rowan email address, posted on residence area bulletin boards or residence hall or apartment doors, and/or available on our website at http://rowan.edu/rluh.

Rowan University Mandatory Housing Policy
Full time matriculated undergraduates enrolled at the Glassboro campus under age 21 with fewer than 58 credits are required to live in University housing, unless they will be commuting from a parent or guardian’s home within 40 miles of the Rowan campus. Students who plan to commute must file for commuter status by submitting a notarized Statement of Student Residence form.

Students who violate the on-campus residence requirements will be required to move into a residence hall and pay full room rent for the semester in which the violation occurs. Students who refuse to move onto the campus will be suspended from the University.

Students who wish to commute from the residence of their parents or legal guardians must live within a 40-mile radius of the institution and furnish a notarized statement of student residence confirming this.

Discrimination
Rowan University does not discriminate in its housing assignments based on race, color, religion, sex, gender identity, sexual orientation disability, familial status, or national or ethnic origin. Complaints of discrimination or unequal treatment should be referred to the Director of Residential Learning and University Housing or Vice President for Student Life and Dean of Students.

Disability Related Accommodations
Students who need housing accommodations configured to meet their needs related to any medical condition or disability should contact Mr. John Woodruff, Director of the Academic Success Center at 856-256-4234. Students are required to submit appropriate supporting documentation for their request and will be provided reasonable accommodations in accordance with applicable law.
Gender Neutral Housing Accommodations
Residential Learning and University Housing supports the commitment of Rowan University to accommodate students who identify as lesbian, gay, bisexual, or transgender. We believe it is crucial that all of our students know they have an opportunity to request accommodations that meet their needs.

Rowan University houses students and assigns roommates based on a student’s biological sex. Students who prefer an alternative housing accommodation should contact Travis Douglas, Assistant Vice President for Residential Learning & Inclusion Programs to discuss their needs and to determine what accommodations can be made. Please note that housing options may be limited due to space availability.

Application Deadline and Waitlisted Students
The application deadline for continuing residents falls in February of each academic year and will be advertised as part of the room selection lottery process. Assignments are made throughout the spring and summer and students are notified as soon as possible when an assignment is made. Students who are placed on a waitlist will be assigned once space is available according to a priority established based on a combination of date of application and deposit as well as commuting distance to the university.

Returning Student Placements - Room Selection Policies and Procedures
Students requesting to live on campus after their freshman year participate in a lottery-based room selection process. On-campus housing is not guaranteed to juniors or seniors because demand for housing may exceed the available space. Students not successful during the lottery will be placed on a waiting list and assigned as space becomes available.

Housing Facilities
Rowan University houses students in eight residence halls and five apartment complexes. These facilities range in size from a capacity of 53 to 883 beds. All residential buildings are smoke free. Basic furnishings in each room may include a twin size bed or loft bed, desk, desk chair, a wardrobe or built-in closet and a chest of drawers.

There are no linens furnished in the rooms. Residents need to bring sheets, pillow, pillowcases, bedspreads, blankets and towels. There are no overhead lights in several residence hall rooms and apartments, therefore residents will need to bring a non-halogen lamp. Oak, Laurel, Triad, Townhouses, Willow and Edgewood Park Apartments have limited lighting.

Freshman Housing - "First Year Living Experience"
Currently, Chestnut, Evergreen, Laurel, Magnolia, Mimosa, Mullica Oak, and Willow Hall are designated as freshman buildings and will receive special programming geared towards the first year experience. Staff in these buildings are trained to meet the unique needs of freshmen. All first-year freshmen are assigned once they complete an application and submit a housing deposit.
- Chestnut Hall houses up to 384 students. The building has three floors that are arranged in separate suites, each accommodating five to sixteen students. Each suite shares a common bathroom and lounge.
- Evergreen Hall houses up to 206 students. Each floor consists of suites which are divided by two rooms joined by a bathroom. All suites are designated same gender. Laundry facilities are located on each floor. In certain years Evergreen also houses upperclassmen based on demand for student housing.
- Mullica Hall houses up to 104 students on three floors. Each floor consists of suites which are divided by two rooms joined by a bathroom. All suites are designated same gender. Laundry facilities are located on every floor.

- Magnolia Hall houses up to 201 students. The building has three floors that are arranged in separate suites, each accommodating five to sixteen students. Each suite shares a common bathroom and lounge. This building contains laundry facilities.
- Oak and Laurel Halls house up to 111 students. The buildings were originally constructed in the late 1920’s but were completely renovated in the late 90s. They are arranged in suite style. Each suite shares a common bathroom. The buildings contain laundry facilities and a large study area.
- Willow Hall houses up to 203 students. The building has three floors that are arranged in separate suites, each accommodating five to sixteen students. Each suite shares a common bathroom and lounge. Students use the laundry facilities within the Student Center.

