

ROWAN UNIVERSITY

B.A. LIBERAL STUDIES: HUMANITIES/SOCIAL SCIENCE

APPLIED SPANISH PROGRAM SEQUENCE A

The B.A. in Liberal Studies: Humanities/Social Science is designed to offer students the opportunity to specialize in multiple areas of study in the humanities and social sciences. The ability to combine diverse areas of interest is highly desired by traditional as well as non-traditional students to enrich their lives and prepare for productive and rewarding careers. In place of one concentrated major, courses are to be completed in two program areas by choosing one Program Sequence A and one Program Sequence B **OR** two Program A Sequences.

The “Applied Spanish Language Program Sequence A” provides students with a general background for future professional studies and advanced degrees in Spanish. Students who complete the Applied Spanish Sequence may work in a wide variety of fields, including social, administrative and governmental work, as well as in international business.

To declare the sequence, contact the Program Advisor, Cindy Finer (finer@rowan.edu; 856-256-4599). In order to satisfy the sequence requirements, students must take 18 credits. All courses must be passed with a letter grade of “C-” or better and no courses may be taken Pass/No Credit (P/NC).

Upon declaring the Applied Spanish Program Sequence, **all students are required to take the STAMP 4S Spanish Placement Exam for initial course placement.** Students may earn Free Elective credits for any courses skipped via the Spanish Placement Exam through the Authorization for Credit by Examination process. A \$75 Processing Fee plus \$10 per credit must be paid to the Registrar’s Office. Contact the Spanish Placement Coordinator, Esther Mas, for more details (mas@rowan.edu).
