Rowan Email Access and Forwarding
If you have registered as a Rowan University student in the last three semesters…i.e Summer 2003, Fall 2003 or Spring 2004, you have automatically been given a Rowan email address which consists of the first four letters of your last name and the last four numbers of your Social Security number, followed by @students.rowan.edu. This is the address which will be used to notify you of summer registration news and course status changes. Such an address would appear in this manner…… "smit1234@students.rowan.edu". If you have a Rowan email address you can do the following:

1. You can reach your Rowan address from another computer address by visiting the Campus Portal at: http://cp.rowan.edu

2. You can arrange to have your Rowan email forwarded to another computer address by following the instructions provided @:
http://www.rowan.edu/ir/supportdesk/students/webmail/help/forward.htm

If you do not have a Rowan email address, you can check out www.rowan.edu/summer for links to lists by academic colleges of canceled courses. (Keep in mind that course cancellations are ongoing and continually updated)

Course Cancellation Information
This year we are attempting to reach as many of our summer students as possible regarding summer course cancellations. Though summer courses are canceled on a continual basis, we will attempt to notify students as soon as possible by posting canceled course listings by college which are now linked to www.rowan.edu/summer/cancellations

In addition we will attempt to email students by individual course if a course is canceled. However, notices will be sent only to students who have attended classes at Rowan in the last three semesters. Students who are registering for the first time at Rowan this summer or have not attended classes for four semesters or more will not receive emails.