Apartment Complexes
- Edgewood Park Apartments consists of four buildings which have 24 apartments each and houses up to 380 total residents. Four students live in each apartment which contains two bedrooms, a living room, dining room, kitchen, and bathroom. The apartments are furnished and air-conditioned.
- The Rowan Boulevard apartment complex is situated at the corner of Route 322 and Main Street. The seven buildings (four-stories each), house up to 883 students in four-bedroom (single occupancy) apartments that include two bathrooms, a kitchen, a
When the residential facilities are officially closed during vacation periods, access will be strictly prohibited.

- **Winter Break Hall Closing**
  All residence halls except for Mimosa Hall close for the winter break. All students are required to leave the building and take home any valuables they may have. Students are not required to move all of their belongings out during the winter break if they are returning to the same room for the spring semester. All outside locks are changed in order to provide security for the building during the closure. Mimosa Hall residents and apartment complex residents are permitted to remain in their housing assignment during the break if they submit a winter break housing application by the application deadline.

  - Except for approved winter break housing residents, all residence halls and apartment complexes will be closing for winter break. Students residing in Edgewood Park Apartments, Mimosa, Triad, Townhouses and the Whitney center will be required to turn in their room key at the end of the final exam period. Failure to turn in a room key will result in a lock change fee or a winter recess residence fee as deemed appropriate by the Office of Residential Learning and University Housing.
  - Students who elect to stay over winter break must live in an apartment complex or approved residence hall. Contact Residential Learning & University Housing for more details.
  - Winter athletes and international students who need to be here during the break must live in one of the apartment complexes or an approved residence hall.

The SGA or residential student government may authorize organizations conducting non-partisan voter registration drives to enter student housing for door-to-door contact with residents.

- **Quiet Hours**
The right of residents to sleep and to study without interference from other individuals is a primary right. All residence hall and apartments residents are responsible for noise they and/or their guests create while in the residential facility. Quiet hours are in effect Sunday through Thursday from 10 p.m. to 8 a.m and Friday and Saturday from 12 a.m. to 10 a.m., however, residents are expected to be considerate of other residents at all times. Twenty-four hour quiet hours are enforced in all areas during final exam periods.

The use of amplified instruments is prohibited in University Housing. Students are however permitted to store musical equipment, including amplifiers in their assigned housing space.

- **Soliciting**
No soliciting of any type is permitted within or in the areas immediately adjacent to any university housing facility.

The right of residents to live in a safe and secure environment is a fundamental right. Whether in halls or apartment complexes, students are required to report suspicious behavior and any safety concerns to the appropriate campus authorities immediately.

- **Restricted Appliances Policy**
Refrigerators and cooking appliances (including microwaves, coffee makes, toasters, etc.) are not permitted in university residences which do not have kitchen facilities. In these areas, only approved refrigerator units provided by the university’s vendor are permitted. Hot beverage machines that use an internal heating element (such as Keurig) are permitted. Hot plates and coffee pots that rest on hot plates are prohibited.

- **Common Area Kitchens**
Evergreen, Mimosa, and Mullica Halls have a small kitchen adjoining the student lounge. The kitchen includes a stove and a refrigerator. The purpose of the kitchen is for staff programming needs. They will be available daily from 8:00 p.m. until midnight and shall remain locked during all other times. These kitchens are not intended to be used as a substitute for meal plans or used on a daily basis by residents. Users are expected to keep the kitchen in a clean and orderly fashion. Failure to do so will result in suspension of privileges for a period of time.
Residents returning from winter must check-in with their building staff and complete the appropriate documentation. Students returning to Edgewood Park Apartments, Mimosa, Triad, and Townhouses will be reissued their room key during check-in with their building staff provided their housing bills have been paid in full for the upcoming semester.

Checking Into an Assignment
Upon checking into a room or an apartment, residents will be given a copy of a completed Room Condition Report (RCR). These reports are filled out before the student arrives to campus by the Resident Assistant or the Resident Director. If the resident discovers something in the housing assignment that was not documented on the original report, the resident will have 24 hours to make any changes to the report after they check in and return it to the RA or the RD. Failure to do so will result in the resident accepting responsibility for the condition of the room or apartment as it is documented on the RCR. In certain situations (i.e. early arrivals, emergency room changes) the RCR may have to be done as soon as possible after a student moves in to their assignment, but generally, the reports will already be completed by the building staff before the resident arrives.

The purpose of the RCR is to document any damage, missing items, or other imperfections that may exist in the room or apartment on the date the room or apartment is occupied by a resident. These official reports will be used at the time the resident checks out of the housing assignment when the building staff assesses the condition of the room or apartment again. At the time of check out, the students assigned to that housing assignment will be held financially responsible for damages or missing items not listed on the RCR at the time of check in.

The residents agree to maintain the apartment or residence hall room and return it to the University at the termination of the housing contract in its original condition. The Office of Residential Learning and University Housing reserves the right to re-inspect the housing assignment after checkout to reassess any charges.

Checking Out of Your Assignment
Residents must check-out through the Resident Director or Resident Assistant. A proper check-out consists of returning all keys, and signing all check-out forms. Failure to properly check-out will result in an improper check-out charge of $75.00. Failure to return all keys will result in a lock change charge based on the actual cost of labor and materials needed to change necessary locks; The University reserves the right, with or without notice, to dispose of any personal property that remains in a student’s space after check-out. Students may be assessed fees associated with the cost of removal of any property left behind.

Room Vacancy Policy
A. Any student living in a residence hall or apartment with a vacancy shall:
   1. Occupy only one bed. Beds may not be pushed together and should not be used for guest accommodations or any other reason.
      The bed may be covered, in order to be made more attractive.
   2. Leave one dresser, desk, or wardrobe closet empty for future residents.
   3. Leave all furniture pieces and parts within the room.
   4. Welcome all prospective roommates in a non-threatening manner.
   5. Ensure that the vacant space is clean and inviting to potential occupants.
B. Violation of this policy will result in disciplinary action.
C. Residential Learning & University Housing may assign new residents to any available vacant bed space at any time. Reasonable efforts will be made to notify current residents of new assignments.

Fire Code Regulations/Violations
Fire and safety regulations strictly prohibit the use or storage of explosives, fireworks, live Christmas trees, holiday string lights, flammable liquids, firearms, ammunition, combustible materials, engines, paint thinner and oil lamps within residential facilities. Extension cords without a surge protector, halogen lamps, candles, appliances with exposed heating elements (except in kitchens), incense, and gas grills are considered dangerous and are prohibited. Surge protectors cannot be plugged into each other. Fire code regulations restrict the placement of any items, including furniture, within 18 inches of any sprinkler head. Sprinkler heads should never be used for hanging items (i.e. clothes hangers, streamers, etc.). Doors provide protection from the spread of fire and smoke and must not be propped open when no person is present in the room or when people are sleeping. When leaving a room during a fire alarm, residents are expected to close doors if it is safe to do so.

Inspections are conducted throughout the year by the Office of Residential Learning and University Housing and the Fire Marshall of the State of N.J. Students found with any prohibited items during any official inspection will have those items confiscated and may be subject to disciplinary action. Students who are cited for any violation by the Fire Marshal for the State of N.J. will also be held accountable through the university discipline process. The State of N.J. may also impose a separate fine from the University for any Violations. Strict compliance with all fire safety regulations is expected.
Fire Alarms, Fire Drills and Residential Safety
Each residential complex has a scheduled fire drill each semester supervised by University staff. Residents are required to evacuate the building immediately each time the fire alarm system sounds, 24 hours a day, 7 days a week. Disciplinary action will be taken if a student does not evacuate the building during an alarm.

The misuse of fire alarms, fire detection devices or fire extinguishers constitutes a serious offense. Any resident who misuses such equipment or devices will be subject to prosecution and disciplinary action. Residents are responsible for any damage to the system they cause and will be held financially accountable. The use of fire doors for non-emergency entry or exit is a violation and will result in disciplinary action.

Locks and Keys
Residents will be issued a key to their room or apartment upon arrival. It is the responsibility of the student to be in possession of their room key at all times and to keep their room/apt secured. If a room or apartment key is lost, misplaced, or stolen, locks will be changed at the student's expense. Lock change request forms are located at the Office of Residential Learning & University Housing. Lock change requests submitted after 9 a.m. will not take place until the next business day. Residential Learning & University Housing keys are the property of the State of New Jersey and it is illegal to duplicate them. The resident signature upon the key receipt at the time of issue is an agreement not to alter the apartment or residence hall locks, to create additional keys, transfer keys to someone else, and/or to install additional locks. Passing keys along to other students is a breach of security.

Loaner Keys
Residents may request a loaner key for a short period of time if they are locked out or have left their key at home. Loaner keys must be returned by the designated time. Failure to return loaner keys by the designated time will result in a lock change at the resident's expense.

Room Decorations
Students may decorate the interior spaces of their assigned rooms and shared spaces in living rooms in consultation and with the mutual agreement of roommates.

The University does not endorse or approve any means of hanging or posting flyers or other items on walls. Nails, screws and double sided tape are specifically prohibited due to the damage caused their use. Due to the potential for damage to paint and drywall, students who post or hang flyers or other items on walls do so at their own risk. Students will be billed for the cost to repair any damage done as a result of items posted or hung on walls.

No posters, signs or ornamentations of any kind may be displayed through windows. No items may be hung from or otherwise affixed to any of the building structures or equipment such as blinds, pipes, wiring, light fixtures, ledges, stairways, ceilings, sprinkler systems, etc. Dartboards are not permitted in any housing facility.

Posting Policy in Housing Facilities
University housing facilities are not public areas of the campus. Postings are limited to those approved and posted by staff. Only postings directly related to University programs or services, or postings sponsored by officially affiliated organizations are permitted.

Organizations wishing to have flyers or materials posted in housing facilities must submit an original copy to the Residential Learning and University Housing in Savitz hall to be approved and stamped. Copies of the stamped item may then be made and returned for posting by staff. All postings must include the name of the sponsoring organization or office and a the date of the program, or removal date for the poster/flyer.

Resident students may only terminate their meal plan contract upon approved cancellation/termination of the residence hall contract or withdrawal from the university. All other students may cancel at any time. However, meal plan cancellations are prorated, on a weekly basis, through the first two weeks only (similar to tuition and fees). Thereafter, there will be no refund of the meal plan fee.

Dining service is provided in several locations in the Student Center and throughout campus. All serving areas are open in accordance with the university calendar. Dining services are limited or unavailable on official University holidays such as Thanksgiving, or during Winter break and Spring break.

Period of Residence

1. Schedule: University will furnish Student with an assigned bed space within a University housing facility during the academic year according to the following schedule.

   **FALL**

   - Opening of Residences for All Other Residents - Sunday, August 30, 2015
   - Closing for Winter Break - Friday, December 18, 2015

   - Closure of Residences (except graduating Seniors and other approved students) - Monday, May 9, 2016
   - Closure of Residences - Seniors (and other approved students) - Friday, May 13, 2016

2. Winter Break:
   a. The period between fall and winter semesters—winter break—is not a regular period of residence and is not covered by the normal fees paid for university housing under this contract. Students are required to check out and return their keys prior to leaving for the winter break, and check in upon their return for the spring semester.
   b. Students who wish to remain in residence during the winter break period beyond the closing date indicated must submit an application for winter break housing and pay any separate fees for this period of residence that may be required. Winter break housing is limited to apartments and designated residence hall.

3. Failure to Take Occupancy:

   b. If Student fails to take possession the University may, at its discretion, terminate the contract, or continue the contract as well as charge the Student according the payment terms of the contract. Student shall be liable for payment of room and board fees until the university has waived such liability in writing.

Assignment and Use of Space

2. University maintains the right to assign or reassign Student to any university residence space that is available and to initiate adjustments to the room rate based on the actual room assigned. Students may be reassigned with reasonable notice, with or without Student’s permission, to any available bed space when the University, at its sole discretion, determines that reassignment is necessary to accommodate new applicants, complete necessary maintenance or repairs, resolve roommate conflicts, or for any other legitimate purpose associated with the effective management of University housing.

3. University maintains the right to reassign Student without prior notice, to an on- or off-campus residential location in the event of an actual or impending natural disaster, or other condition involving the health and/or safety and well-being of Student, which would reasonably justify such relocation.

4. If student has a medical or disability related need for special accommodations related to the housing assignment, Student will provide supporting documentation to University for review and determination of the most appropriate assignment to meet Student’s needs. University will provide accommodations consistent with applicable law. Deadlines for submission of documentation shall be published during application periods, and it is understood that Student’s failure to provide documentation by published deadlines may limit the ability of the University to provide accommodations.

Unauthorized room changes may result in Student being required to return to the original assignment, denied the opportunity to participate in any other room change, and/or termination of the housing contract. Violation of this policy may result in student disciplinary action and/or denial of future housing.
8. Assigned space is for residential purposes only and may not be used in any manner other than as a personal residence. Activities of a business or commercial nature are not permitted on University property. Student shall not pursue any business in their room/apartment, or on the premises.
